The woman in politics

she knows no doubt - once engaged
her party later - and if it is because of
this certainly - that she cannot
in contribute to the ^{work of} exploring & pinning
the advance ground of int ideas
& she belie experientially - & she says
her business is to keep - to hold - fast
the man she has captured -
then the children she has reared
the harm she has made - the man
is a puny, restless chafeful
experimenting animal - and it ~~is~~ ^{is}
in her resentment & lack of understanding
of his nature, her obstinate determination
to hold him for her purposes in the
gen she has made & is satisfied
with - that much mental ~~trouble~~
unhappiness comes. He wins peace
by sacrificing his own ~~self~~
~~that~~ beastly nature

This is exactly what you get in
business, in ~~politics~~ & professions &
what you will get in politics.
Take the women of the Dr. Rev. ~~Holler~~
field in which the woman in
politics can be studied to best ad-
vantage - in no case did a woman
rise to the ~~great~~ ^{great} situation. She followed
~~her~~ by her party just & her man - ~~made~~
dead by ~~her~~ ^{her} ~~man~~ - when he became a
burdened old tubercle - man ~~adventurer~~

by her weak hearted minded shifting count
 upon Woodland by her mispolitic &
 idealistic mob - ~~frustration by her~~
 And yet each was a great workman
 & played the part of the great
 workman's part - United Nation Order
to be conservation.
