September 4, 1918

Dear Miss Tarbell:-

I am venturing to send you the enclosed letter at the request of my niece, Mrs. Sidney Small, of 70 Walmer Road, Toronto, Ontario, in the hope that by good fortune it may seem to you worth while to journey to Toronto to help the women there in our common struggle to feed the people of North America during the coming months.

Mrs. Small's club, in the name of which she writes, commands the goodwill and attention of the press of Toronto and, through that, of the whole province. I know whereof I speak, for I have more than once had the pleasure of speaking to that highly intelligent, public-spirited and useful body of women.

I will not waste your time and eyes in apologies for this rash appeal. I know that everything that you can do in this service, you will do and are doing.

Yours sincerely,

Florence Kelley

Miss Ida Tarbell
