Dear Mr. Wilson,

I was in Washington last week and was very much impressed with the developments on the West Coast. I believe that the future of business is very bright and that we should take advantage of every opportunity to expand our operations.

Please let me know if you have any ideas or suggestions that we can use to improve our business. I would also be happy to discuss any new developments in the industry.

Best regards,

[Signature]
Why does business cycle {why so instability} - War & Recession? - In order to kill discontent - supernumerary - in cut unemployment - need not cease. In fact unemployment would not cease if people are only at peace every tempers a little with itself - get Trot and basic + intelligent + with a little
