BUREAU OF SAFETY,
SANITATION AND WELFARE
C. L. CLOSE, MANAGER.

September 15, 1925.

Miss Ida M Tarbell,
119 East 20th Street,
New York City.

My dear Miss Tarbell:-

I am handing you herewith copy of letters from Mr. G. G. Crawford, President, Tennessee Coal, Iron and Railroad Company, which gives some information on the questions you raised as to what is done with men who have been replaced with machinery, also what is being done to provide work and keep employes occupied in times of depression.

Yours very truly,

C. L. Close
Manager.
