Miss Ida M Tarbell
120 East 19th Street
New York City N Y

Dear Miss Tarbell:

Answering your letter of May 2d concerning the Buhl case, the exchange of securities, etc, I should like to suggest that if you expect to be in Philadelphia in the near future that you advise me when and I will arrange to discuss the entire subject in detail in order that you may fully understand our position. My reason for asking you to come over rather than my coming to New York is that all of our records are here and I should like to show them to you, and in addition it might be desirable to have you talk with our Legal and Financial men in order that you may get the story complete in every detail; however, if it is not convenient for you to come to Philadelphia, I shall be very glad to see you in New York.

Please let me know your wishes and the dates most suitable for you, and I will arrange a definite time for the interview.

Yours very truly,

N. A. Tully
Vice President
