Notes: Women [They accept one .. Experience had made them familiar with . . . ]

Tarbell, Ida M.
They accept one sort of rule - the one they experience has made them familiar with - and if they can destroy that - are willing to establish the vigilance. The notion of national
than used municipal language
against the saloon in the enemy
with the saloon in the root of
end. I can see as puzzled a United
colony of paupers as any country
in the U.S. An effort producing of course justice
Education will and our hatred
2 the plan educated went among
I slapped back. Can Solomon possess
and the hell won't last before
with the club - it

We will have us
