MEADVILLE, PA., OCTOBER 2, 1909.

Class Rivalry THE NINETY-FIFTH OPENS AUSPICIOUSLY Foot Ball to Day

Total Enrollment is expected to excell that of any previous year. Matriculation to Thursday Noon.

FIRST FOOTBALL GAME.

Annual Fight Between the Two Under Classes Begins the College Year.

The first bit of under-class rivalry occurred on Friday morning, September 24th, when the Freshmen defeated the Sophomores in the annual flag fight. The real outbreak came at ten o'clock, just before the opening of chapel, yet preparations had been going on during all of the preceding night.

Posters Appear.

It seems that both classes were having posters printed and had planned to cover the town with them on the night of September 23. The vigilance of one side could not exceed that of the other, so that when the Sophs did finally cover the campus with their documents of advice, it was but a few minutes until they had been torn off or mutilated by the Freshmen.

The first clash came in front of Bentley at about 5:15 A. M., when a small band of Sophs took possession of the north steps and porch of Bentley. The Freshies attempted to dislodge them and, after receiving the contents of several paste buckets as well as the buckets themselves, were successful. The 1913's so outnumbered their elders that this was an inevitable result.

At the Chapel.

Throughout the morning a tense excitement prevailed until chapel time brought a culmination in the outbreak of open hostilities. The Freshmen, some eighty strong, gathered in front of Ruter while the Sophs, congregated in a crowd of about fifty, were just below the chapel. Scarcely any time or breath was wasted in yells before they came together in a mad scramble of flying arms and legs, of falling bodies and tearing clothes. In ten minutes the Sophomores were all over the hill while a few Freshmen remained on guard.

For a few minutes jubilation held full sway over the victorious Freshmen and their allies, the Juniors. Not for long, though, did this state of affairs continue, for the Sophs pluckily resolved on another try.

The Flag in a Tree.

Before the jubilation was over, Peterson was discovered speeding across the Campus with a brown and gold pennant. In a twinkling pandemonium reigned again over the campus. Both classes arrived together at the tree on which the flag was placed. The scenes of a few minutes before were quickly repeated. Numbers again told and the 1913 men had soon boosted McNulty up the tree. Another and another followed until a half dozen were in the branches. The flag was dropped into a waiting crowd of Freshmen just twenty minutes after the scrap began. It only remained for the conquerors to divide the flag into much prized fragments.

EPWORTH LEAGUE RECEPTION.

The chapel of the Stone church was the scene of a very pleasing event on last Monday evening, the occasion being the annual reception of the Epworth league to the students of Allegheny college, the Pennsylvania College of Music and the Meadville Commercial College. The first half of the evening was devoted to a clever entertainment scheme, the selection of the best birth-month of the year. The guests were then ushered to the basement, where the entertainment features were planned to represent a circus. Ice cream cones, pink lemonade and side shows were in evidence.

The number of guests was about two hundred.

COLLEGE SING.

Wednesday evening a well attended college sing was held in the Y. M. C. A. rooms at Cochran hall. Songs and yells were the most prominent feature of the evening, but other attractions were offered, a punch bowl being very popular. The new men were made welcome and all thoroughly enjoyed the affair.

Allegheny's "Ninety-fifth" year opened on September 20th, with the same old-time spirit and enthusiasm. Many of the old students, eager to get settled into the routine of college work returned several days early. These men were here to greet the others who came on the opening days.

So cordial were the greetings exchanged at the depot that new students were inspired from the very first.

Those who were hunting rooms and had made no provisions before coming to school were cared for at the Y. M. C. A. headquarters, where assistance was always to be had. Cochran Hall was filled up some time before school opened, one lonely Sophomore remaining over from last year to tell the new men of the customs of the place.

Hulings Hall and the Annex were filled long before registration day, and many applications had to be refused.

Matriculations to Thursday noon were 118 in number as against 113 last year. The following is a complete list:

TRACK MEN AT PITTSBURG.

Three Allegheny College men will be represented in the big track and field meet held today at Forbes Field, Pittsburg, under the auspices of the Pittsburg Athletic Association. They are A. B. Hines, '10, D. F. Croasman, '10, F. E. Stewart, '09, and all are entered under the colors of the Fort Pitt Athletic Club, of Pittsburg.

Hines, who is captain of the Allegheny track team this year, is entered in the twelve-pound shot put, hop, skip and jump, discus throw and punt for distance. Hines is expected to win at least the discus throw, for in that he is the champion of Pennsylvania.

