The
KALDRON

Allegheny College
Meadville, Pa.

1924

VOL. XXXVI
TO FRANK ASBURY ARTER, LL.D.
OF THE CLASS OF 1864
ILLUSTRIOUS SON OF ALLEGHENY
A VALUED CITIZEN OF OHIO
EXEMPLARY CHURCHMAN AND PHILANTHROPIST
FOR MORE THAN A THIRD OF A CENTURY
A TRUSTEE OF THIS COLLEGE
AND ONE OF ITS MOST GENEROUS BENEFACORS
THIS ISSUE OF THE KALDRON
IS AFFECTIONATELY DEDICATED
Foreword

This, the thirty-sixth volume of the Kaldron, is presented to you with the hope that in the years to come it will recall memories of the time spent at Allegheny and will perpetuate the spirit instilled in you during those undergraduate days.

In this book we have endeavored to portray accurately, thoroughly and truthfully the events of the past year. If we have accomplished this objective and have, at the same time, pleased you, we are satisfied.

Contents

I. The College

III. Athletics
IV. Activities
V. Organizations
VI. Features
Aima Mater Beatissima

Fair Allegheny, yonder on the Hill,
Through all the years, our hearts are turning still
In love to thee, and so they ever will
©, Aima Mater, Beatissima.

Warm rests the sun, so soft, on wall and vine;
No air in all the world can equal thine.
Again we flame our torches at thy shrine,
©, Aima Mater, Beatissima.

Nail, Allegheny, fair thy name shall be
As light sent forth at morn o'er land and sea,
Our truest and our best we pledge to thee,
©, Aima Mater, Beatissima.

—JOHN D. HAMMOND '66.
President's Message

The Kaldron is one of the most valuable student enterprises of Allegheny College. Its publication requires of its staff sustained effort, artistic taste, literary and business skill. The Kaldron of 1924 will be a satisfying souvenir of the year for all members of the College and will also bear witness to the steady, intensive development of the College. The efforts, begun in 1921 to provide ample funds to meet the necessities of the College, have begun to bear fruit. The physical equipment has been enlarged and improved. Increased appropriations have been made to the library and laboratories and the staff of instruction has been increased.

The ten-year plan of development adopted by the trustees last June has begun to be realized already. Funds have been secured for the erection of Arter Memorial Hall. Subscriptions, now in hand for the freshman hall of residence, indicate that this building will be realized in due time.

The atmosphere of academic earnestness at the College is gratifying. A creditable number of the graduates are going on to postgraduate study. The athletic achievements of the year are very satisfying to the undergraduates and alumni.

Holding firmly to the best traditions and practices which have given the College such a fine history, but moving forward steadily to increased efficiency, Allegheny keeps well abreast the foremost colleges of the Nation. Every alumnus may rightly feel that the value of his diploma increases with every passing year.

With grateful appreciation of the cooperation of the entire Allegheny constituency and with the hearty greetings of the College, now in its one hundred ninth year.

Cordially,
WILLIAM ARTHUR ELLIOTT
A.M., L.H.D.
Professor of Greek Language and Literature
A.M., Allegheny College, 1891; A.M., Allegheny College, 1892; LL.D.,Dickinson College, 1932; Student at Berlin, 1891-92; American School of Classical Studies at Athens, 1893; University of Chicago, summer session, 1895; Principal of Allegheny College Preparatory School, 1896-99; Member of the American Philological Society and the American Archaeological Society. Phi Delta Theta, Phi Beta Kappa.

CLARENCE FRISBEE ROSS
A.M., L.H.D.
Professor of Latin Language and Literature; Dean of Men and Registrar of the College
A.M., Allegheny College, 1891; A.M., 1893; Litt. D., Dickinson College, 1921; University of Berlin, 1896-97; University of Chicago, 1898-99; American School of Classical Studies at Rome, 1908-09. Professor of Greek and German, Missouri Wesleyan College, 1891-92; Principal of Allegheny College Preparatory School, 1893-95; Assistant Professor, 1895; Professor, 1900; Registrar, 1918; Dean of Men, 1919-present. Member of the American Philological Association, the American Association of Collegiate Registrars. Phi Delta Theta, Phi Beta Kappa.

CHARLES JOSEPH LING
A.M., Ph.D.
Professor of Physics and Astronomy
B.S., Cornell University, 1890; A.M., University of Denver, 1900; Ph.D., University of Denver, 1902; Instructor in Science, Carrolton, Illinois, High School, 1890; Louisiana State Normal School, 1890-92; Pueblo, Colorado, High School, 1892-94; Instructor in Physics, Manual Training High School, Denver, Colorado, High School, 1894-1906; Instructor in Astronomy and Mathematics, University of Denver, Summer Session, 1902. Member of the American Physical Society, the American Association for the Advancement of Science, the Optical Society of America. Sigma Alpha Epsilon.

OSCAR PERRY AKERS
A.M., Ph.D.
Professor of Mathematics and Surveying
A.B., University of Colorado, 1901; A.M., 1907; Ph.D., Cornell University, 1908; University of Denver, University of Chicago, University of California. Assistant Professor in Mathematics, Cornell University, 1904-05; Assistant Professor Mathematics and Surveying, Allegheny College, 1907-08. Member of the American Mathematical Society. Sigma Xi, Phi Beta Kappa, Mu Sigma Rho.

RICHARD EDWIN LEE
A.M., Sc.D.
Professor of Chemistry
B.S., Mount Union College, 1908; M.S., 1911; Graduate Student, Cornell University, 1911-13; A.M., Harvard University, 1917; Sc.D., New York University, 1917-18; A.M., Chemistry, Mount Union College, 1920-21. Fellow in the American Association for the Advancement of Science; Member of the American Chemical Society, American Public Health Association, Sigma Alpha Epsilon. Sigma Alpha Epsilon, Phi Beta Kappa, Alpha Chi Sigma.

ALICE HUNTINGTON SPALDING
Dean of Women and Instructor in Public Speaking
Cumnock School of Oratory, Northwestern University, 1897; Instructor in Public Speaking, Allegheny College, 1897; Dean of Women, 1911-present. Member of the American Association for the Advancement of Science, Phi Beta Kappa, Delta Sigma Rho, Phi Beta Phi.

CHESTER ARTHUR DARLING
A.M., Ph.D.
Professor of Biology and Geology
A.B., Albion College, 1904; A.M., Albion College, 1906; Ph.D., Columbia University, 1909; University of Chicago, University of California. Professor of Biology, Defiance College, 1904-06; Instructor in Biology, Columbia University, 1908-13; Member of the American Botanical Society, Fellow in the American Association for the Advancement of Science, American Botanical Society. Sigma Chi, Phi Beta Kappa, Delta Sigma Rho, Phi Beta Phi.

CHARLES EDWARD HAMMETT
Professor of Physical Education and Director of Athletics
Baltimore City College; New Haven Normal School of Gymnastics, 1894-95; Interim Physical Education, Howard High School, 1896-97; University School for Boys, Chicago, 1898-99; Brooklyn Polytechnic Institute, 1899-1902; Tuskegee Institute for Boys, Maryland, 1905-1912. Northwestern University, 1912-13.
FREDERICK GOODRICH HENKE
A.M., Ph.D.
Professor of Philosophy and Education
A.M., Morristown College, 1897; A.M., Northwestern University, 1907; Ph.D., University of Chicago, 1910; Professor of Philosophy and Psychology, University of Nevada, 1912; Professor of Philosophy and Education, Willamette University, 1913-14; Member of the Royal Asiatic Society, American Philosophical Society, National Education Association, Secretary of the College and University Round Table, Pennsylvania State Education Association. Alpha Chi Rho, Phi Beta Kappa, Kappa Phi Kappa. Present position, 1920.

JOHN RICHIE SCHULTZ
A.M., Ph.D.
Professor of English Literature
A.M., Butler University, 1899; A.M., Yale University, 1907; Principal, High School, Canton, Mo., 1909-10; Head of the English Department, East St. Louis High School, 1910-11; Assistant Instructor in English, Yale College, 1911-1912; Instructor in English, Yale College, 1912-1918; Member of the Modern Language Association of America; Member of the American Literary Association. Alpha Sigma Phi, Alpha Chi Rho. Present position, 1920.

HENRY WARD CHURCH
A.M., Ph.D.
Professor of Romance Languages and Literatures

CHRISTOPHER BUSH COLEMAN
B.D., Ph.D.
Professor of History and Political Science
A.M., Yale University, 1898; Ph.D., University of Chicago, 1912. Instructor in History, Butler College, Indianapolis, 1900-1904; Professor, 1904-1910. Member of the American Historical Association, Willimington Valley Historical Association, Ohio Valley Historical Association, American Society of Church History, Historical Society of Western Pennsylvania, American Association for the Advancement of Religion. Alpha Chi Rho, Kappa Phi Kappa. Present position, 1920.

LEE DUDLEY McCLEAN
A.M.
Professor of Economics and Business Administration
A.M., Culver-Stockton College, 1901; A.M., Yale University, 1904; Ph.D., Harvard University, 1911; Associate Professor of Economics, 1911-1912; Harvard University, 1912-1913; Assistant Professor, Bowdoin College, 1914-1915. Member of the American Sociological Society, American Economic Association, American Association for State Legislation. Beta Upsilon. Present position, 1920.

IRWIN ROSS BEILER
S.T.B., Ph.D.
Professor of English Bible and the Philosophy of Religion
S.T.B., Ohio Wesleyan, 1903; S.T.B., Boston University, 1911-1912; Ph.D., Boston University, 1918; Jacob Sheeran Fellow in University of Berlin, 1911-1912. Harvard University, 1918-1919; Member of the Religious Education Association, American Association of Biblical Literature, Phi Delta Kappa. Present position, 1920.

STANLEY SIMPSON SWASTLEY
S.T.B., A.M., Ph.D.
Professor of English Language

EDITH ROWLEY
A.M.
Librarian
HAROLD WRIGHT GILMER  
A.M.
Assistant Professor of Latin and German  
A.M., Monmouth College, 1911; A.M., University of Chicago, 1915; University of Wisconsin, 1910-11; University of Indiana, 1912-14; University of Pittsburgh, 1919-20; Superintendent of Schools, Harper, Ohio, 1909-10; Instructor in Latin, University of Wisconsin, 1907-08; Instructor in Language, University of Indiana, 1908-09; Professor of Classics, Upper Iowa University, 1911-12; Instructor in Latin, University of Pittsburgh, 1915-18; Honorary Member of the American Historical Association, the American Historical Association of the Atlantic States, Phi Beta Kappa.  
Present position, 1922.

ARTHUR SAMUEL EMIG  
S.T.B., A.M.  
Assistant Professor of Philosophy and Education  
A.B., University of Missouri, 1916; S.T.B., Boston University, School of Theology, 1920; University of Basel, Switzerland, 1921; University of Berlin, 1922; University of Edinburgh, Scotland.  
Member of the Philosophic and Education Club and the American Sociological Association. Beta Rho Mu, Phi Beta Kappa.  
Present position, 1923.

RANDOLPH Faries II  
A.M., Ph.D.  
Assistant Professor of English Literature  
A.B., University of Pennsylvania, 1911; A.M., 1914; Ph.D., 1922; Chestnut Hill Academy, Philadelphia; Harvard University, 1911; Columbia University, 1912-15.  
Member of the American Historical Association, the American Education Association, the American Philosophical Association, the American Sociological Association, the American Historical Association of the Atlantic States.  
Present position, 1922.

PAUL EMERSON HILL  
M.S.  
Instructor in Chemistry  
B.S., Allegheny College, 1917; M.S., 1918; Member of the American Chemical Society. Sigma Delta Eta.  
Present position, 1922.
ANTOINETTE CHEVRET
M.L.
Instructor in French
B.L., University of California; M.L., University of California; Certificat des Etudes Erancaise, University of Paris.
Instructor in French, Mills College, California.
Present position, 1919.

CLIFFORD WELD SKINNER
M.S.
Instructor in Biology
B.S., Allegheny College, 1921; M.S., Allegheny College, 1923; University of Chicago Graduate School of Science, 1921.
Alpha Chi Rho, Phi Beta Kappa, Delta Sigma Rho, Phi Beta Psi.
Present position, 1923.

HERBERT T. McCracken
B.S.
Instructor in Physical Training
B.S., University of Pittsburgh, 1921.
Director of Physical Training, University of Pittsburgh V. M. C. A., 1922; Football Coach, Allegheny College, 1921.
Delta Tau Delta.
Present position, 1921.

NAOMI LOUISE KAYHOE
A.M.
Instructor in Romance Languages
B.A., Vanderbilt University; A.M., Vanderbilt University; University of Louisville; University of Wisconsin; Middlebury French School; Peabody College for Teachers.
Professor of Romance Languages, Shurtlef College.
Member of L'Alliance Francaise. Phi Beta Kappa, Phi Sigma Iota.
Present position, 1921.

DALE E. THOMAS
B.S.
Instructor in Biology and Geology
B.S., Allegheny College, 1917.
United States Army; Principal, Genoa High School, Genoa, Ohio. Alpha Chi Rho, Phi Beta Psi.
Present position, 1923.

L. VARENE COLLINS
A.B.
Instructor in Education
A.B., Allegheny College, 1922; Columbia University.
Sigma Tau Sigma.
Present position, 1922.

WESLEY J. WAGNER
A.M.
Instructor in Mathematics
B.A., Baldwin-Wallace College, 1918; A.M., University of Illinois, 1921; Certificate in Mathematics, Baldwin-Wallace College; B.S., University of Illinois, 1921.
Instructor in Mathematics, Baldwin-Wallace College; Instructor in Mathematics, University of Illinois; Associate Professor, Purdue University.
Member of the American Mathematical Society, and the Mathematical Association of America.
Present position, 1923.

MASON MONTRAVILLE HURD
A.M.
Instructor in Economics
B.A., Gettysburg College, 1921; M.A., University of Illinois, 1923.
Instructor in Economics, University of Illinois; Sigma Chi.
Present position, 1923.
GRACE B. RAYMOND
A.M.
Instructor in Romance Languages
A.B., University of Wisconsin, 1921; Certificate from Centro de Estudios Hispanicos, Madrid, Spain, 1922; Mount Holyoke College. 1922. Member of the Modern Language Association. Present position, 1923.

HELEN ROSE ADAMS
A.M.
Instructor in English Language

HARLEY J. MORRIS
M.S.
Instructor in Chemistry
B.S., Allegheny College, 1921; M.S., 1923. Instructor, South Brownsville High School, South Humpireville, Pa. 1921-22. Member of the American Chemical Society, Sigma Alpha Epsilon. Present position, 1923.

ELIZABETH LING
A.B.
Instructor of Physical Education for Women

MARIE McCORMACK
A.B.
Assistant Librarian
The New Era Class

The class of 1924 brought a new era to Old Allegheny. A new administration welcomed us with true southern hospitality, approved our eagerness for learning, and immediately launched a campaign for a million and a quarter dollars to give us the best liberal education. Even an extensive new annex to Hulings Hall was added for our co-eds. Unfortunately our men suffered from two ancient customs hanging over from a barbarous past— wholesale haircutting by ruthless Sophomores and (wretched) rooming in old Arter House—but with purely humanitarian motives they stamped out both evils.

Consequently as Sophomores we gave the lower class more civilized hazing and yet displayed our superiority in the Poster Scrap, the field meet, and the “farewell” Washington Birthday Banquet. We supported the new athletic program willingly and enthusiastically. We studied when the occasion demanded it, but mostly got by on our irrelevant intelligence. Lightly cynical and amused we entered the various political rings under the guise of campus activities, not to mention the social circles.

During our Junior year we took our ease at compulsory vespers, but otherwise continued to take over the management of the most prominent campus affairs. As seniors our guiding powers were officially recognized and signal honors by the elevation of our president to a position on the faculty. Finally in graduating under the new system we leave a heritage of newer and better traditions for a progressive Allegheny.

The Class of 1924

OFFICERS

Chase R. Gage ........................................ President
Mary Wickham ........................................ Vice-President
Jean Bowker ........................................ Secretary
Ralph A. Clark ........................................ Treasurer
Helen Robinson ....................................... Historian
SAMUEL ASHE ALTER, A.B.
Philosophy
Parnassus, Pa.
Hove School, Hove, Ind.
Sigma Alpha Epsilon, Kappa Phi Kappa.
Class Treasurer, 2; Class President, 3; Junior Prom Committee, Swimming Team, 2. First on the dance program comes Samuel Ashe, whose Beau Brummel makes him, as one of his brethren has described "a high school girl's ideal." He has a political bent, and he will probably follow the golosh steps of his uncle, whom Sam says "ran for governor and only got attorney general."

SYLVIA MARGARET BARNES, A.B.
English
New Castle, Pa.
New Castle High School
Sigma Tau Sigma
Y. W. C. A., 2, 3, 4; Glee Club, (Asst. Mgr., 2; Leader and pianist, 4); Twentieth Century Club, J, 2, 3, (Pres., 4); History and Political Science Club, 4; St. Cecilia Club, J, 2, 3, 4; Student Volunteer Band, 1, 2, 3, 4, (Secretary, 3, 4); College Orchestra, 2, 3, M. N. S.
Sylvia is a rare combination of ability and determination. She is a friend and advisor to everyone who will come to her for aid, and she is a worthy daughter of the music. By her music she charms, and by her ability she leads. Her talents will be well expended on the mission field.

LEONORE ADELINE BERLIN, B.S.
Biology
Coudersport, Pa.
Coudersport High School
Alpha Gamma Delta, Phi Beta Phi.
Tingley Biology Club, 2, 3, 4, (Secretary, 4); Girls Glee Club, 2, 3, 4, (Mrg., 4); St. Cecilia Club, 2, 3, 4, (Pres., 4); College Choir, 3, Twentieth Century Club, 4; M. N. S.; Fire Captain, 4, Biology Laboratory Assistant, 3.
Lee has long been devoted to Hugh P. To her recent interest in Rabbit Hunting is merely an indication of a logical mind. Despite her scientific training she is frequently hit by sudden inspirations; usually she is energetic enough to work them out. While getting off her M.S. she is trying to decide whether she wants to be a doctor or lawyer's wife, but somehow her extra hours never seem to interfere with her social life.

VIRGINIA LOUISE BERRY, A.B.
Philosophy
Blairsville, Pa.
Blairsville High School
Sigma Alpha Epsilon, Kappa Phi Kappa.
Girls Glee Club, 1, 2, 3, 4; Klee-o-Klee, 3, 4; Twentieth Century Club, 3, 4; Philosophy and Education Club, 3, 4, (Secretary, 3, 4); Quill Club, 4; M. N. S.; Student Government, 4, (Secretary, 4); St. Cecilia Club, 3, 4.
Virginia has been the delightful happy life that alumni fondly imagine it through the golden haze of memory. True, her indefinable charm is a gift of the gods, but she has added tact, unselfishness, and a ready enthusiasm for work as well as for play. Incidentally her dramatic ability makes her the Dean's star pupil in Public Speaking; and her Student Government office is a witness to her dignity. Always characterized as feminine to her finger tips, nevertheless she makes the "best looking man" in events.

