Dear Miss Prink:

Will you be good enough to see that the paragraphs enclosed are inserted on galley 61 returned to you yesterday as marked here?

I am retaining galley 70 from the set - 62-80 which I am herewith returning. I will get the revised galley 70 to you Monday.

Alas, I know that I shall have a bill for "authors operations", but those made seem to me necessary or at least improvements, so I shall have to suffer the consequences. But it was good of you to warn me.

Very truly yours
