

36 Gramercy Park N.Y.City
July 9th . N.Y.City

Dear Miss Tarbell; It is a long time since our trails crossed and I hope we may see more of each other in the future.

The Demings have transfered their belongings to 36 Gramercy Park ,where English is spoken and you recognise American faces on the street.

The lodge has been put in shape and the latch string hangs out and we hope our old friends will not let the new trail grow green.

I have been doing a lot of work, Among the pictures is "The Buying of Manhattan Island by Peter Minuit". I have just completed a sun dial, an Indian Youth praying to the sun. I inclose a photo of it.

Mrs Deming joins me in sending kind regards and we hope you will drop in soon.

Faithfully yours

EW Deming
