

April 11, 1931

Dear President Sykes:

I have just returned from a couple of months in Arizona - the last week a happy one with Mr. & Mrs. Young at Chandler. I over stayed my time in the southwest and now find that I must re~~est~~^{ise} my schedule for the next two or three months. That means that among other things I shall have to cut ~~the~~^{the} length of my visit at St. Lawrence from two weeks to one. I shall be with you on the Seventeenth as arranged, but shall have to be in New York the morning of the Twenty fifth.

I am sorry for myself to make this change but there seems no escape from it.

As you can imagine I am looking forward with great interest to making the acquaintance of your University and its people.

Very sincerely yours

President Richard E. Sykes
St. Lawrence University
Canton, New York
