

January 24, 1929

President Alfred Britt
Knox College
Galesburg, Ill.

Dear President Britt:

I have just received the January number of the Knox "Alumnus", and I am overwhelmed with what you say about my visit. The friendliness of it touches me to the heart. I hope you are not too wrong about its value. I would like to feel that I meant something to some of them. At all events, you can be sure of this - my six weeks out there were quite an unforgettable experience, and the tribute you pay to me here is very precious.

In a previous letter you suggested that I might like some copies mailed to my friends. I certainly should, and enclosed is a list.

Very sincerely yours
