

Arlington Vermont

November 11

Dear Ida Tarbell.

Of course you can
use my name — honored to have
you think of me — and I do
wish I were to be in the
city to attend. I follow, though
from afar, with warm sympathy
and interest the doing of the
Peer and Bunk. What courage is
needed to keep the head of such
an organization above water, in these
days! Affectionately always
Dorothy (Annet) Fisher
