

October 9, 1936

Dear Mr. Villard;

Thank you for the trouble you have taken in my interest. You give me exactly what I wanted to know. It might interest you to know that this clears President Eliot from the charge of having written that review. I never believed it myself but many who knew him well did.

Thanking you again

Very sincerely yours

Mr. Oswald Garrison Villard
20 Vesey Street
New York City