EVERETT ORVAL BLACK, B.S.
Chemistry
North East, Pa.
North East High School
Alpha Chi Rho, Phi Beta Phi.
Wrestling Team, 1, 2; Class Basketball, 4; Swimming Team, 2, 3; Class Treasurer, 1.
The mere fact that Ev is a preacher's son might imply that he has spurned his oats, but we know him better. For four years now he has trod the path of glory that leads but to the grave senior estate, and he is still unspotted from the world. As a reward for his good behavior he has been chosen as one of the elect in both the chemistry and biology departments. We feel for Ev. It takes the courage of a hero to sit in row A in chapel five days a week and sing as though one could, and yet he does it.

GEORGE FRANKLIN BOWERS, B.S.
Chemistry
Big Run, Pa.
Big Run High School
Clemence: Ferrand University, France
Alpha Chi Sigma, Psi Sigma Iota.
Le Petit Salon, 4; French Play, 4; College Band, 1; Student Senate, 3; Glee Club, 4.
Shorty came back this year as a Senior after a few years sojourn during which he participated in the World War. His knowledge of the French language enabled him to play the leading role in the French play. He is one of those rare characters who have the smarts and brilliance to major in Chemistry and take French VIII. In the All-Athletics, George demonstrated his ability to "act up" in another way.
ELIZABETH CLAIRE BOWSER, A.B.

English Literature
Kittanning, Pa.
Kittanning High School
Wilson College
Margaret Morrison
Kappa Kappa Gamma.

Claire's poise lends her an air of sophistication which many attempt but few can achieve. Her distinctly feminine charm, her temperament, and her personality have won for her an enviable place in the social life of the college. Claire makes a delightful hostess, a charming guest, and a worth-while companion. She is equally attractive at a dance or an afternoon walk. Her forte is Society, and in it she will always be most successful.

JEAN E REBECCA BOWSER, A.B.

French
Kittanning, Pa.
Kittanning High School
Kappa Kappa Gamma.

To know Jean is to like her. She has a demure winsomeness, a gaiety, and an unaffectedness that have made for her many friends. She is a delightful combination of seriousness and mischief and is always ready for a good time. It is a pleasure just to hear her talk. We think a lot of Jean and apparently so, does Tubby.

HELEN MADELINE BOYD, A.B.

Philosophy
Cambridge Springs, Pa.
Cambridge Springs High School
Alpha Chi Omega.

Philosophy and Education Club, 2, 3, 4; Twentieth Century Club, 2, 3, 4.

Helen was known for so long as the little girl with the yellow curls" that she tucked them away this year and acquired a senior dignity. Her "butterfly" attitude is balanced by much energy as evidenced by the fact that she completed her college career a semester ahead of the crowd without the grind of a summer session. For three years Helen and Mal have traveled together on the campus, and we feel sure they will continue to travel through life.

EDITH DOROTHY MAY BRIGGS, A.B.

Latin
McKeenport, Pa.
McKeenport High School
Sigma Tau Sigma.

Classical Club, 2, 3, 4; (Society Tress, 4); Le Petit Salon, 3, 4; Twentieth Century Club, 2, 3, 4; Y.W.C.A., Cabinet, 4; M.N.S.

Most of her time this year has been devoted to writing the "daily epistle" to Philadelphia. Is it any wonder that we all smile rather incredulously when Edith declares that she is going to teach her beloved French and Latin for thirty-eight years? She is one of those rare individuals who are able to rank high in both scholastic standing and in extra curricular activities.

HARRIET BROWN, A.B.

English
Meadville, Pa.
Meadville High School
We will admit at the outset that Harriet is one of those "lost" which has gone through College without developing that "college girl line" which is supposed to be a part of our modern education. However, when one's belonging is combined with such a quiet steadiness, this is unnecessary. Harriet belongs to that type of individual which no college can afford to be without.

RUTH THELMA CARROLL, A.B.

English
Fredericktown, Pa.
Fredericktown High School
Alpha Chi Omega.

A college annual is too realistic to permit a description of the imaginative setting in which Ruth seems to belong—the mystery of red Seville, dark-eyed senoritas, dazzling smiles, tinkling tambourines. It is, however, very appropriate to mention her quiet assurance and ability. Our only indictment is that she has been too sparing of her smiles which undoubtedly saving them all for her distant Don Juan.
DALE CLARK, B.S.  
Chemistry  
Meadville High School  

Alpha Chi Sigma.  

Another familiar face to be associated with the Chem building. Dale completed his work ahead of most of us, and so he came back this last semester to work on his Master's. This accounts for the English Literature courses which find his name on their roll. But a chemist would rather analyze substances than substantives, and Dale is a devoted follower of the ions.

RALPH ALONZO CLARK, B.S.  
Chemistry  
Meadville, Pa.  
Meadville High School  

Delta Tau Delta, Alpha Chi Sigma.  

Football Squad, 1, 2; Class Treasurer, 4; Track Manager, 4; Athletic Board of Control, 4; Student Senate, 4; Chemistry Laboratory Assistant, 4.  

Known well all over the campus, the chem lab, and until recently at Hulings as Ras, this reserved chap is above all a good fellow. As track team manager and student senate member, Ras fulfilled his duties with the steady diligence that is characteristic of him in all that he does.

MARQUETTE IRENE COOK, A.B.  
English  
Meadville, Pa.  
Meadville High School  

St. Cecelia Club, 3, 4.  

The person who can distinguish Marguerite from her sister certainly deserves his College diploma, for he will have attained true success wherein others, even college professors, have failed. However, to her own friends a fine distinction is unnecessary for her talents are many among which we find that she is a musician of no mean ability.

MARIAN AYLEEN COOK, A.B.  
English  
Meadville, Pa.  
Meadville High School  

St. Cecelia Club, 3, 4.  

We started to use ditto marks for this young lady's write up because to the inhabitants of the campus Marian and her sister seem so much alike. However, it is no small honor to be the topic of so much speculation as the "Cook Twins" and to come to the close of the Senior year still a College mystery. Taken singly or together, the twins are the pleasant sort who make good friends and loyal alumni.

CHARLES LEROY CUSICK, A.B.  
Philosophy  
Pittsburgh, Pa.  
Mt. Union College  
Phi Alpha Kappa. Kappa Phi.  

Oxford Club, 1, 2, 3, 4; (Secty, 4); Philosophy and Education Club, 3, 4; Declamation Contest, 2; Classical Club, 4.  

Cusick is another of Allegheny's student pastors that have managed to fill the pulpit in addition to carrying on their regular college work. Several times he has been perilously near smashing the college bowling record. He also has taken part in forensic work from time to time.

COURTNEY MILLER DALE, A.B.  
Economics  
Erie, Pa.  
Central High School  

Phi Gamma Delta, Pi Delta Epsilon.  

Interclass Basketball, 1, 2, 3, 4; Varsity Basketball, 3, 4; Campus Staff, 1, 2, 3, 4; (Assn., Ed., 4); Kaldron Staff, 2; Quill Club, 2, 3, 4; (Pres., 4); Modern Problems Club, 3, 4; Craft Club; History and Political Science Club, 4.  

Court has been a steady worker during his four years at Allegheny; he seems to be always doing something whether it is basketball, Campus work, or a program for the Quill Club. Recently, however, his status as a senior has asserted itself, and he has devoted less time to work and more to a fair co-ed in the Hall. Court is undecided as to his future occupation, but there is no doubt but that he will become very prominent...
LILLIAN MERRILL DAVIS, A.B.
French
Painesville, Ohio
Painesville High School
Kappa Alpha Theta.
Twentieth Century Club, 4; Class Secretary, 1.
Lil with her happy smile and winning ways has won the admiration of all those who have had the good fortune to know her. Popular and capable, she has gone through college winning the hearts of women and most certainly of men. She always did keep people guessing as to what she might do next, and it is impossible to tell what she is likely to do when she leaves college. Nevertheless, we have a faint suspicion about her future, but of course we don't like to be too personal.

LEROY CLARENCE DEVORE, A.B.
Economics
Meadville, Pa.
Meadville High School
Phi Kappa Psi.
Modern Problems Club, 3, 4.
Devore is another “man about town” in the more complimentary sense. He is quiet, and like most other quiet people, when he does speak, he has something worth saying. He has a bent for business which may be evidenced from his inclination toward the Eco department.

MERRILL WARD DOOLITTLE, B.S.
Biology
Corry, Pa.
Corry High School
Beta Iota Upsilon, Pi Delta Kappa, Phi Beta Phi.
Kaldron Staff, 2, 3, 4; (Assoc. Ed., 3); Junior Prom Committee, Temple Biology Club.
Duke completed his four year course of study in three years. During that time his personality became quite well known on the campus. His dignity never failed to make an impression whether he was laboring over some scientific problem or literary masterpiece, or hurrying from his classes (he never hurried to them). His ability to carry many hours of class work successfully and his eagerness to avoid a nervous breakdown are his outstanding qualities which will long be remembered.

MARY CECILIA DORWORTH, A.B.
Latin
Oil City, Pa.
Oil City High School
Alpha Chi Omega, Phi Beta Kappa, Phi Sigma Iota.

“Ask Mary Dorworth, she knows.” Indeed, from a glance at her list of activities one readily sees that there is very little in which Mary is not interested. She proved herself a very capable leader as president of the local pan-hellenic council, and very much a student he making Phi Beta Kappa her junior year. We may be sure her future life will be a success, for even in college Mary has learned how to collect the “Dough.”

MARGARET DOUGHERTY, A.B.
French
Olean, N. Y.
Olean High School
Sigma Tau Sigma.
Le Petit Salon, 2, 3; French Play, 2, St. Cecelia Club, 2, 3, 4; Student Senate, 3, (Junior Town Member).
“Sure her eyes are blue as skies” tells only one of Marg’s many attractions. Her true Irish wit win her many friends easily. Besides Marg’s joy in creating a good time for herself and others, she has shown ability in her studies and activities as her success in the French play indicates.

ROSCOE C. DUN D ON, B.S.
Biology
Edinboro, Pa.
Edinboro Normal School
Phi Gamma Delta.
Glee Club, 2, 3, 4; Duzer Du, 2, 3, 4.
Although he entered Allegheny as a sophomore, we have learned to regard Ross as a true friend in these three short years. We love him for his ready smile and his generous disposition. Upon the creation of the hockey team, Ross saw his opportunity to be an athlete and to raise his English Lit mark. His home town is Edinboro, and it has had some attraction for him that we would not be a bit surprised if it culminated in a late marriage.
RICHARD WATSON ELLSWORTH, B.S.

Biology
Meadville, Pa.
Meadville High School
Phi Delta Theta. Phi Beta Phi.
Varsity Track. 2, 3, 4; Class Basketball, 1, 2, 3, 4; Block A Club, 2, 3, 4.

Note our running Richard. Dick is a sprinter and breaks the tape in track events. Besides that he has succeeded in getting through college in three and a half years. His speed in track is due to his training in chasing the Cambridge street cars; his speed as a student is due, not to Phi Beta Kappa ambitions, but to his session in summer school, spent in an effort to escape work. He expects to earn his bread by emptying other people's mouths—next year he goes to Pitt to study dentistry.

Girls Glee Club, 3, 4; Twentieth Century Club, 3, 4; M. N. S.
Isabelle believes in being original and changes the old motto to “Never let lessons interfere with a good book.” We may envy the full enjoyment of her college years. At present her artistic abilities are so well developed that we judge art or designing will claim much of her attention in the future.

KENNARD HILL GOODWIN, A.B.
Economics
Meadville, Pa.
Meadville High School
Phi Kappa Psi.
Another local man. He is a true lover of the Muses and has a philosophical mien which is deeper than mere collegiate erudition. Yet the commercial world is calling him. As his major in Econ world lucrative.

RUTH GRANT, A.B.
English
Parkers Landing, Pa.
Bender High School
Alpha Gamma Delta.
History and Political Science Club, 3, 4; Twentieth Century Club, 4.
Ruth varied her college days by two years of teaching—and her college nights by hours of Bridge. Last semester she took Twentyes. Learning seriously, transformed her bobbed hair with a set, and departed for the school-room—watch the theories explode!
GEORGE EDWARD HAPPELL, B.S.
Physics
Sarverton, Pa.
Sarverton High School
Le Petit Salon, 2, 3 (Treas., 3); French Play Cast, 2, 3.

George left Allegheny last year although he had been with us only three years. Red-haired but cool headed, this quiet young fellow distinguished himself by his activity in Le Petit Salon and in French Plays. During the past year George has been teaching in Somerset High School.

CHARLES WILLIAM HAVICE, A.B.
Philosophy
Oil City, Pa.
Oil City High School
Alpha Chi Rho, Pi Delta Epsilon, Kappa Phi Kappa.

Campus Staff, 1, 2, 3, 4 (Editor-in-Chief, 4); Kaldron Staff, 2, 3, 4 (Assoc. Ed., 4); Editor Symbol Mason, 2; College Band, 1, 2, 3; Inter-Collegiate Newspaper Association, 4; Y. M. C. A. Cabinet, 2, 3, 4; Quill Club, 2, 3, 4; Philosophy and Education Club, 3, 4 (Pres., 3); Dancer Da, 2, 3, 4; Prest. Oratorical Association, 4; Class Historian; 3; Publication Board, 4; Assistant in English Language; Senior Dance Committee.

Chuck and his editorial pen have done a great deal to advance the interests of the College. His rousing editorials in the Campus have played no small part in awakening a real College spirit and in preserving the traditions of Allegheny. We envy his "drag" with the faculty; but on second thought there is no one who is more deserving, and it cannot be said that he has abused the privilege. The fact that he is president of about every organization of which he is a member speaks well for the esteem in which he is held.

JEAN HOWE, A.B.
English Literature
Tarentum, Pa.
Tarentum High School
Kappa Kappa Gamma.

Under Jean's quiet, unassuming manner there is sincerity, kindness and dependability. Jean has two favorite occupations: one is playing Bridge. He is often telling of his school teaching last year. Her study and seriousness do not conceal from her friends her genuine liking for fun. She has a vivid imagination, and we are sure her pupils will enjoy her stories next year.

HARRY DAVID HUMMER, A.B.
Philosophy
Meadville, Pa.
Edinboro Normal School
Phi Alpha Kappa, Kappa Phi Kappa.

Classical Club, 2, 3, 4; Oxford Club, 1, 2, 3, 4 (Pres., 3); Philosophy and Education Club, 3, 4 (Vice-Pres., 4); Oratorical Association (Treas., 3).

Harry has retained just enough of his professional dignity from the days when he was a high school principal to have the fresh mistake him for a faculty member. He is, however, very much a college student with that unsophisticated humor which characterizes undergraduates days. He is already Reverend Mr. Hummer, but some day will be Hummer, D.D.

DONALD RIDDLE INGRAHAM, B.S.
Chemistry
Towenville, Pa.
Oil City High School
Alpha Chi Rho.

Possibly some of us recall the departure from our midst last year of a number of diplomaless students. Don was one of them, but he left with permission of the faculty. What it usually takes at least four years to accomplish, Don has done in three, and has left this vale of tears. Despite the fact that he lives in Towenville, he feels that his mission has been fulfilled in Crawford county: so he has gone to Pittsburgh to help Jones & Laughlin run their steel mill. Besides all this, he lives down there somewhere.

IVAH JENNINGS, A.B.

Meadville, Pa.

Meadville High School

Student Volunteer Band, 2, 3, 4; Twentieth Century Club, 3, 4; Glee Club, 2, 3, 4.

If the College degree were granted upon the basis of the number of trips up the Hill, Blanche would have had all her required work off very early. Whether it is to an 8:10 Glee Club rehearsal, or to the Library (where she has presided for four years) to which she is hurrying, the trip is made in record time and a chance companion will find her company indeed pleasant.

WALKER KINCAID, B.S.

Physics

Mckeesport, Pa.

Mckeesport High School

Sigma Alpha Epsilon.

Glee Club, 1, 2, 3, 4; College Band, 2; College Orchestra; Y. M. C. A. Cabinet, 3, 4; Le Petit Salon, 3, 4; Physics Assistant, 3, 4.

"Accompanist extraordinary." This plan was handed to Walker by Rollin Pease, the well known baritone, after Walker had checked the Messiah for a long without practicing. We can swallow this, for we have heard him play the organ in chapel for the last two years. When it comes to Physics, watch out. "Dad" Ling and Walker have full command of Wilcox. With his combination of science and arts, Walker is perfectly personified.

KATHERINE KUDER, A.B.

Creck

Meadville, Pa.

Meadville High School

Biology Club, 3, 4; Classical Club, 2, 3, 4.

Those who know Katherine only slightly wonder at the apparent contradictions of her college course. For in deciphering the intricacies of the Analytic and interpreting the spurious rhymes of the play, she reconciles with equal ability. Katherine accomplished the unusual feat of majoring in Greek and minoring in Biology. Her quiet popularity has enabled her to do this while all along her way she has won friends by her outgoing, good disposition.

For many years Dr. Henke has declared that the test of a good education is the versatility and adaptability of the educand. This year, however, he may state it with even more assurance because he has a living example in Betsy, one of his assistants. She does everything energetically, whether it be enjoying a social function, making friends, or helping edit the Kaldron. And she has already shown remarkable missionary progress in taming a wild fig.

WILLIAM LAURENS LEFFINGWELL, B.S.

Chemistry
Sharon, Pa.
Sharon High School

Phi Kappa Psi, Alpha Chi Sigma.
Boxing Team, 1, 2.

Throughout his four years in College Tubby has won himself many friends by his genial way. His two main activities have been his pipe and his girl. Although in the case of the former he has had many, in the case of the latter he has been faithful to one. Tubby intends to follow the footsteps of his brother. B and O., through medical school. After that the Leffingwell brothers will no doubt establish a reputation similar to the famous Mayo brothers.

HOWARD RUSSELL LILLIE, B.S.

Mathematics
Ripley, N. Y.
Ripley High School

Phi Alpha Kappa.
College Band, 1, 2, 3.

Ale has practically made a technical course out of his four years at Allegheny and has undoubtedly absorbed more physics and math than any ordinary student could hope to digest in his normal life. Perhaps his inborn sense of humor has had a great deal to do with his ability to wade through college and at the same time to win the title of "Bald Abe."

RUTH LING, B.S.

Chemistry
Richmond Hill High School, N. Y.

Kappa Kappa Gamma.
Quill Club, 2, 3, 4. (Seventy, 3); Tingley Biology Club, 3, 4; Twentieth Century Club, 3, 4; Y. W. C. A. Cabinet, 3, 4; Student Manual Staff, 2, 3; Klee-o-Kleet, 3, 4. (Stage Manager, 3).

In the various clubs and organizations of the College Ruth has shown her tact and cooperative ability. With ready enthusiasm she has undertaken each task assigned to her and performed it well. The same zeal directed toward Biology has forced even the most bashful microbes to undergo an examination. But her thesis. Ruth had planned a career for herself, but Fate intervened and before Christmas Ruth was wearing a diamond solitaire and a Beta pin. We congratulate the young man.

THEODORE LORZ, A.B.

French
Meadville, Pa.
Meadville High School

Delta Tau Delta, Phi Sigma Iota.
Le Petit Salon, 2, 3, 4; French Play Cast, 2, 3; Campus Manager, 3; Ducer Du, 2, 3, 4. (Cast, 2).

