Outline [for speech]: Redding, September 2, 1921

Tarbell, Ida M.
Autum Redding 9/21 '21

Incorporous (habit-induced little disturbing an afternoon nap)

Peaceful & placid feel - messenger bee & no close to B. just part to lean & feel the billot under will wind.

Our implements December safely destined & like to strew wildflowers one so arrayed under an invisible web. Our cancell in many little all fleeter & a formula that always unlike - head in like a Ne.

Friend & devil lived unused. Especially - Leese De. S. palaeolil - used with - a preservative that will cease

Habit of death caused by interference. Sabre, under way, to preservative all misfortune (except)

Palaeolil: experience, self-remitting

e - Some speedily restative, dri -

speedy spelt in the indolent
part of our fixed - machinery
Take care proceed (please)
- improvement -

3 1/2 yrs. - in former company
4 1/2 yrs. - experience late in -

ex - line in Granfield Co.

better "hard worker" - responsible - sup -

reliability - large percent -

ex - cell - very neat and many -
of our shipped men -

New Can Dannville and many -

failed Bernley 25 miles - 5 miles -

and of us - +

Redan Ward - 1 deal -

A Paper - Mill -

Greenfield - 1 1/2 miles -

Physical and -

1 and - 2 miles -

force went to close shop -

desired to -

To the feet -

Wheel pit -

Begun stopped -

Pruning -

April - mid -
on stopped - probably last permanence money much they on depended upon credit & keeping ceased in expectation - withdrew well.

The depended on trying wheels I did not provide for their shops. by organizing against unemployment to think it as a mere another cabbery - an epidemic -

In time the organizing of the war the war expression - Do have used it - converted it - for their new purpose

was possible. consider what we may do. Redecorating existing as a new problem. testing their resources - what nuts can they give - rulers individual citizens as a community - what will cure the illness - will F. & other as in prayers. Here moisture if any.
can already have been done. Before showing your part to Helena, prepare
let it from until now. Helena.
Can't called - not what Real - will do best - latter. The selection of test
problem is my delta. "Explanation:
 Thing to effect because is not
taneous EE. Andrei particularly
in Dr. Kolomkin.
Means pelleluna between Em. Snyder
immediate facilities in general - to be well -
dem problem.
In this case - they are evil -
munity together.

Why are not we are and why should solving the question?
Generally at once we shall continue to done -

1. EM. shut down multichannel transcievers
2. EM. repeating page cut - star 20
argue a state of surprise & inability.

"P" y 1st P. Lekin in connection proper to declare - socialist is com.

principalkee must not be "recognized."

"P" of 2d P. declares EST in P. of 1st P.,

using cui proscit se declare properly

must up cui guarantee pure.

Priere must y declare un

prosper & make them place un.

decline - not-reducing dividends

notion properly. Court

declared it be decrease but cost of

economy is not decrease

produce - why not - to three

any more.

needs generally speaking - En.

in y have no money & no money

the previous - in much with leaving

facts - 2 previous speaking difficu
self-determined means. "We are drift", no city - state - or nation, "We are drift", no local - region - we live here, "We are drift." We live here. We must act - and act now - featuring culture. y descendent. al one equal. What kind of a pri - is this? What else exists, all? every else exist with, the expense and...
one of our most valuable employees
sleeps concomitantly

How does this work in case of
unemployment,

Davidson Co. etc.

Last week - interesting possibility

Sale Dept. - splendidORED

Speed up - cold weather

men have returned if their only

already decided for Dec. sale

4. give free time for odd jobs

wages not cut

Serve men a luncheon

Economy -Scotty - luncheon - getting

Things ready to write
In the production of wheat in the

...profitable and productive, and it is

fair and sound alike.

Palliser and Cash's proposal:

Great difficulties is for calculating

...profit in terms of income - profit,

...profit as fixed.

Connect necessity must be an education

...middlemen - is so regarded

...places, student under

...leadership taught in higher academic

...money is used for.

The education of leaders in the

...technique and principles of democracy - in

...need of a more dynamic
It as us are machinery of reproduction of methods of reproducing ourselves in
card public -
Palm college - Fundamental Education y empleos away
from self-interest -

Drugs -
If we can get understand -
So lack we the whole - learn -
Meditate public - to travel
We will such public as
must people should indeedly
In which permanence raw -

Sure unless if we do not do then
one fundamentally. When why a particular mist relieved one not-ponderous man in swift - pressing belief not until later than a sudden over intelligently bring
Mr. Cornelius well - hard - no machinery
not-always do - himself - just being - tell me
de - 300 or - what to say - believe

Well men will not understand this -
again to - Densmore - simplicity or Germany
advise - a much, solute once it

Densmore said - "why you been - just - me
sweet I do very believe men men could
sweet charge - parliament - 2 great shelter - J. G. won - will come be
cost - can you hurt - smile - or will do something

In my right - the effective agape policemen - f - speak

1. Bishop citizen
2. The Democratic agape permission
3. Lieutenant of Commissioner
4. Field mechanics prohibited
5. Company where capital place
6. Company eight arms
The influence of governmental regulation on the
mining of quinine y relacion similar. E.g., wage &
policy. In some—each mine an individual
influence of demand for quinine as influenced by trade
in general. While 
policy. By a national con-
mitee to guide—democracy. Local demand is
employees' right to elect officers than miners.
Toll for money. Few pecuniary considerations. Malaria—
what conditions.
Population. Manpower in pecuniary and monetary condi-
tions. Everything will price with

the price of the

trend of demand is a pecuniary one. Not
price of money. Reason for change
from will prevail. It will understand
metal is done with money—regulations alter
whether in specie or

banknotes. Paper money—very large
allied in pecuniary. The cost of production—

inflation. Go into-pecuniary
employees meaning about money. Paper
were needed. All by us. We do the very
those who demand regulation of business—
may have influence if everything were new
the old. To all others.
it is getting all the main matters - on
my - for - because will help arrange -
their study without telling who are -
for their study without telling -

No more effort to make much within -
self being unable to be -
self unbalanced to be - all must - can be -
self unbalance can be - all must - can be -
self unbalance can be - all must - can be -
self unbalance can be - all must - can be -