Croasman, who has captained the Allegheny track team for the past two years is entered in the 100-yard dash in which he has a handicap of four yards, which ought to make him a winner. He is also on the Fort Pitt track team.

F. E. Stewart, who graduated last June and was for several years a standby on the track team, will be in the 100-yard dash, goal from field and will also run in the relay team. In the hundred he is handicapped two yards.

The fact that these three representatives of Allegheny are taking part in one of the biggest track meets of the season signifies that the good work on the track has been recognized. They did not enter their own names but were sent for by the athletic club which they represent.

FORUM AWAKE.

The first regular meeting of the Forum was held Thursday afternoon at 4:45, in Philo-Franklin Hall, Speaker Swick presiding. The meeting was inspirational in nature, brief talks being given by Speaker Swick, Fixel, George, Hunt, Mead, Prof. Armstrong and others.

A good beginning was made in the sale of season oratorical tickets.

Allegheny and Hiram to Meet on Gridiron this Afternoon.

The first football game of the season will be played this afternoon at Athletic Park with a strong team from Hiram. The game is scheduled to start at 1:30 on account of the base ball game between Greenville and Spirella, which is to begin at 3:30. Coach Stewart, in speaking to a Campus reporter, stated that he expected a close game as the Hiram aggregation has been practicing for three weeks and has some good football material. The Allegheny team will be chosen from the following men:

L. E.—Stidger, Bricker.
L. T.—Kennedy.
L. G.—Ball, Gibbs.
C.—Cole, Le'tzel.
R. G.—Hickernell.
R. T.—Dotterer, Piper.
R. E.—Abbott.
Q. B.—Baker, Firestone.
R. H.—Lavelly, Firestone.
L. H.—Weidler, Strawn.
F. B.—Leffel.

COACH STEWART.

A Brief Story of the Athletic Career of the New Physical Director.

A notable change was made in the personnel of the faculty last June by the election of Mr. E. J. Stewart to the position of foot ball coach and athletic director. Mr. Stewart's work and influence is already so evident in the life of the whole college, that comment upon that subject is needless. He has had the team at work since the middle of September and the outlook is very gratifying.

A brief story of Mr. Stewart's previous athletic career follows:

A College Athlete.

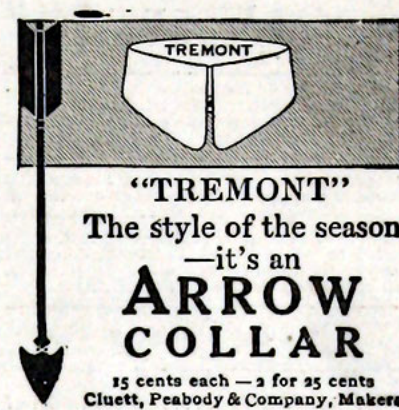

The complete record of Mr. Stewart's amateur achievements are as follows: In '95 he graduated from Steubenville, Ohio, High School, after he had represented it in every branch of athletics. The same year he entered Scio college, where for two years, '95 and '96, he played short stop on the base ball team and quarterback on the foot ball eleven. After he entered Western Reserve in '97 he was quarterback on the 'varsity eleven for four years, substituting only during his first year; during the same four years he played on the basketball team, which held the state championship for two years in succession, capturing the team one year; for three years, '98-'01, he played on the baseball team as short stop and pitcher; and lastly he was for two years a star point winner of the track team. While taking a special course at Mt. Union in 1902 he participated in foot ball, basket ball and base ball, as quarterback, forward and pitcher or short stop, respectively. The basket ball team won the state championship, thus making the third championship five with which Mr. Stewart played.

Professional Work.

As a professional Coach Stewart organized, coached and played quarter on the first Massillon "Tiger" football team, which won the state championship in '03; he played with and coached the Canton A. C. basket ball team which also won a state championship. He played independent baseball at Massillon '04, '05 and '06; coached and played quarter on the Massillon "Tigers" during the two years '04 and '05 in which they held the championship of the United States. From Massillon he went, in '06, to the M. T. eleven, another professional team of national fame. Later, at Mt. Union, he coached the '07 basket ball team, which won twenty out of twenty-three games.

Before coming to Allegheny Mr. Stewart was at Purdue and through his coaching enabled the basket ball team to rise from last place in the league to a place second only to Chicago. Some of the teams beaten were Wisconsin, Indiana, Iowa, Illinois, Northwestern and Minnesota.

