Dear Miss Tarbell

226 EAST 15TH STREET.

All business aside

his is to wish you
a happy Christmas - the warmest possible.
and to thank you for your very nice present to
me - it's a daring one but it shows confidence
in me and us which I like. I'll use it always.

I'm not sending my present to you - the
candles (with springs) and red shades - 4 - they'll
make your table even more cheerful than it
is now. and they'd be fine to of the the red dress
would soon become a reality. You are hard to
get for - just like Martha - there are as many
things I wanted to give you I can't hardly decide.

And Kate and you are in high favor at 226 -
Kate was funny - she couldn't wait: she told
me over the telephone that she was taking something
over to my house! Yours truly to think of us.
May the New Year see a continuation of our
friendships - without it I should feel very lonesome.

If I can even be half as much ~~happy~~ as you
are some I'll be happy.
With my love and greetings. Love
