My dear Miss Tubee -

I wonder if you'd like to come in on
 W.O.R. "Radio Garden Club" on Saturday
 July 1. at 145. when I'm to speak on
 one of my Lobbies - Church Gardens?
 I think we should use Church grounds
 more & more. and make them beautiful
 rooms. "Only beauty only truth can
 live a thousand years". Rutgers
 University asked me to address a state
 meeting of ministers of all denominations
 recently on Church Gardens. It was a
 new idea but they became very keen.
 You recall you started me to lecture
 by saying "I ought to"! Now see what
 you're due! Our little Garden Club I
 had so much fun in, got steadily

ou. and I hope the "Garden Celler" will
prove useful too. I imagine that by now
you are starting another book. We all love
what you do. Give always kind regards.
Concerned only with Truth. With best
wishes for you happy summer -

Cordially -
Florence C. Sweet.
