Dear [Name],

I hope this letter finds you well. I have been thinking about you a lot lately and wanted to check in.

How are you feeling? I hope you are doing well and staying healthy.

I was reading an article about the importance of taking breaks and managing stress, and it made me think of you. It's easy to get overwhelmed with everything going on, but it's important to take care of ourselves.

I was also thinking about our last conversation and wanted to apologize for any misunderstandings. I hope we can continue to keep in touch.

Take care and stay strong.
