Chicago, October 18, 1898.

Hon. E. H. Gary,  
The Rookery, Chicago.

My Dear Sir:--

I have yours of the 17th and am sincerely sorry to have you leave the city and go East, and I am very sorry to lose your services as attorney. I believe you have had the major part of our common law business from almost the time you first opened an office. I wish to express the sense of obligation and satisfaction with which I review our long connection. I hope the new duties of your position may not be more burdensome than your law practice, and that you may have the greatest success. You will of course frequently, or at least occasionally, visit Chicago, and I hope we may have opportunity of seeing you from time to time.

Yours truly,

(Signed) William Deering.
