Memo - Trend of Women's Activities

The speed of which women in this country have been going has been temporarily arrested - arrested long enough for them to take stock of the point that they have reached in their headlong going.

Runners of leaders to mobilize for their communities. War passive second stage - enrichment - you young woman - you - high school colleges - became leaders back in you.

Away from home, from jungles, hundreds of opportunities at home. Amazed at the scale of it - in college girls - want to join us - not knowing we all not-desirable - not-leaders - true fully responsible - running away from authority.
