OFFICE OF THE CHAIRMAN

Miss Ida M. Tarbell,  
120 East 19th St.,  
New York, N. Y.

My dear Miss Tarbell:

The messenger is taking to you today the black-bound book of notes referring to the elimination of the twelve-hour day, which we regret was not forwarded yesterday.

He also carries Volume V of Judge Gary's addresses, which was retained when we sent you Volumes I to IV. ✓

I am attaching to this letter a carbon copy of memoranda by Mr. A. F. Banks, dated May 21, 1924. I think the details of this incident as described by Mr. Banks will be of interest to you, but they are not entirely accurate. At any rate if you care to give these points further consideration, I would suggest that you mention this memorandum the next time when you and Judge Gary are together.

Very truly yours,

*A. R. Bates*  
Secretary to Judge Gary.
