Decatur - 19/ '22
Kirham's Grammar

- the title page is
written -
"Mattie A. Berry
is now learning grammar"
- Kirham's in the Preface pro-
poses to give what no
previous grammar had
systematically done - "a
systematic order of
passing"
- "Content to be useful, instead
of being brilliant" the author
as he claims "under in-
teresting & delightful, a
study which has hitherto
been considered dry, tedious
& irksome"

ass. H. justified in
claiming that - the program
would "accelerate the march
of the juvenile mind in de-
advances in the path of
science, by dispensing those
hours that so often be-
wasted, & ^{more} ⁱⁿ ^{the} ^{course}
of abstract "mathematics" & "the
study of progress" of
the consciousness of
the definition
It was a kind of
self-knowledge -
it was divided into
little chapters but
lectures with frequent
re-pleading of the better
ultimate in the
form & phrase - plenty
of sections at the
mouth of a student -

would answer he had
1/4 of
The part of Lecture - 12
great time in passing
also plenty of exercise
in false judgment
"Lecture" not answered
in passing" - a section
under each "Lecture"
different
on part of speech

a treatise for a young
man of the position to
measure & study -
easily use it of
a wealth of suggestion
also the advantages -
simplicity - wealth of
illustrations show how
"a science" meant some

Digital Image, 2011. The Ida M. Tarbell Collection, 1890-1944, Allegheny College, Bellefonte, Library

very new to him, some
 thing desirable to
 I found it passed a
 try as a grammar
 part where I remember
 it was I's grammar
 I recalled - that was
 the first time I had
 found it. I remember
 seeing - I remember
 seeing - I remember
 I put my hand on it
 a book to read studied
 the way of use on the
 old pages - now
 marked - it was
 hidden in the old
 book - I studied
 1824 - new words

and now now the
 it would be the
 years with 2 hands
 careful grammar
 I got the book