Ted has been a joy to the French department. He speaks the "belle langue" with the fluency of a native Parisian. Future years will see him a missionary to the cause in some high school or college. His work in education indicates this. His histrionic activity has made him popular over the footlights of Ducer Du and French plays.

SARA LUCILE McGISTON, A.B.

English
Wilkinsburg, Pa.
Wilkinsburg High School

Kappa Kappa Gamma.
Klee-o-Kleet, 1, 2, 3. (Cast, 1); Property Manager, 3; History and Political Science Club, 2, Y. W. C. A. Cabinet, 2; Women's Senate, 2, 3; Class Secretary, 2, Vice-President, 3; Junior Prom Committee. Quill Club, 3.

Small and pretty, characteristics that her genuine sympathy and geniality make her a bausica for all gloom. That she is industrious is shown by the fact that she finished her three years and is now engaged in teaching. But she will not always be engaged because she doesn't do things by halves.

W ILLIAM D. McELROY, B.S.
Chemistry
Youngstown, Ohio
South High School
Alpha Chi Rho, Phi Beta Phi.
Boating Team, 1, 2; Assistant Basketball Manager, 2; Chemistry Laboratory Assistant, 4.

One Sunday evening as Number 6 was passing through Meadville on its way to Saegertown and New York, there fell off the rear platform a child of sixteen, destined for no particular place. Yon Cassius is from Youngstown, the City of Unconsciousness, and it seem s that the city atmosphere still has a hold on him. As a collegian, Mac’s record speaks for him. All the activities under his name have been accomplished in the remarkably short time of four years, and without any apparent effort on his part.

CLYDE CECIL MILES, B.S.
Chemistry
Gowaunda, N. Y.
Gowaunda High School
Phi Rctica Phi.

After Chub had labored conscientiously for three years and had expended a great deal of effort, he was finally picked as a runner on the cross-country team by Coach Faries. Nevertheless, he is a hard worker and an athlete of no little ability. As a boxer he is especially clever, and many opponents have felt the sting of his “wicked right.”

MARION MINERVA MINCH, A.B.
English
Coraopolis, Pa.
Coraopolis High School
Alpha Chi Omega.

Just after dinner at Htilings every night you will find a group surrounding the piano in the green parlors and Marion is always the center of it. She has every piece of popular music at her fingertips. Not only her musical ability, but that halo-fellow-well-diet quality that she may claim as individualistic, helps draw admirers at all times. Marion’s proficiency in this line is equalled only by her ability to play bridge and her capacity for accomplishing things.

Page 66

JOSEPH EARL MOFFATT, B.S.
Biology
McKeensport, Pa.
McKeensport High School
Phi Delta Theta, Phi Beta Phi.

Tingley Biology Club; Class Basketball, 3, 4; Assistant in Biology, 4.

Prof. Moffatt is a leader in biology hikes and in numbers of trips to Hulings. He says he has seen some rare birds in both pursuits. Joe can, and usually does, recite everything from Ben Gurnee to a steam calliope. Occasionally he spends week-ends at Judge Shumford’s home in Warren. This practice is supposed to have some connection with his future career, but it is doubtful whether he goes there to read law or to have the law read to him. Joe also plays the violin very well, and this may account for his being so high strung.

ARDEN DAVID MOOK, A.B.
Economics
Saegertown, Pa.
Saegertown High School
Phi Kappa Psi.

Nip has shaped his college career with but one end in view—of becoming Mayor of Saegertown some day. During his stay here he was manager of enough activities to finance successfully tri-weekly trips to the old home town for a certain small reason. If scholastic ability is any indication of future success, we are sure his career as a lawyer will be outstanding.

DOROTHY MARY MORGAN, A.B.
Philosophy
Sharon, Pa.
Sharon High School
Kappa Alpha Theta.

Twentieth Century Club, 2, 3; Philosophy and Education Club, 3; Y. W. C. A. Cabinet, 3.

Dot is one of those unusual combinations of brains and beauty. To know her one would never think that she made the grade in three years—and pulled honors at that. Besides this she has been active in the affairs of the college and has made an exceptional number of friends. We class her as a real sport and a good pal.
HUBERT PATRICK MORLEY, B.S.
Chemistry
Youngstown, Ohio
South High School
Delta Tau Delta, Alpha Chi Sigma.
Varsity Football, 1, 2, 3, 4; Class Basketball, 1, 2, 3, 4; Block A Club, 1, 2, 3, 4.
(Vice-Präs., 4).
The fact that Babe led the Blue and Gold's greatest eleven of recent times secures for him a permanent niche in the Allegheny Hall of Athletic Fame. He also claims the unusual distinction of having successfully resisted the siren call of Hulings throughout his four years. But not all co-eds must heed the call of 527. Babe's congenial personality and his ready Irish wit label him well.

KATHERINE SYBILLA MORROW, A.B.
Philosophy
Union City, Pa.
Union City High School
Kappa Alpha Theta.
Twentieth Century Club, 3, 4; Philosophy and Education Club, 4; Y. W. C. A.
Cabinet, 4.
Katherine is always hurrying to or from one of her many committee meetings or else doing something for somebody else. Between her busy moments she finds time to talk, an art in which she excels. We don't know what her life ambition is, but we are sure that with her ability she ought to be general manager of something, at least a man.

AYLEEN MARIE MOSIER, B.S.
Biology
Meadville, Pa.
Meadville High School
Delta Delta Delta, Alpha Chi Sigma.

An outstanding co-ed biologist, Ayleen early decided that, although a resident of Meadville, she would be a “hall girl” too. And she has spent as much time in Alden as many of her associates do in theirs. In this Kaldron there is only one person standing in the way of their being together, but this only happens on these pages.

LAWRENCE HILL NUNN, A.B.
Economics
Meadville, Pa.
Meadville High School
Sigma Alpha Epsilon.
Basketball Manager, 4; Modern Problems Club, 3, 4; Student Senate; Chemm. Senior Dance Committee.
Lorry, quiet and unassuming, is known throughout Allegheny as one of the squarest and biggest men on the campus. He is a favorite at Hulings and at every fraternity house on the Hill. Lorry has played a quite prominent part in governing the policies of the student body through his activity and interest in the Senate. In a short time we shall probably see the words “and Son,” added to his father's name.

TILLIE OLSEN, A.B.
History and Political Science
Springboro, Pa.
Springboro High School

If there is such a thing as a “Shark” in college life, that was Tillie’s vocation in the History Department. Her training as an assistant here no doubt helped her to inspire awe in Lineville High School students this last term.

LAWRENCE THOMAS PATTISON, A.B.
History and Political Science
Cochranton, Pa.
Phi Alpha Kappa.

History and Political Science have occupied most of Pat’s time at Allegheny, and he expects to teach these subjects after he is graduated. It is said that he is so fond of home cooking that he has become adept at preparing his “three squares” in his own room in Cochran.
HARRIET JOSEPHINE PERKINS, A.B

English
Cambridge Springs, Pa.
Cambridge Springs High School
Sigma Tau Sigma.
Glee Club, 1, 2, 3, 4; Twentieth Century Club, 2, 3, 4; St. Cecilia Club, 2, 3, 4, (Sec'y., 4); M. N. S.

So jolly and full of understanding is Jo that she is indeed a cure for the "blues." To this quality must be added her musical accomplishments and her ability in staging plays. Judging from her numerous calls from Cambridge, we are inclined to believe that "absence makes the heart grow fonder." Jo's presence has been a very happy part of our college life.

JOHN BYRON PRATHER, B.S.

English Literature
Meadville, Pa.
Meadville High School
Delta Tau Delta.
Musical Club, 1.

Jack started to college so long ago that it is reported that even Miss Cotton lost track of his first year's Physical Training record. Spending some years in "Byronic" travels, he finally yielded to the lure of higher education and came back to raise the religious tone at Old Allegheny. In spite of his many activities, he has not neglected Hidings and misses but few of the social functions of the College.

ROBERT WILLIAM PRATT, A.B.

History and Political Science
Pittsburgh, Pa.
Westinghouse High School
Phi Delta Theta.

Tennis Team, 3, 4, (Capt, and Mgr., 4); Chess Basketball, 3, 4; History and Political Science Club, 2, 3, 4; Classical Club, 2, 3, 4, (Chrmn., 4).

Major Pratt, tired of Pitt, came to Allegheny in his Sophomore year, bringing with him his tennis racket and a string of minor Pratts. Being tennis captain, he played baseball, basketball, and hockey. His tennis and his hair are shining examples of his devotion to correctness of form. His senatorial bearing will stand him in good stead when he starts the practice of law, after three more years at Pitt.

JOHN BYRON PRATHER, B.S.

English Literature
Meadville, Pa.
Meadville High School
Delta Tau Delta.
Musical Club, 1.

HARRIET JOSEPHINE PERKINS, A.B

English
Cambridge Springs, Pa.
Cambridge Springs High School
Sigma Tau Sigma.
Glee Club, 1, 2, 3, 4; Twentieth Century Club, 2, 3, 4; St. Cecilia Club, 2, 3, 4, (Sec'y., 4); M. N. S.

So jolly and full of understanding is Jo that she is indeed a cure for the "blues." To this quality must be added her musical accomplishments and her ability in staging plays. Judging from her numerous calls from Cambridge, we are inclined to believe that "absence makes the heart grow fonder." Jo's presence has been a very happy part of our college life.

JOHN BYRON PRATHER, B.S.

English Literature
Meadville, Pa.
Meadville High School

MARGARET QUIN LON, A.B.

French
Meadville, Pa.
Meadville High School
Alpha Chi Omega.

Le Petit Salon, 3, 4; Class Secretary, 3.

Answering to any one of a series of names, Quin, Quinnie or Peg, we find that Margaret is one of these persons of chery disposition who makes friends with every one. She plunged into fame and the Kaldron at the same time by her Junior year as a "Magnificence and Popularity Contest" winner. To offset the frivolous side of her character Peg has taken her full eighteen hours of education and plans to make good use of them.

DAVID EDWIN QUINN, B.S.

Chemistry
McKeesport, Pa.
McKeesport High School
Phi Delta Theta, Phi Beta Phi.

Tingley Biology Club, Duerer Du Cast, 3.

Dave left college after two years of the struggle but found that after a taste of Allegheny, life on the farm is a dull, dreary monotony. Therefore he returned to college with a light of determination in his eye and a bulge in his cheek. Now he can master medical and scientific terms with all the agility and confusing vote of an old physician. In fact his professional demeanor is so well assumed that at least one young lady addresses him as "Dear Doctor."

MARY McCLURE RANKIN, A.B.

English
McKeesport, Pa.
McKeesport High School
Alpha Chi Omega.

Glee Club, 1, 2, 3, 4; Klay-o-Kleet, 3, 4, (Chrmn., 4); Twentieth Century Club, 4.

The paradox "a tiny girl has such weight" holds good in Mary's case. She has been "the official advice" for many of the freshmen in the Hall because she always gives such good sound advice. Since her sophomore year, Mary has been "Gealy Wending" her way from all appearances she will continue.
DOROTHY ALBERTA REED, A.B.
Philosophy
Edinboro High School
Tallegwe.
Classical Club, 3, 4; Philosophy and Education Club, 3, 4, (Treas.); M. N. S.
Entering Allegheny from Normal School, Dorothy had a slight on the rest of the class, and it was only necessary to spend three years here. Needless to say, she had made good use of those years. Scholastic honor of the first degree, activities and many friendships have all been gathered in by her never-failing energy. We would not leave the impression that her days were occupied with work, for she has had time for all the college fads, bobbed hair included.

ELSIE ELIZABETH REYNOLDS, A.B.
Philosophy
Meadville, Pa.
Rochester High School
Alpha Gamma Delta.
Kaldron Staff, 2, 3; Philosophy and Education Club, 3. Elsie is coming back for her degree after a year at Pennsylvania where her aspirations took her after finishing her work here in three years. Her home in Meadville was the scene of many a good time, taffy pulls, breakfasts, slumber parties, and song fest. Elsie excels in eloquence, and we do not know whether her persuasive powers will be used in the courtroom, or wasted in a kitchen.

HARRY H. RICE, B.S.
Chemistry
Indiana, Pa.
Indiana State Normal School
Phi Kappa Psi, Alpha Chi Sigma.
He was a pilot in the army, and continued to pile-it successfully through three years of college work at Allegheny. He has the record for consuming more black coffee in one year than an average man does in a lifetime. As to Her's views of college life, he has put himself on record as having a positive aversion for 8:10's or, as he calls them, "Midnight Classes."

ALICE STOVER ROACH, B.S.
Chemistry
Waterford, Conn.
Rochester High School, N. Y.
Kappa Kappa Gamma.
"Tingley" Bowling Club; M. N. S. Without ever seeming to study much, Alice made college in three years and left a most enviable scholastic record. She is talented but unassuming, and with all of her attainments is a good pal. Her favorite indoor occupation is reading "The Saturday Evening Post." Her interest in Chemistry is almost unbelievable.

HELEN GERTRUDE ROBINSON, A.B.
English Literature
New Florence, Pa.
Latrobe High School
Alpha Gamma Delta, Phi Sigma Iota.
In every way, the best. Helen is known by her remarkable and unassuming manner. She insists that Tingley is personified, yet her popularity complex almost defies explanation—she insists that she is neither cynical nor in love, but—.
DORA MILDRED ROSE, A.B.
English
North Braddock, Pa.
North Braddock High School

Sigma Tau Sigma.

Twenty-first Century Club, 4; M. N. S.

Behind Mildred's dancing eyes there is a depth of sympathy and quick understanding. Kind actions often speak more eloquently than empty words, and it is a gifted person who has the ability to act and speak properly at the right moment. We sometimes think Mildred is more interested in domestic science than in furthering the educational program of Pennsylvania, but we feel confident that her future work will do credit to her college training.

WALTER FREECE SHIVELY, B.S.
Biology
Salem, Pa.
Salem High School

Alpha Chi Rho, Phi Beta Phi.

Tingley Biology Club, 3, 4; Wrestling Team, 1; Biology Laboratory Amt., 4; Manager, College Book Store, 4.

Walter has to stand more "razzing" than any other man in College due to the fact that he has a monopoly in the text book business. However, his ever-present and irresistible smile makes it a lot easier for us to part with our shekles even when the price of some apparently useless volume seems preposterously high. He is also an assistant in the Biology Department and has his hands full teaching the freshmen to cut up their bugs properly.

PAUL HOWARD SHULTZ, B.S.
Chemistry
Turtle Creek, Pa.
Union High School

Sigma Alpha Epsilon, Phi Beta Phi.

Glee Club, 1, 2, 3, 4; Varsity Football, 1, 2, 3, 4; Varsity Basketball, 1, 2, 3, 4; Athletic Board of Control, 4; Block A Club.

Paul's consistency is noticeable not only in athletics but in the manner in which he backs in the smiles of a certain Alpha Gam. His work, both academically and athletically is not of the meteoric type but is of that quiet and consistent kind which is the backbone of all winning combinations. We don't know what Paul will do next fall, but we expect sooner or later he will be going to Virginia.

THEODORE'ANTHONY SIEDLE, B.S.
Pre-Engineering
Erie, Pa.
Academy High School

Alpha Chi Rho, Pi Delta Epsilon.

Kaldron Staff, 1, 2, 3, 4; Campus Staff, 1, 2, 3, 4; Managing Editor, 1, Junior Prom Committee, 2; College Newspaper Correspondent, 2, 3, 4; Class Editor, 1; Junior Prom Committee, 2; College Newspaper Correspondent.

We hesitate to hail the editor as one of the biggest men in college, but his success in the publications on the Hill and his experience as College correspondent for about all the papers in this part of the State, we venture to predict that he will find the pen a more adept tool in his hand than the pick.
JULIANA DALE STEWART, A.B.

Latin
Franklin, Pa.
Franklin High School

Classical Club, 2, 3, 4; Twentieth Century Club, 3, 4; M. N. S., 4.

Dale has the distinction of being the only Titian-haired person in the Senior class. However, the fiery temper, which is supposed to accompany this physical characteristic, is entirely lacking in her case. A more even-tempered, agreeable dispositioned person you cannot imagine. Her avocation, bridge playing, has been developed to a science, and perhaps she will develop it into a vocation.

CHARLES LEO SUTTON, A.B.

History and Political Science
Altoona, Pa.
Altoona High School

Sigma Alpha Epsilon, Delta Sigma Rho.

History and Political Science Club, 4; Declamation Contest, 2nd place, 1, 2; Phi-Franklin Forum Oratorical Contest, 2nd place, 1; Wakefield Oratorical Contest, 2nd place, 1; Moving-Up Day Speaker, 2; Inter-class Debating Team, 1, 2; Varsity Debate Team, 2, 3; Assistant in History and Political Science, 3.

In the three years that Leo has been at Allegheny he has carried as much extra-curricular work as two average men. Next fall the History department will be without an assistant. Shartle's will be without his competent services as a salesman, and the debating team will miss his clear and forceful arguments. He will probably attend Pennsylvania Law School. If in a few years you need a first-class attorney, take our advice and C. Leo Sutton.

WILLARD F. TANNEHILL, B.S.

Chemistry
Scottsdale, Pa.
Scottsdale High School

Phi Alpha Kappa, Phi Beta Phi.

Science Club, 3.

Entering college with the recommendation which accompanies a preacher's son. Tantu immediately set about to live it down. To him college seemed a necessary evil until his junior year. Then a Viking's daughter from the halls of Valhalla entered his life and broke up the calm. Since then his life has taken on a humanistic aspect, and we foresee a bright future for this promising young physician.

CHARLES EWIG TEFFT, B.S.

Chemistry
Irwin, Pa.
North High School

Alpha Chi Omega.

History and Political Science Club, 3, 4; Modern Problems Club, 3, 4 (Secy-Treas., 4).

Charles has been at Allegheny for three years; he lives in Irwin, and he has two sisters in college. Yet he seems to have gained everything and lost nothing from these conditions. He will probably enter law school.

CHARLES BELKNAP WEIGEL, B.S.

Biology
Erie, Pa.
Central High School

Phi Alpha Kappa, Phi Beta Phi.

Junior Prom Committee, 3.

Entering college with the recommendation which accompanies a preacher's son. Tantu immediately set about to live it down. To him college seemed a necessary evil until his junior year. Then a Viking's daughter from the halls of Valhalla entered his life and broke up the calm. Since then his life has taken on a humanistic aspect, and we foresee a bright future for this promising young physician.
ELIZABETH WHITE, A.B.

English
Indiana, Pa., California State Normal

Elizabeth always gets what she sets out to achieve. She is a "go-getter" and nothing prevents her from her purpose. After Commencement we may find her running a Beatrice Fairfax column for some leading paper.

MARY BLANCHE WICKHAM, A.B.

French
Rochester, Pa., Rochester High School

Kappa Alpha Theta, Phi Sigma iota.

Le Petit Salon, 3, 4; Women's Senate, 3, 4; (Pres., 4); Twentieth Century Club, 2, 3, 4; Class Secretary, 4.

Mary has soared about as high as possible in the realm of Hulings—she guided the destinies of the Senate in an impartial and sympathetic way. Her activities keep her busy all hours, yet she seems to find time for the social side of college life.

