

Syndicalism - III.

4 p. 2 in an entire new attitude towards
unions. The corner in the ^{new} syndicalist machine
changes their making are all the three
essential factors in what M. calls the
corporate state - these unions have their syndicalist
all of them mind - he is it - a bribe a walk to
corner of pay - they elect a leader -
they suffer - submissiveness - insurance - mel-

that many pitfalls lie in the path of the
syndicalist. Can M. M. beat this machine
which his capitalistic consideration will keep
be willing to submit - He has an idea to try
quite novel - Can he prevent the effects
of the syndicalist - from extending breaking of
down - Can he avoid the laborer to the

here a week. In a coming factory of paper
 made 2 inside the manager of the factory
 of this collection of not taking out of the
 ways. The business representative had not
 needed them to pay of their own accord
 out of the factory - but they were - and
 he had it 2 out of two more - carried
 away 10 in 1 - the the difficulty the labor
 union have their own for insisting
 on the "check-off".

There are other people - here about
