

THE NEW YORK LEAGUE FOR THE HARD OF HEARING, INC.
480 Lexington Avenue
New York City.

November 19, 1936.

Dear Member,

Last June, when we were all so happy because Governor Lehman had signed two of the three bills sponsored by the League providing for hard of hearing children, I addressed an editorial to you in THE BULLETIN calling for united action to put through the third bill at the coming session of the Legislature. I also told you that money would be needed--a dollar from each League member--as a campaign fund. Two members sent in twelve dollars at once!

Elections are over and we need that dollar! We are now organizing for a determined effort to procure lip reading for every hard of hearing child BY LAW! You do not need to be told the value of such a law. YOU KNOW!

I have given my dollar so now we have 13. I make no apology for asking you to give a dollar more than your membership dues, for I'm doing it too. This is the chance we have been living for! Now it's here.

Please send me your dollar--or whatever you can spare, a little or a lot!

sent 11/20/36

AWP:GH

Sincerely yours,

Annetta W. Peck
