Dear Mr. Jones:

it was friendly of you to write to Mr. Owen D. Young saying that you liked my story of him. Thank you.

In your letter to Mr. Young you say that W. L. R. Emmett should have figured in the book. He is not the only one!

About that book of Mr. Emmetts. Will you give me the title and name of the publisher? I am sending out for "Steel Chips". That place up at Schenectady has a real fascination for me and I like to read anything written about it.

Very sincerely