LESLIE ORIN WRIGHT, B.S.

Chemistry
Jamestown, N. Y., Jamestown High School

Phi Alpha Kappa.

Assistant Basketball Manager, 3; Assistant Track Manager, 3.

The first three people that a freshman meets on coming to Allegheny are Dean Ross, Miss Cotton, and "Fish" Wright. Even though he should miss the first two, the average freshman inevitably goes to the Hall to eat, and there he meets Lou. No matter what the objections to the food may be, it has to be said that Cochran Hall is all Wright.

MATTHEW VICTOR WRIGHT, JR., A.B.

Economics
Erie, Pa., Central High School

Phi Gamma Delta, Delta Sigma Rho.

Varsity Football, 3, 2, 3, 4; Varsity Swimming, 2, 3, 4; Class Basketball, 1, 2, 3, 4; Block A Club, 1, 2, 3; Inter-class Debate 1, 2; Varsity Debate, 3, 4; History and Political Science Club, 2, 3, 4; (Pres., 2); Modern Philologous Club, 3, 4; Moving-Up Day Speaker, 2, 3; Dance Day, 3, 4; Junior Prom Committee, Student Senate.

In Vic we find a blending of many diverse talents. He is a track football guard, a clever swimmer, a master in debating, and a good organizer and leader. Vic intends to stay away from any place where Spanish is spoken. He starts a career as football coach in Meadville this fall.
One day while wandering about the campus, viewing the natural beauty of the place, and lamenting the fact that my stay would be over in another year, I suddenly drew up in wide-eyed amazement before the huge boulder which serves as a Soldier’s Monument. The boulder, it seems, had grown to enormous size. A queer little knob above the inscription attracted my attention. I stood on tip-toe to reach it. As I pressed against the plaque to steady myself a whole tablet suddenly opened in and I was precipitated into a dim and dismal corner. Before I had time to collect my senses, a white robed figure blindfolded me and whisked me off. Suddenly we stopped. The silk scarf blindfold was removed; I looked up and found myself before a door bearing the words, “Class of 1925.” My phantom escort and I entered. We were greeted by sights and sounds impossible to describe, but above all I could hear—“Rah! Rah! ’25.” It was the poster scrap which took place my freshman year. Another scene of great tumult, of flying rolls, and much excitement attracted my attention. It was the Washington Birthday Banquet—Allegheny’s last!

From these scenes we passed to our Sophomore sanctum. Here I was permitted to view again the scenes of my Sophomore year. I saw my classmates, true to tradition, fulfilling many duties. There were Sophomores on all the teams and in all the clubs.

My white robed companion drew me on for a glimpse of the scenes of the year just passed—my Junior year. The events of this year were of an entirely different character from those of the other years. Once again I was permitted to watch the Junior party at Elliott’s and to partake of the Junior heart. Again I found myself at the prom, and I once more watched the moving-up day parade.

Then I felt the silk bandage on my eyes; there was a flight through space, and a moment later a breath of fresh air told me that we were again in the realm of today. As the silk scarf was withdrawn from my eyes my guide vanished. The copper inscription changed behind me; the granite monument assumed its natural size and my companion has proved “A door to which I find no key.”

The Class of 1926

OFFICERS

Howard P. Taylor ........ President
Marian Whelton ........ Vice-President
Olga Lewis ............. Secretary
Harold E. Milliken ........ Treasurer
Annabel Mosher ........ Historian

Count Your Blessings

The class of 26, in common with other classes, has innumerable good qualities and has in two short years performed many a great and noble task. At this point we should if we were any kind of a self-respecting class indicate in a few subtle and well chosen superlatives that '26 absolutely outclasses any other group that has ever matriculated at this institution. The Freshmen would be comparable to a large, healthy, group of annoying mosquitoes. The Juniors to a flock of infuriated angleworms, and the Seniors—well they are too old to bother with, anyway.

The Sophomores, though, are a shy and modest class. They, with the true spirit of brotherly love, stand ready and willing to admit, ye even insist, that each and every class is a pearl of great worth. The class of '27, of course, an uncut gem, but of that anon.

Our purpose is not to blusteringly enumerate the unique successes of our group as a whole, but merely to indicate in a retiring manner some of those little acts of consideration and benevolence for which some of our members are world famed.

Did you know:

That at a recent circus parade in our city it was agreed by actual count that Walker lifted up 300 children to see the monkeys?

That the Vice-President of our class was forced to preside at a meeting of our august body?

That Parnell took the place of two men on our football team, thus relieving Myford who was taking the place of four?

That a member was discovered reading the Christian Herald in the Library? (Dr. Beiler please note.)

That one of the philanthropically inclined (he prefers to have his name withheld) has offered a prize of 10,389,345,367,000 marks to be awarded to the fiftieth person to register from Erie County in the year of 1950?

That a great and everlasting peace of mind has come to Professor Emig, as a result of being stopped on the campus and visited in his home by certain persons of an inquiring turn of mind who in one voice demand: “What is the something more?”

That it was three of our number who rushed to assist Dr. Faries to rise after his fall on his ice pond? (Note: he forgot to wear his rubbers.)

As the sum total of these acts at once so glorious and magnificent and yet so infinitesimal bursts upon you, I ask you, dear reader, is it not the little things that really count? Look at us, the Class of '26!

Dear Edt:—

Yur welcum desir that i get up a histre for the nobel an' effection8ight clas of '27 cum to my hand this a. m. I wonder if U ever hath to think wot kinda our yur be- stoin on mi a pure unnoing frosh? But your desir brings mi curage to due the pleasurable an' unhashshell task that U for the XXX above an' below.

It seema very diffikull to explain just how wi cum to happen to be here in Alegany. Mebbe one uv them thair fourten tellars as can tell yu all about yur past, pres- ent & future by bakin at the palm uv yur hand knows the anser to that, but as i am saying our histre is something lik the sun, U no its awful big but if U look at it U amnt able to perce vive it at all. Our real histre begun wen wi cum to Alegany the 25 of sep. 1923. Gosh but them as was here wen wi cum (U no thair was senyurs an' jun- yurs an' them cheasy soffs here wen wi cum to Alegany) O babi, they thot we was pikers an' they sor did hand to a mery razas, as they calls it. They done a lot uv folle things to us green frosh as makin us ware little blue & gold dinks, havin us sing songs & say crazy speeches & tak all our shus off & thro them in a pile & lots uv othar folle

streets. All uv them things, so says our persecuters, is calculeighted to keep us ignorant an' green frosh in our proper place. The fure residence uv brung to coeleg with wi didst haft to do much but ware green tams (wich is short fur tami-ichan). All uv wich is calculeighted to be part uv the general frosh color seeme. Among our notabul achivements is the following: (1) wi passed a resolution abolishing all futur hazing at Alegany coeleg, wich wi done out of pure kindness uv hart & pity for the clas uv frosh wich will entre this institootion in thut futur (2) wi furnished the varsity fut-bal & basket-bal teemw with sum valubal material. (3) our fresh debating teem out-winded the Penn State frosh & at the same time succes- sfully settled the Leeg uv Nations problem (4) our clas basket-bal teem one thut cham- pionship uv the clas leeg. But gosh, if i dott stop pury soon, editor, you'll becum sore at mi & then this in yur waste-bask. But, Gee Edt, if U call on me as much about the fresh clas as wi as are in it no, i imagine U would rite a buk on it & thairby uv a very respekabal fourten.

Well, Edt, i suppose i hav rote enuf on the subjek so i ges i will clothes.

Respectfully forwarded & effectionately yours,

G. WOTAFROSH. '27.

STEWART S. TOWNSEND

The administration of the new athletic program, which in the short period of two years has developed a champion football team and a fast basketball squad, has been placed in the hands of an Athletic Board of Control, representing local business men, the faculty, the students, and the alumni. Much of the eminence which Allegheny now enjoys athletically is due to the energetic manner in which these men have put that program across.
his graduation from the University of Pittsburgh where he had won many laurels during four years of stellar play, which proved to the football world that Allegheny would no longer be an easy mark. In 1922, with more material and a defeated alien but three teams, Colgate, Carnegie Tech and Grove City, all of which were won only by narrow margins. The accomplishments of the team in the form of success, were far more than had been expected when Herbert McCracken took hold of a squad of Allegheny men, mostly freshmen, and proceeded to make the best of it. His material was abundant, but totally inexperienced. He had a tough proposition before him. Hard work, and plenty of it, was the program and by the time the preliminary training, was over and the first game, with Amberson, had been played, it was evident that he had succeeded in shaping up quite a formidable aggregation, one which would make trouble for the best teams in the district. Though a little slow in getting started, this green team, as it gained experience, showed more and more of the fighting spirit which the coach had endeavored to instill into it and proceed to win games regularly. No one hesitates in giving the bulk of the credit for the team's unexpected showing to Coach Baker and Allegheny fans want him back again.

HERBERT McCracken
Head Coach, Football

Herb came to Allegheny in the fall of 1921, directly after his graduation from the University of Pittsburgh, where he had won many laurels during four years of stellar playing as halfback. In his first year here, without any previous coaching experience, and with scanty material, he produced a team which proved to the football world that Allegheny would no longer be an easy mark. In 1922, with more and the team's unexpected showing to Coach Baker and Allegheny men, mostly freshmen, and proceeded to make the best of it. His material was abundant, but totally inexperienced. He had a tough proposition before him. Hard work, and plenty of it, was the program and by the time the preliminary training, was over and the first game, with Amberson, had been played, it was evident that he had succeeded in shaping up quite a formidable aggregation, one which would make trouble for the best teams in the district. Though a little slow in getting started, this green team, as it gained experience, showed more and more of the fighting spirit which the coach had endeavored to instill into it and proceed to win games regularly. No one hesitates in giving the bulk of the credit for the team's unexpected showing to Coach Baker and Allegheny fans want him back again.

CHARLES E. HAMMETT
Director of Athletics

An indispensable member of the “Board of Strategy,” in Coach C. F. Hammett, Director of Athletics, and “Dean of Western Pennsylvania Physical Directors,” as he was hailed by Pittsburgh and Cleveland newspapers. Coach Hammett has two big tasks. One is the bulk of the line coaching, the other scouting opponents. In the former, his thirty some years of experience in football enables him to show the linemen many tricks and turns which few coaches know. In the latter, he has achieved even more marked success. Sent out to scout an opponent in advance, he invariably returns with sufficient information and knowledge of that team's style of play as to give Allegheny a great advantage. A great part of the credit for Allegheny's recent successes on the gridiron and floor must go to Coach Hammett, both for his wide knowledge and his scouting ability, and also for his success in working with athletes; in discerning their weaknesses and letting able to show how improvements may be wrought. His position at the head of athletics at Allegheny is unquestionably merited and his presence there is invaluable.

STEWART S. TOWNSEND
Graduate Manager

Townsey has a big job. Not everyone could face the difficulties which he is forced to meet in his daily work and weather them successfully. He receives criticism, but that will happen to any man who does his best. In 1923, the Athletic Board of Control expressed its confidence in the ability of Coach Baker and demonstrated that faith by inducing him to leave his law practice in Butler and return to lead the team this year.

CLARENCE D. BAKER
Basketball Coach

Despite the rather mediocre showing of the basketball team in 1923, the Athletic Board of Control expressed its confidence in the ability of Coach Baker and demonstrated that faith by inducing him to leave his law practice in Butler and return to lead the team this year.

No one hesitates in giving the bulk of the credit for the team's unexpected showing to Coach Baker and Allegheny fans want him back again.

HB Wilson
Babe played the best game of his career this past season. He was a heady quarterback and an excellent leader.
With its surprising victory over Bucknell on November 24, last, the Allegheny College football team closed an interesting and highly successful year. In his third year at Allegheny, Herb McCracken reached one, but by no means his highest goal. This youthful mentor developed an aggregation which won the sectional championship during the past season, hands down.

After three weeks of intensive training in Camp Porter at Conneaut, Ohio, and a week's hard practice at home, the season opened on the local gridiron with Thiel as the first opponent. The crowd which crammed Montgomery Field to see this game broke all attendance records for any previous home game. The Thiel eleven, coached by Tommy Holleran, proved good opposition but went under, 14 to 0. A week later the squad journeyed to Morgantown and suffered its only defeat of the season at the hands of the strong West Virginia aggregation. Even though Dahl and Myford were missing from the lineup, the team showed real power.

Two weeks were spent in preparation for Grove City. Playing before another record-breaking crowd, the two teams battled scorelessly until the last few minutes, when Dahl crashed through the Maroon defense for the winning touchdown. Frequent fumbles kept the score low. New York State was invaded the following Saturday, and the University of Rochester succumbed to the fierce attack of the Blue and Gold.

The next two games were played at home. Geneva had to be overcome for a clear title to the championship of Western Pennsylvania, New York, and Eastern Ohio. A third record crowd witnessed the game which was a thriller from start to finish. Allegheny proved its superiority by scoring two touchdowns and the resultant points. St. Bonaventure came to Meadville with an impressive record and returned home defeated—the second New York State eleven to go down before Coach McCracken's team. Westminster, on its own field, a week later, received its worst beating of the season. The Blue and White failed to make a first down during the entire period of play while Allegheny rolled up 47 points.
Following the Westminster game which was won by a large score, and which marked the fifth successive victory for Coach McCracken’s eleven, the team went into a hard practice for the final game of the season. After drilling his men in various new plays Herb led his team on its first Eastern invasion in two years. He put his men up against a team that scored victories by good margins over such institutions as Alfred, Susquehanna and Muhlenberg; a 14 to 7 victory over the strong Georgetown University eleven, and a 7 to 7 tie with Lehigh. The outcome of the game was, from the outlook, very doubtful, but McCracken had so drilled his men and so filled them with the determination to come out of the contest with a victory to their credit that the team knew it was coming through both for Allegheny and for Herb.

With a rousing send-off still ringing in their ears, Capt. Morley and his men faced Bucknell on a strange field with the odds against them. An irresistible offensive netted Allegheny a touchdown and a field goal in the first period. Bucknell scored as a result of a long forward pass in the second quarter. Allegheny’s 10 to 7 victory over the much-touted Lewisburg team upset all the football dope in the East. From the very start of the contest the Blue and Gold scrappers carried out their Coach’s instructions in a very thorough-going manner as to put grief into the hearts of the Bucknell machine and its supporters, and to encourage the handful of loyal Alleghenians who had come some three hundred miles to witness their team in action in the final game of a successful season.

Morley and his men completely smothered the opposition in the initial quarter and also carried off the majority of the honors in the closing period. It was in the second period only that Bucknell showed sufficient offensive to gain ground consistently, for in the third quarter the ball see-sawed back and forth in the middle of the field, neither team seeming to have any appreciable advantage. The vaunted running attack of the Easterners was a complete failure because of the sure, savage tackling of the Blue and Gold forw ards, who broke through the Bucknell defense time after time to bring down the runner behind his own line of scrimmage. Early in the game Bucknell realized this fact and changed its method of attack, storming the Allegheny bulwarks with continuous forward passes. Five of these were completed out of the twenty-one attempted.

The Allegheny team relied almost wholly upon line plays and short end runs. Many times Dahl was sent at the Bucknell forward defense for gains varying from two to nine yards. Less than a half dozen passes were attempted. The McCrackenites were much more successful in this style of play than were their opponents in their aerial at-
Vic, playing four years as ‘Varsity guard for the Blue and Gold, proved himself one of the ablest linemen ever to be graduated here. Tarzan was the terror on the team. Many times he stopped plays behind the opponents line. He, fortunately, has another year.

tack, as can easily be seen from the fact that they registered a total of eleven first downs while the losers were experiencing considerable difficulty in garnering seven.

Dahl was the outstanding figure of the battle, scoring all of Allegheny’s points and ripping the heavy Bucknell line to shreds with his vicious drives. But there were no individual performers—every man who played was in there giving every ounce of skill that he possessed, and this raging, tearing, fighting spirit is the secret of the great victory over one of the season’s best elevens in the East. The defensive work of Fuller, Parnell and Myford was especially brilliant, while Judd’s punting was the best that he had done all year. Parnell electrified the stands on three separate occasions when he threw passes for sixty yards, each over the goal-line.

The winning of this game from Bucknell has without a doubt paved the way to greater athletic relationships than have ever before been realized by Allegheny. It was the greatest game of the season, even greater than the victory over the Blue and Gold’s old time opponents, Grove City. The 1923 season was indeed phenomenally successful.
M. L. JUDD
Right End
Juddy, big, fast, and powerful, was a constant menace to opponents and just the opposite to the Bucknell.

C. C. WOLZ
Left Guard
Buck was an almost unanimous selection of experts for a starting position on all-sectional teams. That alone bespeaks his worth.

The conquest of Bucknell completed a record of seven wins and one loss, and to the directors of the team's policies and play must go the credit for such a remarkable showing.

Commencement this June takes from the ranks of the Blue and Gold gridiron heroes three stars. Hubert Morley, captain and quarterback, Vic Wright, guard, and Paul Shultz, end, played their last collegiate football in the game against Bucknell Uni-

ALLEGHENY 6—GROVE CITY 4

VERITY, Morley was the field general for four seasons and according to Coach McCracken, steadily improved each year. This year, as captain, especially did he display his qualities of leadership.

Vic Wright, another four year man, proved one of the ablest guards that ever wore the Blue and Gold. His strong forte was dependability. He was the fastest man on the line, a deadly tackler and a strong man on the offense. He could be relied on to do more than his share in any game. Vic's departure leaves a big gap to be filled this Fall.

Along with Morley and Wright, goes another good football player. Paul Shultz.

PAUL SHULTZ
Left End
A scrappy, steady player. His position on the line was well-filled and his leaving is a distinct loss.

VERITY, Morley was the field general for four seasons and according to Coach McCracken, steadily improved each year. This year, as captain, especially did he display his qualities of leadership.

Vic Wright, another four year man, proved one of the ablest guards that ever wore the Blue and Gold. His strong forte was dependability. He was the fastest man on the line, a deadly tackler and a strong man on the offense. He could be relied on to do more than his share in any game. Vic's departure leaves a big gap to be filled this Fall.

Along with Morley and Wright, goes another good football player. Paul Shultz.
Left Halfback

Bill is husky and fast and usually reaches the places he is headed for. He is an important member of the halfback quartet.

Quarterback

The crowd always laugh when the tempo on the field, but after the game starts, it is our turn to laugh. He is a halfback on the true.

Although not a regular until this year, played an end very capably. He had the making of a good player and came through. He played an excellent game all year but it seems that he did exceptionally well against Geneva and Bucknell. Paul was also a basketball star and consequently will be doubly missed in the years to come.

Though the 1923 season left nothing much to be desired, followers of the Blue and Gold anticipate still greater things in 1924. True, Herb McCracken, a great coach, is lost to Allegheny, but Tom Davies, a man of McCracken's type and calibre has been secured to fill the vacancy. Davies made a name for himself in a single year at Geneva. With much veteran material and with Coach Bamett's knowledge of the team and the game, the Blue and Gold will lose only a true and sincere friend by McCracken's departure. Graduate Manager Townsend has succeeded in arranging a schedule which will

A LINE PLUNGE BLOCKED

THE RETURN: ALLEGHENY 10—Bucknell 7
Bill is husky and fast and usually reaches the places he is headed for. He is an important member of the halfback quartet.

