THREE NINETY ONE
CENTRAL PARK WEST

To whom it may concern;

This is to certify that I can most highly recommend Miss Ruth Graves. She has helped me with my children for two years most successfully in every way. She is interested not only in their physical welfare but has had remarkable success with their mental development. She is in sympathy with modern methods of teaching children.

She has a splendid

character and is cultured.
and refined and absolutely
dependable

Nicoline Jedeler Thix
