I have not studied appeal in political thought. I am not sure if the appeal is like the appeal of a product. For example, the appeal of a product is based on the degree to which it meets the needs of the audience. The appeal of a political candidate is based on the degree to which they meet the needs of the electorate. The appeal of a political candidate is also based on the degree to which they can influence their audience. The appeal of a political candidate is also based on the degree to which they can inspire their audience.