The crowds always laugh when Fat trots on the field, but after the game starts it is our turn to laugh. He is a bulwark on the line.

Although not a regular until this year, played an end very capably. He had the making of a good player and came through. He played an excellent game all year but it seems that he did exceptionally well against Geneva and Bucknell. Paul was also a basketball star and consequently will be doubly missed in the years to come.

Though the 1923 season left nothing much to be desired, followers of the Blue and

Gold anticipate still greater things in 1924. True, Herb McCracken, a great coach, is lost to Allegheny, but Tom Davies, a man of McCracken's type and caliber has been secured to fill the vacancy. Davies made a name for himself in a single year at Geneva. With much veteran material and with Coach Hammett's knowledge of the team and the game, the Blue and Gold will lose only a true and sincere friend by McCracken's departure. Graduate Manager Townsend has succeeded in arranging a schedule which will
This big fellow from the home town of Parnell and Fuller is taking the same place this year on the line as last. Mart was the only freshman on the squad to make a letter this season.

James V. Hanlon
Left Halfback
This fighting flash is the best halfback in quite a number of states. He could always be counted on for gains on his end runs. We should hear more of him before long.

severely test the worth of the 1924 eleven, but the coming season promises to bring even more glory and honor to Old Allegheny than the past year, the record of which follows:

TOTAL POINTS

Opponents 41
Allegheny 144
Leo, faced with the job of leading a green team, settled down to real work, and led the offensive which kept Allegheny as strong up front. He was an ideal leader who was popular with his team.
The results of the 1924 basketball season were quite gratifying. Coach C. D. Baker was faced with what seemed unsurmountable difficulties in shaping up a winning combination. He had a nucleus of Captain Ross, the only letter man from last year, Judd, Wolf, Dale and Shultz, substitutes from previous seasons, and a half dozen new men, from which to build up a representative team. After a month of strenuous training under the sharp eye of Coach Baker, the 1924 team opened its season on January 2 and toppled Amherst by a 33 to 19 score. The New Englanders had been barnstorming throughout Western Pennsylvania and their showing had been such that the decisive victory turned in by the Blue and Gold surprised its followers.

The first trip of the season came ten days later when the squad made the jaunt to Pittsburgh, where Pitt came out on top in a close contest, and to Morgantown, where the Mountaineers scored a substantial victory. The next week West Virginia appeared on the local floor and was again successful, though they found the opposition much stronger. Geneva fell before the revived Blue and Gold machine in a strenuous game a few days later.

During the next few weeks the team showed its most brilliant form of the season. Five successive victories were turned in, counting the Geneva game. Bethany was the first victim, falling in an encounter which was close until the last few minutes when a spirited rally put the game on ice, the final score being 31 to 23. Westminster followed and was also disposed of handily on the home floor. The next game, the first with Grove City, played at that place, was a glorious surprise to all Alleghenians. It
William E. McClurg
Left Forward
Bill, a freshman, lost no time in demonstrating that he could fill a forward position. He played the entire season opposite Captain Ross.

Paul Shultz
Left Guard
With his bulk and strength, Paul was an unquestionable asset to the team. He played for all that was in him and broke up innumerable enemy offensives, besides frequently slipping through for a score.

M. Lawrence Judi
Center
Juddy played his first regular season with the varsity this year. He is big and powerful and plays county well on hall the features. His contributions to the scoring column were few.

Joseph J. Wolf
Right Guard
For played part of the season and rewarded in making or coming back to the team. He was part that was able to break up were plays from any big men. He will be seen on the land court for two more years.

alone would have made the season a success. By scoring one more point than the Crimson five, the Allegheny team accomplished what no Allegheny team has been able to do for four years, namely beat a Grove City basketball team. In addition, it was the first defeat sustained by the Crimson on its home floor in five years. The shining light in Allegheny’s success in this contest was McCurg, a freshman forward, who accounted for fifteen of the Blue and Gold points. The following week, Thiel was met at Greenville, and another one-point victory resulted. Westminster, however, turned the tables the next night and won, 24 to 19.

The second encounter with Grove City, on the local court, brought the Crimson its desired revenge. Trailing throughout the game, the Allegheny team fought its way to within one point of a tie but was unable to sink the winning counter. The game ended 28 to 27. The greatest crowd in years packed the college gymnasium for this game. Juniata caught the team on an off night and led, 14 to 8 at half time. Court Dale, however, saved the game in the second half by dropping in four field goals in quick succession, thereby giving the team a new spirit which enabled it to win by a score of 25 to 18.

Several days after the team returned from its extended trip, Thiel came to Meadville fighting mad and determined to even up the score for the season. The visitors could do nothing against the impregnable defense and whirlwind offense of the home team which displayed wonderful form. A hastily put up Alumni game resulted in a none point victory for the Varsity, when Bill McClurg looped a foul through the hoop with only a few seconds to play.

Eleven wins and seven defeats, a record which seemed far beyond the range of possibility at the beginning of the season, was made possible by the beautiful teamwork and splendid fighting spirit which the members of the team displayed throughout the season. Coach Baker instilled the ideals of real basketball into the squad and despite the loss of three valuable men, seven of this year’s squad, besides, Pease and Claboda, and any newcomers who may make their appearance next September, will be on hand to form another combination which, it is hoped, will do even better than 1924’s great team.
Although a Senior, Jack played his first year of varsity ball this season and played in nearly every game. As a relief forward, he was well fitted to take the place of either Ross or McClurg without weakening the play of the team.

COURTNEY M. DALE
Left Guard
Court played the latter part of last season as a substitute guard, but his work this year was of varsity caliber. He combines excellent defensive ability with speed and a keen eye for the basket. His work in the Juniata game will never be forgotten by those who saw the contest.

Interclass Basketball

Interclass basketball served as the medium through which the class of 1927, otherwise known as the frosh, was given a chance to show its best stuff and the tournament consequently ended with the plebes at the top. All the games were exceptionally close, and several had to be decided in extra periods. The first round resulted in a freshman-senior tie for first place with two victories each; all four teams had lost at least one game.

The second round was straight wins for the '27 team, while '24 lost two out of three. There was little individual starring in the tournament. Koehl won a game for the freshmen with a couple of remarkably long shots. Kinnunen and Stewart also played well for '27. Pratt, Moffatt and Soelle were great aids to the senior team, as were Parrett and Parker to '26. The juniors, as a rule, showed no great amount of form. The sophomores were the hard luck team of the four. The captains of the several teams were as follows: Salberg, '27; Wright, '24; Risher, '25; Riemer, '26. The increased interest shown by the students is very favorable to the continued success of the annual tournament.
Tri-state Inter-city Tournament

The Fourth Annual Interscholastic Basketball Tournament, held on March 21 and 22, in the College Gymnasium, resulted in another Cleveland victory, the fourth straight for the Fifth City in the Allegheny Tournament. The Tri-State Inter-City title and the trophy emblematic of it, a silver loving cup, went to the Cleveland boys after they had won two difficult games. East High of Erie furnished the opposition in the final round, while Allegheny High of Pittsburgh and Technical High of Buffalo were the other contenders.

The first two teams to get into action on the first night were Erie and Buffalo. Erie, led by Captain Butler, diminutive forward and high scorer of Sec. III of the W. P. I. A. L., started off with a rush and quickly piled up a safe lead. Buffalo threatened later in the game and nearly tied the score but a late rally by the Erie team clinched the game. In the second game, Pittsburgh was matched against Cleveland. The teams battled on even terms throughout the first half, neither gaining an appreciable advantage. In the second half the Smoky City lads seemed to weaken. The Clevelanders then launched an offensive which carried their opponents completely off their feet and won by seven points. The opening games were witnessed by a good crowd, which enthusiastically cheered its favorites.

The second evening’s games brought out even better basketball than the first. Pittsburgh and Buffalo met in the opener, to decide the third and fourth positions in the tournament. Buffalo, with a seemingly new spirit, overcame the early lead of the Pittsburghers and fought their way to a well-deserved three point victory. The second game was of real championship variety and the teams were cheered on lustily by their rooters, some of whom had come considerable distances to see their teams play. The first half of the final was a nip and tuck affair, ending with Erie two points ahead. The Cleveland boys came back even more strongly in the second half than they had the previous night, when six successive field goals by Hinzler and Tenhoopen clinched the championship.

Hinzler, one of the prettiest little forwards who has ever performed on the Allegheny court, was easily the star of the tourney. Tenhoopen, long lanky, Cleveland guard, played a beautiful offensive-defensive game. Mansfield, Bone and Hutter were valuable cogs in the champion machine. For Erie, Butler, Meier and Motsch did well, while Bell and Hoodmaker seemed the strongest men in the Buffalo lineup. The McCull brothers and Pilcham deserve mention for Pittsburgh. Cal Bolster, well-known at Allegheny, officiated at all the games.

SUMMARY

Semi-finals
Erie East High, 36; Buffalo Technical High, 20.
Cleveland West Tech, 27; Allegheny High, Pittsburgh, 20.

Finals
Buffalo Technical High, 22; Allegheny High, Pittsburgh, 19.
Cleveland West Tech, 24; Erie East High, 17.
Nemo, holder of the college indoor and outdoor records for the two-mile, has been elected to guide the Allegheny track team in its 1924 season. That Bliss is an exceptional runner is proved by his consistent lowering of the two-mile record.

1924 Season Prospectus

Coach Hammett with a nucleus of seven lettermen and an abundance of new and un-
tried material looks for an exceptionally successful track season. The squad began in-
tensive outdoor training immediately after the Easter recess, and if the weather permits
should be in fine shape for the first meet with Carnegie Tech.

In sprint men only is the team weak, but with Ellsworth back the 100 yard and the
220 yard dashes should be reasonably well taken care of. Williams and Dehn have
also shown up well for the first year men in these events.

The longer runs find several good lettermen as participants. Bliss, Bogardus, and
Mackintosh have all demonstrated their ability in these events, especially in the mile
and the two mile runs. Nelson and Sample have done well in practice for the 440, and
Reynor, and Rea, the fresman star, will take good care of the 880 yard run.

The team boasts three good hurdles, Ellsworth, Wright, and Slocum. Slocum was
a high school star and promises to continue in that role in college.

The weights and the jumps should offer the strongest opposition to Allegheny's
opponents. With men like Judd and Parnell, veterans, and Kinnuen, Hartman, and
Turner, freshmen, all these events should be won by Allegheny men. Piper, the col-
lege record-holder in the javelin, will participate in that event again, and, aided by Judd
should encounter very little opposition.

Along with Captain Bliss, Judd and Parnell promise to be the outstanding stars of
the season. Their recent work in the Triathlons and other events at the Ohio State Re-
lay Carnival is sufficient indication of this.

The schedule for the 1924 season is as follows:

May 3 — Dual Meet with Carnegie Tech ............................... at Pittsburgh
May 13 — Dual Meet with Indiana University ..................... at Montpelier
May 15 — Triathlons at Delaware County .......................... at New Haven
May 17 — Dual Meet with Bucknell University ................... at New Haven
May 23 — Final Meet with Alfred University ..................... at Alfred, N.Y.

Coach Hammett also plans to send a team to the Pitt Intercollegiates on May 24, if
the men return in time from the meet at Alfred.
1923 Season Resume

Although the schedule was not all that might be desired, the 1923 Track Team enjoyed quite a successful season. There were five meets on the list and the team began early in the spring to prepare for them. Under the time-tried coaching of Professor C. E. Hammett and under the leadership of Captain Chuck Parnell, the team won four of these meets, three of them by overwhelming scores.

Geneva was the only victorious team on the Allegheny schedule. The score was 76-50. The Bliss and Gold's superiority in the field events was overcome by the Cway nesters ability on the track.

The team's 68-57 win over Rochester saw some of the best work of the year. The strong New York aggregation was not defeated until the last event.

At the end of the season Homer Bliss was elected captain by the fifteen letter men. Bliss' work in the mile and the two mile was exceptionally good and consistent throughout the entire season.

The outstanding stars of the 1923 team were Parnell and Judd. Each of these two men averaged twenty points in every meet. Parnell starred particularly in the discus, the hammer, and the shot, while Judd performed best in the pole vault, high jump, and broad jump.

The work of Captain Wimmer in the longer dashes is deserving of the highest praise. Mention should also be made of the performance of Ellsworth and Steenken in the short dashes and the hurdles. Only three men, Captain Wimmer, Miller, and Loomis were lost by graduation.

Inter-fraternity Athletic Meet

The second annual inter-fraternity all-around athletic meet was held in the gymnasium during the three days of December 15, 16, and 19, 1923. It was won by Alpha Chi Rho, which fraternity also won the meet the year before. The success of the second year for the inter-fraternity championship has assured it a permanent place among annual events at the college.

The first event, the three-mile run, was won by McElroy, who was closely pressed by Reynolds. The high jump was won by Weisinger, who had things pretty much his own way.

The most exciting and closely contested event was the mile run. Revner, a freshman, managed to finish first with the time of 4 minutes and 35 seconds. Bliss who had been generally conceded to take first, finished second, and Little, last year’s winner, made a poor third.

The fact that extra points were awarded to the fraternity that entered the greatest number of men stimulated the interest of several groups and brought out many students.

Indoor Interclass Track Meet

The Junior won the annual indoor interclass track meet that was held in the gymnasium on March 29, 1924. The winners scored 49 points. The Freshmen were second with 31, the Sophomores and the Juniors, each with 12 points respectively. It is in meet that devotes to a large degree the members of the varsity track team. The competition is usually exceptionally keen and much enthusiasm is always evinced by the men of the college.

The meet this year was exceptional inasmuch as two indoor records were broken. The record for the 880 was shattered by Rea who made the distance in 2 minutes and 2-5 seconds, or 2-5 of a second better than the record made by Wimmer in 1922. Tornatore clipped, by a fifth of a second, the potato race record of 26 seconds that was made by Clagg, last year's winner, who made a poor third.

The most exciting and closely contested event was the mile run. Revner, a freshman, managed to finish first with the time of 4 minutes and 35 seconds. Bliss who had been generally conceded to take first, finished second, and Little, last year's winner, made a poor third.

1923 Inter-fraternity Track Meet

The third annual outdoor inter-fraternity track meet was held on Montgomery Field on Moving-Up Day, June 6, 1923. Alpha Chi Rho won the meet with a total of 79 1-2 points. The only real competition was furnished by Phi Delta Theta which scored 59 1-2 points. Beta Upsilon scored 18 and Phi Gamma Delta and Phi Kappa Psi tied.

The field was very heavy due to the rain, competition was quite keen and some fast time was made. The mile run finished the biggest thrill of the meet—three men finished about on even terms. Lawrence Judd was not far behind with 14. Chuck Wimmer was able to gather 13 counters. By winning this meet Alpha Chi Rho Fraternity became the possessor of the Hammerschlag Trophy for the following year.

1923 Interscholastic Track Meet

Twenty high schools from the tri-state district participated in the eighth annual interscholastic track meet, which was held under the auspices of the College on May 12, 1923. The unfavorable weather and the heavy, muddy track did not in any way dampen the spirits of the contending teams.

Academy High of Erie won the meet by one point, and was awarded the silver plaque offered by the College. South High of Youngstown was the runner-up and Erie the third with points behind.

The evidence of equality of the five teams made the meet exceptionally interesting and successful. Thomas, of Youngstown Rayen was the individual high scorer with 11 points to his credit; Staples of Avalon was second with 10. The winners of first, second, and third places in each event were awarded medals.

Tennis 1923 Season Resume

Tennis is rapidly assuming its logical place as one of the more important college sports. The 1923 season was not a complete success as far as the percentage of victories goes, but the brand of tennis played at all times by the members of the team was far from mediocre. Capt. Clarke, Cochran, McQuiston, R. Pratt, J. Pratt, and Coyle comprised the team. Of these six only the Pratt brothers remain for the 1924 season.

The West Virginia racquetters opened the season on the local courts on May 3, 1923. The Blue and Gold team was not fully prepared because of insufficient training and practice due to bad weather. This match was lost to the Mountaineers by a 2 to 4 score. While Cochran came through with a victory over Black, one of the visitors best men, and Clarke also won his match, W. and J. and Carnegie Tech came to Meadville on Friday and Saturday, May 4 and 5, and returned home victorious. Cochran and Clarke were again the only men to defeat their opponents in the W. and J. match, while the only match won by Allegheny from Tech was the double match of Cochran and McQuiston.

These three successive defeats did not dishearten the men, but merely urged them on to intensive practice for the first matches abroad with W. and J. and Westminster. On this trip the team broke even, losing for the second time to the Presidents, but defeating the Blue and White team by a score of 6 to 0. In the W. and J. match Captain Clarke displayed the best form of the season. He was successful in winning his singles match, and he and Bob Pratt won their doubles.

On May 22 Capt. Clarke and his men met Pitt at home, and went down in a 5 to 1 defeat. Cochran was successful in winning his match by defeating Garaway, the Pitt star, after two hard sets of 6-4 and 13-11. The local team came back in the following two home matches and won from both Thiel and Westminster. Carnegie Tech broke the winning streak when the tired Blue and Gold clay court men met the Tartan defenders at Pittsburgh on May 26.

The latter part of the season was marked by a 3-3 tie with West Virginia, and a 2-2 tie in the inter-sectional match with the Michigan Aggie team.

Moreover there were four matches won, two tied and seven lost. This, on the surface does not present a very impressive record, but when the caliber of teams met and the lack of training of the Blue and Gold players is taken into consideration, it will be seen that the 1923 tennis team made a fairly representative showing.

1924 Season Prospectus

Although the 1924 tennis season has not been officially opened, and even though the final matches of the tournament for positions on the team have not been played, there is every indication that the College will go through a fairly successful year in this sport. Tennis has not and does not even now receive the support that it should receive, but it is nevertheless gaining a stronger foothold with each successive season.

The inclement weather this spring has prevented the tennis team, which is being capitalized and managed by Bob Pratt, from getting an early start. Efforts were made to complete the tournament schedule following the return of the students from the Easter vacation, but continued rains made it impossible to get the courts in shape. A few good days gave the racquetters an opportunity to get started, and the first two rounds of the tournament were completed. It is likely that Captain Bob Pratt will keep all the men who have reached the semi-finals on the squad, and give them an opportunity to play during the season.

Several of the men who were runners up in the tournament last season have made very strong bids for positions on the team this year. At present it would seem that the squad will be composed of Captain Bob Pratt, A. D. Moore, Blair, Evans, McCharg, Weyand, and C. Dale. Weyand and Dale will probably be used as utility men.

The first match scheduled with Carnegie Tech to be played on the local courts had to be canceled, for Allegheny was in no position to meet an opponent without an organized team. Manager Pratt secured a match with Westminster for Saturday, May 15, and the team expected to leave for a three-day trip, taking in the two recently scheduled matches with Thiel and Carnegie Tech on May 8 and 9, and then playing at Westminster on the 10th. Rain again prevented the team from making the trip to Thiel. The schedule this year is quite a difficult one, and if the weather ever clears sufficiently to give the team an opportunity to play its matches some interesting games are promised, for even though the team is entirely new, all of the members have had plenty of experience.

