Dear Mrs. Large:

Do pardon the long delay in replying to your letter of October twenty third. I was out of town until early in November and since my return I have been so busy I have neglected my correspondence sadly. I feel the more guilty since you were so kind in your letter to offer to have photostats made of the Lincoln items in your possession for my collection. I should be very glad, indeed, to have these photostats and I promise you they shall be properly placed. Any incidents or information you have in regard to them I shall be glad if you will include.

Apologizing again for my delay and thanking you for your kind offer, believe me

Very truly yours

Mrs. Stephen D. Large
