Dear Miss Chandlers

I am truly sorry to have to trouble you again but when I came to consult what I imagined were the complete notes on Mr. Coffin I found that I lacked the necessary exact dates. Another of the many favors for which I have to thank you.

The book is to come out at the end of the month I believe. They tell me at Macmillans that they are getting literally thousands of requests for circulars - this from the book trade.

When it is all over I shall bring you down a copy and thank you in person for your kindness.

Very sincerely
