

# United States Steel Corporation.

71 Broadway, New York,

OFFICE OF THE CHAIRMAN

January 20, 1925.

Miss Ida M. Tarbell,  
120 East 19th St.,  
New York, N.Y.

My dear Miss Tarbell:

I believe Mr. W. A. McGonagle, President of the Duluth, Missabe & Northern Railway Company, Duluth, has been with the railroads in the iron ore regions of Minnesota for about forty years. He attended the Presidents meeting in New York last Thursday and we had opportunity to ask if he could see you some time in the near future to give you information with regard to the policies of Judge Gary and the Steel Corporation as he has observed and taken part in them since the beginning of the Corporation. He was returning promptly to Duluth and said he would have engagements there and in St. Paul, Minn., until next Thursday or Friday, but after that and almost any time until February 22nd (when he is going to California) he would be happy to see you at some convenient place. Inasmuch as I understand you are planning considerable traveling in the near future, it might be that you could see him in Cleveland, Ohio, or in Chicago, or, if necessary, he would be glad to come to New York and see you here.

You will find him a most delightful, thoroughly posted and enthusiastic gentleman, one of the senior presidents of subsidiary companies.

Very truly yours,

Secretary to Judge Gary.