The schedule is as follows:

- May 5 — Carnegie Tech, at home.
- May 8 — Thiel, away.
- May 9 — Carnegie Tech, away.
- May 13 — Grove City, at home.
- May 17 — Thiel, at home.
- May 22 — W. & J., at home.
- May 24 — Pitt, at home.
- May 26 — W. & J., away.
- May 27 — Pitt, away.
- May 28 — Grove City, away.

Matches with Western Reserve, Oberlin, Duquesne, and Westminster have not been definitely settled.
Cross Country

As predicted, the cross country schedule for the 1923 season was extremely difficult. The first encounter was with Alfred. Taking the long journey to Allegheny, New York seemed to have evil effects on our team, they met stern resistance and defeat. Next came the triangular meet with the University of Pittsburgh and Carnegie Tech. This meet was likewise characterized by the downfall of the Blue and Gold harriers. However, undaunted, the team finished the season with an overwhelming defeat of Thiel to their credit.

With the assistance of Dr. Randolph Faries, many new runners were developed. These men included Rea, Harrison, Mays, Reyner and Miles. The veterans, Capt. Bliss, Bogardus, Little, and Beyer, will have plenty of assistance in the season of 1924. Bliss has been re-elected captain and prophesies a good schedule and a better team. The schedule is being arranged with the meets of Alfred and University of Pittsburgh pending.
The Men's Senate was formed in 1916 and approved by the faculty early in 1917. It consists of eight seniors, one from every fraternity on the Hill. In the spring each group nominates three Juniors, one of whom is elected by popular vote of the student body. The men thus chosen make up the senate for the following year. The Senate has jurisdiction over all student affairs and discipline and plays an important part in the student life on the Campus.
Women's Senate

MARY WICKHAM ........................................................................................................ President
MARY DORWORTH .................................................................................................... First President
VERGINIA BERRY ....................................................................................................... Secretary-Treasurer
ELISABETH TAYLOR ................................................................................................. First Junior Member

RANKING as one of the oldest organizations of Allegheny College, the Young Men's Christian Association has done much for the institution. Its activities embody The Student Manual, The Y. M.-Y. W. Reception, Americanization Work, The Lyceum Courses, and weekly meetings. The purpose of this organization is to provide for the personal improvement and well being of the student body morally and religiously.
The Young Women's Christian Association is composed of women students who are interested in the promotion of religious welfare, and who endeavor to unite the women of the College in an effort to follow out the teachings and examples of Christ.
The Quill Club is one of the oldest clubs on the Campus. It was organized in 1899 to encourage literary activity among the students. Membership in the club not only stands as recognition of literary work already done, but also is a means of encouragement to those who show such ability. Regular monthly meetings, held in the club room in the Library, are devoted to literary, journalistic, or dramatic programs.

Le Petit Salon meets monthly for the purpose of French conversation and the study of French art and literature. The Club is affiliated with L'Alliance Francaise, an international organization. The membership is limited to thirty and includes the instructors and advanced students in the department.

Tingly Biology Club was organized in 1914. It is composed of instructors and advanced students in the Biology Department. Meetings are held fortnightly for the presentation and discussion of papers by the various members; each member presents two papers a year dealing with some phase of biological research.
Securing a chapter of the Oxford Club of America this Spring, the Thoburn Club is now able to continue in a national way its mission as an organization to help those students preparing for active Christian service. For many years the Thoburn Club, named in honor of the late Bishop James M. Thoburn, has been a conservative but thoroughly constructive influence upon the Hill. The club has enjoyed a particularly fruitful year and has had an unusually large membership.

Membership in the Twentieth Century Club is limited to those women who are especially interested in economics and current problems. While the club has not been as active as in former years, it has held several meetings at which helpful programs were presented. Membership is limited to forty women.

All the potatoes you can eat

Red meat, green meat, any kind of meat

Apple pie, mince pie, everything cres

Eat! Eat! Eat! for Miss N. N.
Publications at Allegheny

In the course of the development of collegiate journalism at Allegheny there are two factors which have played particularly important parts in determining the quality and shaping the character of our publications as we know them today. Allegheny is, first of all, an arts college, in which the literary tone and trend of education has been stressed ever since its founding one hundred and nine years ago. That this tradition of literary taste has exerted a marked influence for perfection in form and style goes without saying.

Freedom of thought and speech which always has been accorded by the faculty to undergraduate writers constitutes an even more potent factor in our journalistic development. It is a fitting tribute to the toleration and broadmindedness of the faculty to say that never have the students been discouraged from thinking for themselves and stating their honest opinions. Today our college editors are restricted only by the same limitations which the outside world imposes upon the editors of our daily papers—honesty and deference to public opinion. There is no freethought censorship.

In this connection there must also be noted the influence which such organizations as the Quill Club and Pi Delta Epsilon have had in stimulating and creating interest in writing. The impetus which has thus been given to journalism has not been of negligible importance in building the high standard of literary excellency which now distinguishes our publications.

As a result of all of these forces 1924 finds College journalism at Allegheny on a higher plane than ever before. Positions on all of the staffs are won with open competition as the sole basis of selection. Each staff has been departmentalized and organized on sound business principles, with a general publications board directing and advising on the financial policy to be pursued.

Allegheny today stands upon the threshold of a new era of journalistic activity. Her publications are well established, and they occupy an important place among the vital institutions of the College. The faculty and administration have given the cordial assurance that the encouragement and cooperation, which in past years has been indispensable in furthering this important activity, will be continued in the future on an ever-increasing scale. It has only been in recent years that the full importance of journalism has come to be appreciated by colleges and universities, since the field which it now offers to college trained men is wider than ever before. There is an almost unbelievable demand for men and women who, after sizing up a situation accurately, have enough general knowledge and education to form in consequence some intelligent ideas about it, and who are then able to put the result of their observation and critical analysis into words which clearly, definitely, and concisely portray their meaning. For the man or woman who is trained to do that, journalism offers a profession which in its scope is almost limitless: science, politics, religion, art, education, advertising, and all the other phases of modern life suggest only some of the innumerable fields for specialization, which are open to those who are inclined to take them up.

Furthermore the training which the journalist receives is so broad and inclusive, as to be almost as valuable to business and professional men as it is to the publishers of a newspaper or to a magazine correspondent. Every person has ideas, but it is not every man who can put his ideas across; the man who can impress forcibly his ideas on the minds of others.

Every year sees more men going forth from Allegheny, who expect to engage in some kind of a journalistic career, or a related profession. In order to meet a constantly growing demand, the English Language Department is introducing into the curriculum a special course in writing for the benefit of these students. Undoubtedly this will be a starting point for bigger things, which should, and some day surely will, result in a Department of Journalism for Allegheny College.
To depict accurately and with a semblance of realism a year at Allegheny—its classes, its activities, its athletics, its publications, its fraternities, and its organizations—in a word, to crowd a resume of one whole period of College life into a single volume in the function that the Kaldron has been performing for the last thirty-six years. This period has been for Allegheny one of progress, and each succeeding volume of the Kaldron has reflected a commensurate improvement over its predecessors. To trace its history since 1888 would be merely to review a succession of one successful college year after another.

The Kaldron has always been primarily a student enterprise, edited and managed by undergraduate editorial boards and managerial staffs. The issuing of this current number marks the most significant innovation introduced into the publication of the book since its first appearance. The editor-in-chief, upon the advice of the publications board, assumes the additional duties of business manager as well. Under this new system one man is responsible for both preparing and editing the copy that goes into the makeup of the book, and also for directing the business and financial policy which makes its publication possible. The combining of these two departments under a single head has been instrumental in eliminating friction and misunderstanding which unavoidably accrued under the former system. The increased efficiency to which it has given rise has enabled the staff to negotiate successfully certain difficulties which have arisen this year, that under the more cumbersome form of organization might readily have caused embarrassments and protracted delays.

As in the case of the other College publications, positions on the Kaldron staff are open to both men and women, while advancement is won only through competitive work.
The Staff

The year 1923-24 will stand out in the history of the Campus as a period of transition from a more or less restricted field into a larger field of College journalism. Several events have transpired to bring about this condition. The complete reorganization of the editorial staff, which was undertaken last year, has now been completed. The staff proper is divided into three departments, namely, the news, athletic, and alumni-feature, with a departmental editor responsible for each. Sophomore reporters are assigned to particular staffs, as are also the freshmen competitors. The result of this reorganization has been a highly systematized and efficient editorial staff for the Campus.

No sooner were the values of these changes proved by the high quality of news which was being published, than the College decided to send to each alumnum a copy of every issue of the Campus. This action not only reflects the faculty's very favorable attitude toward the paper, but the enthusiastic comments which it has evoked from the alumni bears evidence to their high opinion of it.

The Campus is a member of the Intercollegiate Newspaper Association of the Middle Atlantic States, which by the means of frequent conventions and conferences promotes cooperation among college newspapers, and attempts to shape and codify in an informal way the ethics of collegiate journalism.

The Campus has devoted itself purely to the interests of Allegheny, and has consistently refused to recognize any divisibility of loyalty on the part of either students or graduates as between the College and the several groups into which the student body is divided, and the editorial policy has been correspondingly conservative, although by no means could it be characterized as reactionary.
Although the Literary Monthly was first published in 1896 as a protest against the partisanship of the Campus, which had come largely under the control of the fraternity political rings that dominated the activities of the Hill, the "Lit" soon found for itself an entirely new field for literary enterprise, independent of the other College publications. Since its first appearance the "Lit" has been devoted to the more strictly literary phases of Allegheny's journalistic activity—a phase which had previous­ly received far too little consideration from the other student periodicals. The success of the venture was complete and for many College generations the "Lit" upheld high standards for the collegiate essayists, poets, and short story writers. In recent years, however, the failure of the undergraduate writers to cooperate with the staff has made it impossible for this worthy magazine to represent fairly, and to do justice to Allegheny's contemporary journalists. Without adequate support from either the college or student body, the staff has experienced the greatest difficulty in publishing the paper, and has for its efforts received but little encouragement. Unless some plan is devised whereby the "Lit" can be made a real college activity, actively supported by the students, there is every indication that its publications will necessarily be discontinued.
Forensics at Allegheny

Forensics enjoy the distinction of being the oldest student activity at Allegheny. In the early days debates and orations not only supplemented work in the English, the History, and the Classical Departments, as they still do to some extent, but they were also accepted as the most "collegiate"—though we doubt that that was the term applied—form of entertainment for students engaged in the pursuit of higher learning. Societies were formed to foster interest in this branch of college life, and competition developed between them which paved the way for our intercollegiate debates and oratorical contests which mark our forensic activity at Allegheny as we now know it.

It must be admitted that debates and oratory do not play as large a part as they did when they constituted the only official diversion that the time and the place afforded. Publications, athletics, and dramatics occupy some of the attention that forensics once monopolized. Changes in cultural and educational standards also have had an effect in shaping the character of the modern trend of this activity. Eloquence and perfection of form and style was once the ideal towards which debaters consistently strove. Today eloquence is no longer considered the criterion of an educated man, and consequently our orators no longer bend their efforts towards achieving it. The thing that they do seek to do is to think clearly and to express their ideas accurately and positively. More eloquence is of little importance in comparison to logical reasoning from well established premises. We fear that one of the 1924 debates would prove rather blunt and a trifle disconcerting to those debaters of 1824 who attempted to do by a flow of passionate eloquence what is today being done by the clear and concise statement of fact.

Although debates and oratory apparently occupy a less important place in our College than they once did, and although eloquence seems to have given way to a more sane discourse, nevertheless modern forensics are just as influential, if not more so, in developing these qualities of clear thinking, and accurate expression which are so essential to the man of the world today.

In the early days of collegiate debate the subjects chosen were on almost every conceivable subject, the only requirement being that the proposition afford sufficient argument for the defenders of both the affirmative and negative teams. Although many of the questions did throw light on the political history of the times, most questions were also very popular. "Is it proper for a student, whilst pursuing his college course, to make matrimonial engagements?" "Is nature more admired by mankind than art?" "Is a man excusable for telling a falsehood on any occasion?" These are only some of the propositions that in former days provided subject for thought and serious debate by the students at Allegheny.

Forensics today, however, are on a very different plane. The only questions considered are those which arise from pertinent problems that in their scope are of national or international interest. The modern intercollegiate debate has long since ceased to play the role of a magnificent competition in oratory, and it has become, instead, a forum for the discussion of some great world problem or issue. By agreement the same proposition is considered by all the colleges in one section, and it continues to be the subject for all debates throughout the year.

The influence which these intercollegiate debates have as a medium for directing and focusing the attention of the college men and women of the country on the particular issue which has been chosen cannot be estimated. This year the advisability of the entrance of the United States into the League of Nations was debated. Since some day the question of our becoming a member of the League is bound to become a public issue, the settlement of which will rest with the electorate, it was particularly fortunate that this should have been the subject this year.

Oratorical Association

OFFICERS
CHARLES W. HAVICE, FRANCES ANDERSON, RALPH H. DEMMLER

FACULTY REPRESENTATIVES
DR. S. S. SWARTLEY, PROF. R. W. THOMAS, DR. C. F. LITTELL, PROF. A. S. EMIG

STUDENT REPRESENTATIVES
CHARLES W. HAVICE, RALPH H. DEMMLER, FRANCES ANDERSON

All forensic activities of the College are controlled by the Oratorical Association which includes the entire student body. Each student pays a membership fee at the time of registration, the money being used to defray the expenses of the various teams as in the case of athletics. The board, made up of three faculty and three student representatives, arranges for debates and other inter-collegiate contests, and in general keeps alive at all times an active interest in oratory and debate.
Resume of the Season

With a record of four victories and three defeats the Allegheny varsity debating squad closed what may be generally termed a successful season. Although the team went undefeated for three years, the showing this season is not at all discouraging, considering the type of opposition they were called upon to meet. All of the defeats were by one point only, so that it may be readily seen that the teams were well trained and prepared. Victories were registered over Wooster, Oberlin, University of Pittsburgh, and Hamilton College, while two contests were dropped to Western Reserve University and another to Hamilton.

The question used in all the debates was "Resolved, that the United States should enter the League of Nations." The affirmative side was upheld throughout the year by Messrs. Ralph H. Demmler, Charles E. Hammett, Jr., and C. Leo Sutton, with A. Hughes Bartlett as alternate. The negative was defended by Messrs. M. Victor Wright, Jr., Robert W. Leeper, and John B. Gordon, with J. Edwin Schruers as alternate. The affirmative met only one defeat, that at the hands of the Western Reserve negative team at Cleveland. The negative lost to Western Reserve affirmative at home and to Hamilton at Clinton.

With only three experienced men left from last year’s teams the debate committee was faced with a difficult problem of selecting four more men with sufficient ability to represent the College, especially with such a question as that of the League of Nations. Demmler, Hammett and Leeper remained from last season’s veteran squad, while Wright and Sutton had acted as alternates. The usual tryouts were held, open to all men of the College. A large number turned out, and it was only with much difficulty that the three new men, Gordon, Bartlett and Schruers were chosen.

The season opened on February 21 with a dual debate with Western Reserve University. Reserve was defeated twice last year and came back this year resolved to have revenge. They did, winning by two-to-one decisions both at Cleveland and in Ford Chapel. Although this was the first defeat suffered by the Blue and Gold in three years, the teams were not discouraged and set to work with renewed energy. Their efforts brought results in the form of a two-to-one decision for the affirmative team over Western Reserve on March 20. This contest was held in East High School, of Erie, as the first leg of a triangular debate with Wooster and Oberlin. On March 23 the negative team traveled to Oberlin and won a unanimous decision. The University of Pittsburgh negative team was defeated by the Allegheny affirmative at the Stone Church on March 25. The debate was held before the Men’s Bible Class and the decision was rendered by popular vote.

The season was concluded with a dual debate with Hamilton College. The affirmative team won a three-to-nothing victory on the home platform while the negative team was defeated at Clinton, N. Y., by a two-to-one vote.

Much credit for the results of the season is due to the efforts of the debate committee comprised of Dr. S. S. Swartley, chairman, Dr. C. F. Littell, Prof. R. W. Thomas, and Prof. A. S. Emig.

Since only one member of this year’s team, Wright, will be lost by graduation, and since the material available from the freshman team and other sources is particularly promising, the outlook for a successful season next year is exceedingly bright.

Freshman Debate

An innovation was introduced in College forensic activities this year in the form of a Freshman debating team. Although but one intercollegiate contest, that with the Penn State freshmen, was held, the plan worked so successfully that there is little doubt but that it will be continued in the future.

Members of the team were chosen by the same methods of competition and elimination as are used in picking the varsity teams. A large number of men competed, a fact which assures plenty of varsity material in the future. The team finally chosen was composed of Robert J. Corbett, Clarence F. Avey, Reuben L. Cain, with Robert E. Allen, alternate. All of these men have had considerable experience in high school and the showing they have made thus far is very encouraging.

The team first met the representatives of the Sophomore class in the annual Freshman-Sophomore Debate. Although defeated in this contest, they made a very credible showing, and set to work with renewed vigor in preparation for their first intercollegiate tilt, with the freshman team of Penn State. The debate was held in Ford Memorial Chapel, on February 8, with Allegheny upholding the affirmative side of the question "Resolved, that the United States should enter the League of Nations". After a very hotly contested discussion, the decision was rendered in favor of the affirmative by a two-to-one vote of the judges. Dr. I. R. Beiler presided at the debate and the judges were Elmer G. Frail, Principal of Central High School, Erie; H. F. Heck, instructor, East High School, Erie; and R. W. Caldwell, of the Keystone View Company, of Meadville.

Wakefield Oratorical Contest

One of the most outstanding events on Allegheny's forensic program is the Wakefield Oratorical contest. It is held annually some time early in December and is open to all men of the Sophomore, Junior, and Senior classes. The contest takes its name from the fact that Mr. James A. Wakefield, of Pittsburgh, and a member of the class of 1890, offers a prize of fifty dollars for the best original oration delivered at that time. This year the contest was held on December 6, in Ford Memorial Chapel, with four contestants. Ralph H. Demmler, of the class of 1925, was awarded the prize. The subject of his oration was "International Conscience—a Hope", in which he revealed the tendencies of the world in politics to develop a force for permanent peace.

The other contestants and their subjects were: Robert W. Leeper, "When Iron Cools"; Charles E. Tefft, "Humanity above Nationality"; C. W. Havice, president of the Oratorical Association, presided at the contest and the judges were Dr. H. H. Hough, Dr. J. A. Rupert, and Professor P. D. Blair, superintendent of Crawford County Schools.

It is customary for the winner of this contest to represent the College in the Intercollegiate Oratorical League Contest held some time in May.

Philo-Franklin Oratorical Contest

Another outstanding feature of Allegheny's forensic program is the Philo-Franklin Oratorical Contest. It is held during the early spring of each year and many of the most capable orators of the college participate. An endowment fund of six hundred dollars has been provided by several members of the old Philo-Franklin Literary Society, the income of which is used each year to provide a first, second and third prize. The contest is open only to members of the Philo-Franklin Forum.

