

is in Cambridge, Mass. She is a trustee of St. Lawrence. I don't know much about the youngest girl, Gertrude. Think she lives in New York City. Barney Whitney, one of the two school commissioners of this county 60 years ago said the Lee family was the best he ever knew. Said all of them were very kind, good in every way, and intelligent. Prof. Lee as he was called for years got very little for his work at Canton. President J. S. Lee & Ebenezer Fisher head of the theological school kept the scholars there at a financial loss to themselves. Tuition in the University was only \$27 a year, and very few scholars. My oldest sister Sarah Puffer graduated in 1871. Brother Frank Puffer was there in 1869, 70 & 71 part of 1872. He practiced as physician & surgeon in Minnesota 3 1/4 years. Graduated from New York in 1877. Passed away this morning
