February 1, 1933

Dear Miss Giles:

Here are the bare bones of the series I am working on. If Mr. Burton and Mr. Berlin are interested I would be glad to go more fully into the material, that is make a full outline.

When Mr. Burton and I talked of the second series I told him of this scheme and he was interested, but that is some time ago of course.

I am sorry, but I must have an answer promptly. The series has been hanging for some time and I must get it out of my system now.

I shall be grateful if you will get me an answer as promptly as possible.

Very sincerely

Miss Dorothy Giles