Six speakers participated in this year's contest, which was held on April 30 in Ford Memorial Chapel. Reuben L. Cain, '27, was awarded the first prize of twenty-five dollars, while Charles E. Hammett, Jr., '25, and Robert J. Corbett, '27, received ten and five dollars respectively for second and third place. The subject of Mr. Cain's winning oration was "The Age of International Cooperation." He traced the development of the human race through the various stages of cooperation, from the family to the tribe, the town, the feudal state, and then the modern nation, and showed that further progress depends upon extending cooperation into international relations.

The other contestants and their subjects were: Charles E. Hammett, Jr., "A Square Deal for the Innocent Bystander," defending the rights of the public in the conflict between Capital and Labor; Robert J. Corbett, "The Heritage," a plea for permanent love and peace in place of war; J. W. Membre, "Great Americans;" John M. Pratt, "The Cross Roads—Isolation or Cooperation;" and A. Hughes Bartlett, "Ritual and Regalia." It is interesting to note that four of the six orations dealt with some phase of recon-
Freshman-Sophomore Debate

An occasion of keenest rivalry between the two lower classes is the annual Freshman-Sophomore debate. The event usually attracts much interest among the members of both classes and the contest is always of a particularly enthusiastic nature. This is due largely to the fact that it is practically the only inter-class competition in which the freshmen have an equal chance for victory. The Sophomore team is elected by the class and usually consists of the men who were members of the team in their freshman year. The Freshman team is chosen in open competition.

It has formerly been the custom to hold the debate late in the winter, but this year it was held in the fall to give the freshman team an opportunity to prepare for their debate with Penn State freshmen. The contest was held in Ford Memorial Chapel on December 4. The Sophomores, represented by A. Hughes Bartlett, J. Edwin Schriner, and G. Michael Fitzpatrick, with G. Alfred Palmer as alternate, upheld the affirmative side of the question “Resolved, that the United States should enter the League of Nations.” The Freshman team was composed of Robert J. Corbett, Clarence F. Avey, Robert E. Allen, and Reuben L. Cain, with Reuben E. Allen, alternate. The decision was rendered two-to-one in favor of the Sophomores.

It is worth noting that the Sophomore team is practically the same as that which, in its freshman year, defeated the Sophomores, thereby breaking a long-standing record of Sophomore victories.

Inter-collegiate Oratorical Contest

Allegheny College is a member of the Civic Oratorical League composed of seven colleges and universities in this district. The other members of the League are Wooster, Oberlin, Colgate, Washington and Jefferson, Ohio Wesleyan, and University of Pittsburgh. Every year the League holds a contest in which each member is entitled to one speaker. Allegheny is represented at the contests by the winner of the Wakefield Oratorical Contest held in the fall of the year.

Ralph H. Demmler, '25, was the representative at the contest this year, held at Colgate University, Hamilton, N. Y., on May 2. The contest was won by the Colgate representative, Guy C. Wood, who spoke on “Righteousness and Iron.” The other contestants and the subjects of their orations were as follows: Ralph H. Demmler, Allegheny, “International Conscience—a Hope;” Herman Kerchtofer, Oberlin, “Our Atlas of Industry;” Edgar C. Irwin, W., and J., “True and False Americans;” Robert Markley, Ohio Wesleyan, “Pioneers of Freedom;” J. W. Dodd, Wooster, “The Lotus Eater;” G. W. Davis, the representative of the University of Pittsburgh, was unable to speak on account of illness.

Cash prizes of thirty and twenty dollars were awarded to the winners of first and second prizes respectively.

The presiding officer was President George Barton Cotten, of Colgate University. The five judges were Dr. H. A. Easton, of Syracuse University, W. H. Laugwitz, Superintendent of Schools, Oswego, N. Y., Jacob M. Brecher, of Syracuse, Rev. Ivan Rose, of Rome, N. Y., and Frank R. Wassung, Superintendent of Schools, Norwich, N. Y.

Duzer Du was founded in 1909 to further interest and promote the development of histrionic endeavor among the men of the College. The members are elected from the standpoint of managerial ability as well as dramatic ability.

Klee-o-Kleet Dramatic Club

HONORARY MEMBERS

1924
MARION MINCH
RUTH LING

1925
MARRY BANKE
RUTH LING

Klee-O-Kleet is a sister organization of Duzer Du. Its purpose is to promote interest in dramatics among the women of the college and to present at least one play each year. Membership is limited to thirty, all of whom must be chosen from the two upper classes and who must have displayed histrionic ability in one of the club's productions.
Men's Glee Club

Assistant Manager
ROBERT PIPER

Accompanist
JOHN HAROLD LOUTHAN

After entertaining the folk of Linesville with a concert on December 5, 1923, the Glee Club practiced several more times and on January 14, 1924, gave its annual Home Concert. The club journeyed to Franklin on April 7 for a concert in that place, next evening sang in OH City. Feature work was done this year by Charles Wright on the piano, while T. S. Baker received favorable comment on his solo work. The club was not favored with the brilliant success that marked the organization last year.
Four years ago the St. Cecelia Club was formed to promote musical interest among the women students of Allegheny. Its members take an active part in the programs presented and are selected from the two upper classes. The club meets bi-monthly at which times subjects of musical interest are discussed.

Features
Under the cover of the dignified title of FEATURES, the 1924 Kaldron Staff presents for your approval all material for which no other suitable place could be found. Faculty member and student have been treated alike. You will find jokes on each, and perhaps one on you. If any paragraph, quip, or joke is about you, be lenient in your criticism and laugh with us rather than complain about us.
Our Own Fraternity Section

HONORARY AND OTHERWISE

It is commonly conceded that there are too many organizations running rampant on the Hill. We are not common, however, and claim for the existing societies a place in the college life. They all have their excuse for perpetuating Barnum's breed. Here are some of the excuses.

PHI BETA KAPPA

Phi Beta Kappa was founded at William and Mary College in the days when Greek was understood and S P meant something other than "Sandwich please," to the native Greek. It was preceded by a society called the "Flat Hat," and it has been suggested that the name be changed back to the "Society of the High Hat." It was introduced at Allegheny in 1902 in an effort to stem the rising tide of high marks and as an excuse for foisting each year on the student body a xerophilous oration from some noted or notorious honoree. The key as usually worn is utilitarian, and weights down the bai, so to speak, window of the prosperous wearer. This society is secret in that the grip and password are unknown.

DELTA SIGMA RHO

Delta Sigma Rho was founded and fostered in the fertile West, and spread rapidly. It is an honorary agricultural fraternity. It furnishes debate, as t'were, for promising orators. It is unlucky, having been founded on April 13, and instituted at Allegheny in 1913. However, it is not half so unlucky as is the College for having to bear up with it. Its principal excuse for existence is the fact that it serves as a sort of sop, a pearl, to be given those who in the love of nature hold communion with empty seats at debates. Its presiding officer is called the "Master Debater" and the brothers in ordinary yclept, "Windy-Baters." Another medal, Salvatore!

ALPHA CHI SIGMA

Another unlucky 1913 entrance was Alpha Chi Sigma. This agglomeration of crazy simians (hence the A X S) holds forth in a sequestered corner of the Chem building, but as to what it holds forth to those majoring in Chem we can but guess. Once a year they all leave town, which leads us to the conviction that their badges should be keys, for that stuff is now kept under lock and key. Each year they break forth in public hiding behind flowers. We are of the opinion that the flowers should be lilies rather than carnations. Their main excuse for existence is that they keep the driveway clear. They are the promulgators of the limburger diet.

PHI BETA PHI

We now arrive at the Ben Hur society, commonly called Phi Beta Phi. Somebody founded at Allegheny. Its key displays a skull and crossbones. This has deep significance, showing that it is a cross between M. N. S. and the Cross Country squad. The boss is called the Chief High Fudger and the women are called respectively, George and Martha Washington Fudges.
KAPPA PHI KAPPA

Kappa Phi Kappa was instituted at Dartmouth after the departure of Kappa Beta Phi. It consisted, and its membership today consists of those in the student body who need the most education. The members carry around a charm in the shape of an open book, which is to remind them of their deficiencies. It is giving away a fraternity secret, but the book is open to the beauty section, and is a gift representation of the Police Gazette. Each year they come from behind the library to give a banquet which is attended by their venerable president. He attends to enjoy the occasion, the others pretend to enjoy it. This fraternity takes a charm as well as active members. The honorary members are too ornery to be led in, which reminds us that their pledging follows the lead pipe idea. For the benefit of the student body it may be mentioned that "lead piping" is an expression used in plumbing, and signifies that something or somebody has been made tight. No man in his right senses would join this crew.

PHI SIGMA IOTA

Phi Sigma Iota was founded at Dixmont in the Anno Domino of our Lord, 1923, was fostered at Allegheny in the interests of the French Department, and as a result is dying a lingering death. We shall be charitable to the infirm, but it must be said that their main purpose is to create in the old school a gentle zephyr of romance. The gentle zephyr often increases to a strong breath, but romance goes on just the same. The club is composed of students who have so far passed the bounds of sanity as to take more than the required 119 hours of foreign language. It is a select organization like all the rest, but does the selecting by taking \( \frac{x}{2} \) of 1% of those who safely weather the 99% flunk record of the department.

PI DELTA EPSILON

Without doubt the most important organization on the Hill is Pi Delta Epsilon. It is commonly conceded that the printed word molds public opinion. Pi Delta Epsilon is far from mouldy. Rather it is the shaper of the conscious thought at Allegheny. The unconscious predominates here, so as a matter of fact Pi Delta Epsilon writes for itself. Its key was originally designed after the fashion of the Phi Beta Kappa key, but to save gold, the corners were lopped off. This indicates in the society a very estimable quality of frugality, which, however, does not prevent their issuing certain publications free and anonymously. The Campus, put out by the publicity department of Pi Delta Epsilon, also admits other college news without charge. The Editor, Brother Havice, has been trained for the position, and instinctively writes Pi Delta Epsilon in the original Greek in every third paragraph of the paper. The President of this order is called the Supreme High Pilate. The password is "Right!" and the grip is contagious. Pi Delta Epsilon means "Pretty Damn Exclusive."

There is no question but that Pi Delta Epsilon exists without excuse. It needs none. We know not what course others may take, but as for us, give us journalism or Pi Delta Epsilon. Were it not for Pi Delta Epsilon, Allegheny would have little publicity. The Associated Press has nothing on this estimable fraternity along the publicity line. Although Pi Delta Epsilon through its publications never accepts fees to broadcast news, it often accepts retainers made by others.
FAMOUS SAYINGS BY CAMPUS CELEBRITIES

LENA—“He must be a freshman.”

DOC LEE—“When the speaker was an undergraduate at Harvard—”

MISS SPALDING—“Now, girls, !!!!”

DOC ROSS—“You have several unexcused absences.”

DAD LING—“The barometer is low.”

POP AKERS—“This is a very pretty problem.”

DOC HENKE—“We were speaking of the transcendental ego of aperception.”

Marion: Does Charles like to dance?
Mary: I don’t know. He tries awfully hard and seems to enjoy that.

Ike: I notice you’re not eating much candy nowadays.
Dot: No, I’ve pretty nearly gotten out of the habit since I’ve been going with you.

What religion are you?
I’m an atheist, thank God!

Mr. Reid: Here’s a letter addressed to “Poultry Department, Allegheny College,” what shall I do with it?
Pres. Hixson: Better take it to Hidings Hall.

DID YOU KNOW
That from September to May—
The freshmen had one good meal—on December 25.
Lena listened in 4372 times.
Miss Spalding cracked three tumblers and bent seven spoons.
Handy Severn took two baths—one involuntary.
Ranny Paries’ total street car fare to the Springs was 26 cents.
Vic Wright shaved twice and used a Gillette the other time.
Miss Raymond went to 39 parties.
Barney Knapp’s tonsorial bill was $84.13.
Bim Thomas chaperoned 99 44-100% of the parties.
Pete Eaton averaged fifteen pickups a day.
A $3000.00 piano appeared at Hidings and $85.00 was received from alumnae to pay for it.
Hen Rice drank 553 cups of black coffee.

Rannie: No, you can’t fool me. Do you think that I have been riding in sleepers all my life for nothing?
Ticket Agent: I shouldn’t be surprised.

Club Write-Ups As They Should Be

MEN’S SENATE

The Student Senate was founded in the good old days when the faculty found they could not handle TNE. Today the faculty cannot handle the Senate. We are not responsible for your conclusions. The Senate is a deliberative body. This year it deliberated as to whether the price of fresh caps should be raised from $2.50 to $3.00 inasmuch as Chase has a family to support. The vote, however, was 7 to 1 against the raise. The Senate is a much-maligned institution, but unlike the higher powers cannot indulge in the indoor sport of passing the buck, and must bear the burden of invective from those whom they do not please. Going on the assumption that they cannot please everybody, the Senators strive constantly to please themselves. It need not be mentioned that they succeed admirably.

WOMEN’S SENATE

The women do not trust each other as much as the men, so the female senate is not an inter-fraternity body. It is the political result of judicious vote-getting. This tends to make a harmonious whole, and the Women’s Senate runs everything in the Hall but the telephone. We regret that it cannot supervise that. The women Senators are the official policemen for the Hall rules, and hence do not have to obey them themselves. They seem rather adept at organizing afternoon dating parties, the most notable party occurring on Founder’s Day. Pecuniary interests do not claim their attention as much as they do in the Men’s Senate, because to spend money one must go out.

Y. M. C. A.

The five men who belong to the Y. M. C. A. assure us that this organization has no useful purpose, so we will take their word for it. Y. M. C. A. means You Must Come Across, and has direct reference to the annual drive for Empty Europeans.

Y. W. C. A.

The recipient of the Annual Reception; the saving grace of a worldly school. The shining faces denote religious conviction.

MODERN PROBLEMS CLUB

The Modern Problem at this college is to get rid of these organizations. This club is appendant to the Economics department, and gives evidence of its economical nature by dispensing with the female contingent in the department. This saves them the trouble of making judicious but costly friendships. Each year the members make a trip out of town. Where they make their mistake is in coming back. Absence indeed makes the heart grow fonder of continued absence.

DUTTON SOCIETY OF APPLIED SCIENCE

Resist in pace.
TWENTIETH CENTURY CLUB
Perhaps the most up to date club in the college. A Mutual Admiration Society, mutual to supply the deficiency from the world without. Its name signifies its speed. The members applied for entrance into the Railroad Brotherhood. Their express purpose is to while away the hours freighted with dull care and track down the ties of friendship with tender trains of thought. Everyone has a switch.

OXFORD CLUB
Out of respect for the memory of the late Bishop Thoburn this club changed its name this year.

ST. CECILIA CLUB
Requirements for admission in this group are: first, membership in the feminine sex, and second the ability to play chopsticks in the key of C. It is rumored that the girls hold an annual meeting.

HISTORY AND POLY SCI
This is without doubt the most important club on the Hill. History deals with the dead past. Let the dead past bury its own dead. Sic transit.

BLOCK A CLUB
We only wish we could block all clubs. This club is in no way competing with Phi Beta Kappa. On the contrary its name seems to indicate that it has gone to the heads of the members.

TINGLEY BIOLOGY CLUB—Lost by absorption.
PETTY SALOON—The Barmaids Union.
PHIL & ED—Little Brothers of Kappa Phi Kappa.

Taxi Driver (accusing his car): Migawd what a clutch.
Voice from rear seat: What business is it of yours?
Proud poet: This is free verse.
Helen R.: Thanks.

A SAD STORY
I cut in on a girl I had never met, and her partner very kindly knocked me down.
Visitor: Is your mother engaged?
Girl: I think she's married.

SPEECH DELIVERED BEFORE FACULTY AND MOST OF THE STUDENTS
April 29, 1924, at Chapel, by DR. DARLING.

Exactly one year ago last night I had the pleasure of accompanying the natives of Nicaragua on a hunting trip. We were going to hunt for the destructive Canlayer of the Panama Canal Zone, an animal that causes the Central American growers of corn, peas, and other canned goods great losses. The Canlayer, it may be explained, is the fastest running animal known, roams about only at night, and instead of eggs, lays tin cans in the cornfields. The corn, seeing its future residence, namely the tin can, lies down and rots, causing a great shortage of this popular canned food.

The Canlayer is known to science as the simax lectolaris. This is from the original Latin; simax meaning evening, and lectolaris connoting pest.

A little before sunset we left the hotel and went up the main and only road of the town towards the cornfields. After about fifteen minutes tramping through the dust, and by the way, it was dustier than I have ever seen Pymatuning Swamp when on a Biology hike, we arrived at the scene of the hunt. The natives soon made ready to decoy the Canlayers. The only hunting implements used were a black blanket and a tub of water. Just after sunset four natives each took a corner of the blanket and held it with the upper right hand corner pointing toward the Pole Star. The rest of the natives then made a noise resembling the call of the two year old female hoot owl. The combination of this peculiar call (a cross between a swiss yodel and my clearing my throat) and the blanket, make the Canlayers believe that night had fallen. Immediately, if not sooner, the Canlayers fell into the game and ran toward the blanket chattering among themselves as to the early evening. As soon as several of them had struck the blanket, it was quickly folded and the Canlayers were dumped into the tub of water, where they were left to drown. It was a matter of only a few moments, using these tactics, that we had seventeen of these animals. We took them back to the hotel with us, and for dinner the next day we had Canlayer chops with garlic, which is the favorite dish of the Nicaraguans. If any of you are interested in this peculiar herbivorous beast, I shall be glad to show you some of the tin cans laid by these animals.
Topics of the Year in Brief

SEPTEMBER.
26. Registration. Students show their zest in semi-annual bread line in Bentley.
27. We're off. 360 students start to study studiously. Poster Scrap—Usual massacre of the Frosh.
28. S. A. E. 6 flock to register in Spanish 1 after getting a look at the new professora.

OCTOBER.
3. First Campus of the year appears. No news as usual.
4. Y. M.-Y. W. Reception. Stupid time had by all.
5. Stone Church gives a reception and free meal. Exodus to Morgantown begins.
6. West Virginia 28, Allegheny 0.
7. First section of Shoe Leather Express arrives from West Virginia.
8. Every fraternity announces pledging of the ten best men. Phi Delts get the other twenty-three.
9. Student vote (?) ends poster scrap for good and always. College going to demolition bowl won.
10. Phi-Franklin Forum opens rushing season. Freshmen bite as usual.
11. Science is the search after freshmen with silver nitrate.
12. Phi-Franklin Forum opens rushing season. Freshmen bite as usual.
13. First section of Shoe Leather Express arrives from West Virginia.
14. Every fraternity announces pledging of the ten best men. Phi Delts get the other twenty-three.
16. West Virginia 28, Allegheny 0.
17. First section of Shoe Leather Express arrives from West Virginia.
18. Every fraternity announces pledging of the ten best men. Phi Delts get the other twenty-three.
20. Phi-Franklin Forum opens rushing season. Freshmen bite as usual.
22. West Virginia 28, Allegheny 0.
23. First section of Shoe Leather Express arrives from West Virginia.
24. Every fraternity announces pledging of the ten best men. Phi Delts get the other twenty-three.
26. West Virginia 28, Allegheny 0.
27. First section of Shoe Leather Express arrives from West Virginia.
28. Every fraternity announces pledging of the ten best men. Phi Delts get the other twenty-three.
29. Stone Church gives a reception and free meal. Exodus to Morgantown begins.
30. West Virginia 28, Allegheny 0.

