quitting all your notions of trends of science or philosophy.
Wielding the principle of continuity.

Now as to religion — no one
who believes in it is counting
on home-making families.

But even superficial affection
is better than all the money
in the world.

People who use science acquire
enormous power that
will make even social evolution
possible but do not think about
the end of science.

The final result depends upon
the world in which we live.