NOVEMBER.
1. Delta Sigma Rho follows the example of Pi Delt. Sutton and Hammatt sacked in.
3. Court and Naomi discover each other.
4. Court and Naomi discover each other.
5. Court and Naomi discover each other.
6. Court and Naomi discover each other.
7. Denishawn Dancers given huge publicity in the Campus.
8. Pay night at Hulings. We wonder what this is?
9. Hulings varies the Frisky menu by serving cooifish instead of salmon salad.
10. The Saints perish. Allegheny 14, St. Bonaventure 0.
12. Chi Rho begins to return clothing borrowed for fall party.
13. Ruth St. Denis and Ted Shawn again bailed in Campus.
14. Junior vote (7) ends poster scrap for good and always. College going to demolition bowl won.
15. Denishawn Dancers give the college an eye full. Faculty registers disapproval from front row seats.
16. Campus appears with unusually eloquent silence regarding the dancers.
17. Campus appears with unusually eloquent silence regarding the dancers.
18. Campus appears with unusually eloquent silence regarding the dancers.
19. Campus appears with unusually eloquent silence regarding the dancers.
20. Campus appears with unusually eloquent silence regarding the dancers.
21. Campus appears with unusually eloquent silence regarding the dancers.
22. Campus appears with unusually eloquent silence regarding the dancers.
23. Campus appears with unusually eloquent silence regarding the dancers.
24. Campus appears with unusually eloquent silence regarding the dancers.
25. Campus appears with unusually eloquent silence regarding the dancers.
26. Campus appears with unusually eloquent silence regarding the dancers.
27. Campus appears with unusually eloquent silence regarding the dancers.
28. Campus appears with unusually eloquent silence regarding the dancers.
29. Campus appears with unusually eloquent silence regarding the dancers.
30. Campus appears with unusually eloquent silence regarding the dancers.
25. The conquerors return. Huge parade 'o everything. Dean Spaulding makes first public speech to students "I wish you could have seen the girls in the Hall last night." So do we! ! ! !
28. Dahl refuses invitation to speak in Chapel.
29. College goes home for a decent meal.

DECEMBER.
3. New skating pond started. Fairies prays for a freeze.
5. Glee Club sings a practice game at Linesville.
6. Wakefield Contest. Demmler wins; talks the two mile in nothing flat.
7. Football Banquet. Students wrestle with Webh's half fried chicken.
8. Theta Upsilon steals a march on Sigma Tau.
12. Dr. Arter presents new building to the College.
14. Dr. Henke says Ob, Hell in chapel. I* *acuity shocked. Henke fined the usual two hits.
17. A X P wins closely contested indoor track meet.
19. Only two more studying days before Christmas. Dr. Randolph Faries II appointed head coach of hockey.
20. Campus prints his speech of acceptance.

JANUARY.
8. Most everyone gets back to College. The spirit of Christmas is still with them—see Russo's neckwear.
9. Dad Ling takes orders for couches in Physics I.
10. Inaccurate junior misses Prexv with snowball in chapel. Junior mobbed outside.
12. Theta Upsilon installed. 3 he girls pull a mean reception. One hundred men see interior of Hulings for first time.
15. Sororities succumb to the inevitable and have their pictures taken for the Kaldron.
16. Sororities petition and threaten editor for retake.
17. Dean A. H. S. slips and falls on the ice.
18. Dr. Church gives organ recital in chapel—Dr. Darling gives one in Alden.
22. Dr. Darling gives 2345678th episode of "Indigent Voyages."
24. The semi-annual bout begins. Faculty vs. Students.

FEBRUARY.
1. Junior Prom in State Armory. Most of the dancers ought to be in State prison.
6. Registration. Many familiar faces turn up missing.
7. Second semester opens with a bang—mostly the crash of fallen hopes.
8. Allegheny Fresh lick Penn State Fresh in Debate.
10. Greeks begin active initiation season. Frosh begin to look worried. Lumber yards flooded with orders for paddles.
11. Sig Alpha appear in new slickers.
13. Aloha Gam fresh carrying ago—not so good either!
14. A heart dinner at Hulings. They say quite a few were broken.
15. Fraternity goes to sleep in chapel again, and forgets to announce meeting of Thoburn.
18. Phi Delt frosh demonstrate use of airplane propellers.
20. We hear there are no eats ordered for the Wash. Birthday Banquet.
21. Dr. U. Fresh sent some gathering. Good performance at chapel.
26. Sym pathetic students subscribe sixty shekels for starving students of Europe.
28. Darling again puts College to sleep with stupid travelogue.
29. Dr. Gratz and Kinkaid cooperate in Chapel.
MARCH.
1. Dr. Henke: "There was a certain friend of the family who had several daughters. I know; I was intimately acquainted with them."
2. Preliminary announcement about senior theses being due. Cheers from the senior section in Chapel.
3. Four seniors see to begin work on theses.
5. Duran again—"and after the storm there was material evidence on deck of the rough passage."
7. Thoburn Club takes a new lease of life.
8. MARY WICKHAM launches drive for Ampico. Plea for good music at Hulings. They have none as yet.
10. Republican Club organized. The audience is elected chairman.
11. Ecot. I students start working on term papers at sunrise. Due at midnight.
12. Dr. Coleman allows conversation period in History I. Girls occupy time picking confetti out of each other's hair.
13. All-College Circus. Stupendous parade. The Hunchback gives Hammett three gray hairs. Confetti "transforms all into scene of erotic disorder."
14. Dr. Coleman allows conversation period in History I. Girls occupy time picking confetti out of each other's hair.
15. Rev. Walker in Chapel. "The dog rose to the occasion. I hope you will do the same."
16. Sig meets his little colleague the Phi Gam pooch. Conference on the impending struggle with Bob.
17. Rev. Walker in Chapel. "The dog rose to the occasion. I hope you will do the same."
19. Choral Union sings in Chapel.
20. Barber’s birthday today. A day late.
21. Prexy lectures on etiquette in Chapel. Which spoon to use, and which end.
22. Dr. Henke: "There was a certain friend of the family who had several daughters. I know; I was intimately acquainted with them."
23. Non-fraternity Bowling Team wins tournament. One more gaboon for Cibula’s room.
25. Erosh begin to worry about History I papers. Coleman gives usual semi-weekly kindergarten instructions about notes, etc.
26. Dr. Henke: "There was a certain friend of the family who had several daughters. I know; I was intimately acquainted with them."
27. Confetti "transforms all into scene of erotic disorder."
28. Dr. Henke: "There was a certain friend of the family who had several daughters. I know; I was intimately acquainted with them."
29. Thoburn Club takes a new lease of life.
30. Faculty passes rulings on exams. Student Cribbing Association registers protest.

APRIL.
1. Faculty enjoy exclusive chapel service.
2. Barber’s birthday today. A day late.
3. Republican machine sends out propaganda.
4. Senior Hop. Lawrence and V. DeBolt as usual dance straight program.
6. Repeats in Oil City to crowd estimated at from 300 to 500.
7. Hurd begins holding outdoor classes for students in Economics.
8. Beaumont stages in Chapel. No comment necessary! ! !
9. Phi Gams make final drive for tuxes for Spring Party. -
10. Rep. in Oil City to crowd estimated at from 300 to 500.
12. Republican Club officially organized. The audience is elected chairman.
13. Prexy lectures on etiquette in Chapel. Which spoon to use, and which end.
15. Confetti "transforms all into scene of erotic disorder."
16. Confetti "transforms all into scene of erotic disorder."
17. Confetti "transforms all into scene of erotic disorder."
18. Confetti "transforms all into scene of erotic disorder."
19. Confetti "transforms all into scene of erotic disorder."
20. Confetti "transforms all into scene of erotic disorder."
21. Confetti "transforms all into scene of erotic disorder."
22. Confetti "transforms all into scene of erotic disorder."
23. Confetti "transforms all into scene of erotic disorder."
24. Confetti "transforms all into scene of erotic disorder."
25. Confetti "transforms all into scene of erotic disorder."
26. Confetti "transforms all into scene of erotic disorder."
27. Confetti "transforms all into scene of erotic disorder."
28. Confetti "transforms all into scene of erotic disorder."
29. Confetti "transforms all into scene of erotic disorder."
30. Confetti "transforms all into scene of erotic disorder."

MAY.
1. Echo. I students start working on term papers at sunrise. Due at midnight.
2. Y. W. C. A. Elections at Hulings. Kapoos win through superior electioneering. Newly elected president leaves on a week’s trip to celebrate.
3. Confetti "transforms all into scene of erotic disorder."
4. Confetti "transforms all into scene of erotic disorder."
5. Confetti "transforms all into scene of erotic disorder."
6. Confetti "transforms all into scene of erotic disorder."
7. Confetti "transforms all into scene of erotic disorder."
8. Confetti "transforms all into scene of erotic disorder."
9. Confetti "transforms all into scene of erotic disorder."
10. Confetti "transforms all into scene of erotic disorder."
11. Confetti "transforms all into scene of erotic disorder."
12. Confetti "transforms all into scene of erotic disorder."
13. Confetti "transforms all into scene of erotic disorder."
14. Confetti "transforms all into scene of erotic disorder."
15. Confetti "transforms all into scene of erotic disorder."
16. Confetti "transforms all into scene of erotic disorder."
17. Confetti "transforms all into scene of erotic disorder."
18. Confetti "transforms all into scene of erotic disorder."
19. Confetti "transforms all into scene of erotic disorder."
20. Confetti "transforms all into scene of erotic disorder."
21. Confetti "transforms all into scene of erotic disorder."
22. Confetti "transforms all into scene of erotic disorder."
23. Confetti "transforms all into scene of erotic disorder."
24. Confetti "transforms all into scene of erotic disorder."
25. Confetti "transforms all into scene of erotic disorder."
26. Confetti "transforms all into scene of erotic disorder."
27. Confetti "transforms all into scene of erotic disorder."
28. Confetti "transforms all into scene of erotic disorder."
29. Confetti "transforms all into scene of erotic disorder."
30. Confetti "transforms all into scene of erotic disorder."
CHANSON DE CHAPELLE

BY THE POET'S LAUREATE

Bards do sing of the terrible thing
That happened not long ago
How the faculty cruel that rules the school
Laid the students low.

First Chorus
They're big and awkward and ill at ease
Their uncut beards hang to their knees
Oh! how they love to persecute us.

The students, oppressed and poorly dressed,
With all their might and main
Up and said to the faculty head
We shan't return again.

Second Chorus
They're mad and sore and angry as bees,
Their horrible oaths assault the trees,
Oh! how they love to persecute us.

For here's the thing that's happening,
Oh terrible, awful wrong.
They have decreed there is a need
OF CHAPEL TWICE AS LONG.

Last Chorus
We have to stand, and sing, and pray,
HOW SOON WILL THEY MAKE IT LAST ALL DAY?
Oh! how they love to persecute us.

ON TEACHERS' INSTITUTE TOUR

"I don't see where we can put up Doctor Lee for tonight."
"Don't worry. He always brings his own bunk."

"Father, why are all the students carrying books to classes today?"
"They have exams, my son."

The professor who comes to class ten minutes late is very scarce. In fact, he's in a class by himself.

Evangelist Anderson: My dear fellow, are you troubled with evil thoughts?
Renick: Naw, fer the luv o' mike, I like 'em.

Tourist: Shall I take this road to Bingville?
Old Residenter: Taint necessary. They already got one there.

Faust: An awful lot of girls don't want to get married.
Merrell: How do you know?
Faust: I've asked them.

Wally Davis: Why do you file your French notes under X instead of F?
Jane Williams: Because X stands for the unknown.

Dumb: Is the Prom formal this year?
John: No, wear your own clothes.

Frail (seeing a member of the track squad doing his stuff): It's awfully cold to be without stockings today.
Absent-minded Prof: Then why did you leave them off?

Hurd (lecturing on Labor Legislation): Are you going to keep women out of industry?
Joe Moffatt (after considerable deliberation): I don't know, but I think that I would keep some of them out.

Proud mother (reading letter from her son at college): Dook says he got a beautiful lamp in boxing. I just knew our son would make good in athletics.

'24: How many miles from here to Erie?
'27: Forty.
'24: Then how many miles from Erie back here?
'27: Forty, of course.
'24: Then how come it is seven days from Christmas to New Years and 358 days from New Years to Christmas.
Dear Aunt Alice:

I am a respectable young Hall Girl about 18 years old. Soon after coming to College I met a very wonderful young man who seems to care a great deal for me, and whom I have come to love dearly. He has taken me to several parties and once or twice to church—on Sunday night—when it was raining. Yesterday he suggested that some morning we go on an early hike and cook our breakfast in the woods. I am afraid to refuse him for fear of losing his friendship, and yet I do not want to do anything that is not proper. Won't you please tell me what to do.

Brown Eyes.

Dear Aunt Alice:

I fear that it would not be wise for you and your friend to attempt such a thing as you mentioned in your letter. One never knows how such affairs might turn out. In Paris it is never considered good taste for a young and unchaperoned couple to go to a formal party. You and your friend to attempt such a thing as you mentioned in your letter you do not need to take into consideration any personal element.

DETRACTED.

Dear Aunt Alice:

Do you think that it should be below the dignity of a College instructor to dine with a high school girl? I have met a great many of the young things, and I seem to be able to get along with them much better than I do with College girls, some of whom have to sit in my classes.

A Professor.

Dear Aunt Alice:

I hardly think it compatible with the proper dignity of a faculty member to keep company with a high school girl. It would hardly seem in keeping with the best interests of your college, for it is desirable that her future students should hold college professors as worldly wise and profound gentlemen and scholars. Don't you think that there is a danger of your high school friends being disillusioned in regard to this if you continue to go out with them?

Sympathetically yours,

Aunt Alice.

Dear Aunt Alice:

I am in a terrible way. Won't you help? This morning I got an invitation to a spring party for next Saturday night, and I already have a date with another fellow on that night. Now I should much prefer to go to a big party than to just go to a small one. What shall I do?

DETRACTED.

Dear Aunt Alice:

My dear, how I sympathize with you! Remember that a bird in the hand is worth two in the bush. By all means take the second invitation, but be diplomatic about it and perhaps you can rope in the first man too. Try to make it clear that your grandmother died. If you think that that will not work tell him that you had not heard from him for so long that you thought that he was angry with you, and that his date was off. Then tell him that you are so happy that he is not angry and that he can have another date "anytime." Try the sympathy gag, it is always effective. Above all things don't let your conscience get the better of you for every one has to play a little game once in a while.

Wishing you the best of luck.

Aunt Alice.

Dear Aunt Alice:

I am a bright and promising young freshman. I want to go out for some journalistic activity, but I cannot decide whether it should be the Kaldron or the Campus. Can you advise me?

A Freshman.

Dear Aunt Alice:

My dear, how I sympathize with you! Remember that a bird in the hand is worth two in the bush. By all means take the second invitation, but be diplomatic about it and perhaps you can rope in the first man too. Try to make it clear that your grandmother died. If you think that that will not work tell him that you had not heard from him for so long that you thought that he was angry with you, and that his date was off. Then tell him that you are so happy that he is not angry and that he can have another date "anytime." Try the sympathy gag, it is always effective. Above all things don't let your conscience get the better of you for every one has to play a little game once in a while.

Wishing you the best of luck.

Aunt Alice.

Dear Aunt Alice:

I am a head of an old and well established fraternity, which, miserable dietu, has ceased to rate socially, and which, scholastically is not so hot. Athletics demand too much time and work, and without some kind of a pull we can't get a start in any of the other phases of activities. Now, Aunt Alice, what shall we do. To keep our prestige up to par, it is essential that we get into something.

Dear Bill:
You have the inferiority complex. Having lived in Sewickley for so long you have come to the conclusion that people instinctively know where you live, and thus look down upon you. I would suggest that you date with Lena. She knows everybody and everything, and will guide you to a fuller social life. Good luck.
Sincerely,
Aunt Alice.

Dear Aunt Alice:
Something is the matter with me. My friends hesitate to tell me about it, but I am not invited to nice parties any more. I am too fast. I can’t play with the boys, for I run away with everything. I even play hymns too fast, and beat Doc Ross to the closing gun of Chapel. What can you suggest?

Kalker K.

My Dear Boy:
I have but one thing to suggest. Why not live up to your name, and be a Walker instead of a Runner?
Yours for less speed,
Aunt Alice.

A SLIGHT AMBIGUITY

“Don’t you think the lines are beginning to show on Thelma’s face?”
“I’m not surprised. Alice has been handing them enough.”

Olga: Don’t sit there staring at me. Why don’t you say something?
Tannie: Didn’t know it was my turn yet.

Did Dick blush when his track suit split up the side?
I wasn’t noticing.

Bill: Hello, Mildred, how are you?
Mildred: Wonderful, thanks.
Bill: Well, I’m glad someone thinks so.

Doc Darling (lecturing on the rhinoceros): I must beg you to give me your undivided attention. It is absolutely impossible to form a true concept of this herbivora unless you keep your eyes fixed on me.

Alice: Have you swept under the davenport?
Miss Rose: Yes, everything.

Pete: Hazel is usually dumb, isn’t she?
Clarence: On the contrary. She is unusually dumb.

Littell: Have you read my last book?
Coleman: I don’t know, but I hope so.

DID HE MEAN IT?

Johnny Pratt: I don’t understand about the mark on this quiz paper.
Doc Coleman: I haven’t the time to explain now, go to Helen Fry.
We wish at this time to express our very sincere appreciation to those merchants whose names appear in the following section. Without the liberal backing and co-operation of the local business men, the publication of such an extensive volume would be practically an impossibility. These advertisers have shown their willingness to support one of Allegheny's activities—the Annual—and by so doing have demonstrated that they are interested in the College—the faculty, the students, and the undertakings. It is certain that your reciprocal support will be highly valued.

QUALITY PRINTING AND ENGRAVING
FRATERNITY WORK A SPECIALTY
242 CHESTNUT STREET, OPPOSITE LYCEUM THEATRE
The goal of every ambitious man and firm is typified in the rapid growth of the Jahn Oilier Engraving Company—the universal esteem in which their art and plates are held by the large national advertisers—and the enviable reputation for prompt deliveries which they enjoy.

Delivering this same high quality and careful personal supervision to schools has built up for us the largest college and high school annual engraving business in America—400 books yearly.

Thirty thousand square feet of floor space (4 floors) and over two hundred and fifty skilled employees are required to meet the constant demand for "J&'O" commercial photographs, art, color process plates and photo engraving (one complete floor is devoted to color process work).

Intelligent supervision of all work by many skillful office service men eliminates your troubles. Sales service men sent everywhere.

DO YOU KNOW

That writing insurance has become a profession and
is being entered into by college graduates in as large num­
bers as any other vocation?

That young men of character, energy, and the deter­
mination to make a success of life will find it to their ad­
vantage to investigate this profession as a life work?

That the Standard is equipped to write all forms of
up-to-date Life, Accident, and Health policies, and offers
an opportunity for the making of a permanent connection?