One significant feature is that during seven years experience Coach Stewart has never had a serious accident occur.

THE NINETY-FIFTH.

The prestige which an institution gains with age is rapidly coming to be Allegheny's own. The ninety-fifth year has already begun. There are men enrolled in Alden Academy who will not graduate from the college until it has celebrated the one-hundredth anniversary of its birth; so far has Allegheny come on the way.

We look back with a feeling of admiration at incidents and events which have come to be traditions. The men and women of the past have taught us valuable lessons.

But the things of this year will become the traditions of the future. The students of today are the alumni of tomorrow. To them Allegheny looks for the continuance of her high standing among the educational institutions of the country.

Why should not the "ninety-fifth" excel any previous year at Allegheny?

VOLUME XXVIII, NUMBER 1.

For twenty-seven years the Campus has been appearing on College hill, at first as a general college publication, and later as the recognized newspaper of Allegheny. The first issues differed much from those of ten years ago; those of ten years ago differed much from the one you hold in your hand. Each board has endeavored to improve the character of the paper in some way.

Those who will have charge of Volume XXVIII propose no extreme changes in the makeup of the Campus. Yet it has certain ideals for the year which it will endeavor to realize, all of which have, as a rule, been the ideals of all previous boards.

In the first place, the columns will be kept as free from typographical errors as possible. Realizing that such errors are unworthy in a great daily, and almost unpardonable in a college paper, a sincere effort will be made to eliminate them altogether.

In the second place the editor-in-chief, aided by a committee composed of a faculty representative and a student representative, propose to keep the system of competition absolutely and unquestionably accurate. Material handed in for publication will be turned over to the committee at the end of each week.

As a third aim, we pledge ourselves to maintain an absolutely non-partisan attitude on all questions discussed. We believe that no recognition can be higher than that which came to a retiring editor of the Campus several years ago, when it was said of him, "He won distinction by publishing, not a fraternity organ, but a college paper."

With these ideals before them, relying on the co-operation of the student body, the new board of editors presents the first number of volume twenty-eight.

"NINETEEN THIRTEEN."

The largest Freshman class in the history of Allegheny college is already trying to crack the nut of knowledge. We welcome it into the various college activities.

The flag rush was an indication

that 1913 is going to do well what it does. College Spirit will not be wanting, in men who have fought side by side for their class as the Freshmen did last week.

There is something in college for everyone, but it not passed out C. O. D. Payment must be in advance. The best in college is none too good for anyone, and to the attainment of the best your best efforts should be devoted.

WE MISS THEM.

As is generally known throughout the college world, President William H. Crawford and Dr. Frank C. Lockwood are on Sabbath leave, enjoying a year of well-earned recreation and study in Europe. We miss them everywhere, but rejoice in the fact that they are carrying abroad the name of Allegheny.

We may expect to hear from both frequently through the columns of the Campus.

PROFESSOR BROWN.

The student body was very sorry to learn of the departure of Prof. L. R. Brown, for several years an assistant in the English department, to the Normal Training School of Cleveland. While among us he has participated in many of the college activities, and has done much to turn out the well-known successful debating teams and oratorical representatives of the last few years. But besides this he found time to make every student his friend, and has, by his own tirelessness and unselfishness taught a lesson which will not soon be forgotten. The best wishes of the student body and faculty go with him to his new field of work.

WHY NOT A BAND?

At least twice during the past two years, Allegheny has been represented at athletic contests by a brass band. "We want some more," very accurately expresses our sentiments on this subject.

The college owns the necessary instruments and uniforms and there are plenty of men with talent who are anxious to form such an organization. All that is needed is the encouragement of the student body.

May we not hear from the "Allegheny College Band" at the next football game?

DR. COBERN HONORED.

The Pittsburg Dispatch for last Saturday printed a cut of Dr. C. M. Cobern in full academic garb. The picture was printed in connection with the announcement that Dr. Cobern would occupy the pulpit of the Second Presbyterian church on Sunday, September 26, and for the first three Sundays of October. Dr. Cobern has already preached several times during the summer at this foremost Presbyterian church in Pittsburg, one of the strongest in the denomination.

GOVERNOR HANLY COMING.

A large number of the students will avail themselves of the opportunity to hear Ex-Governor J. Frank Hanly, of Indiana at the Stone church, Tuesday evening, October 5, at 8 o'clock. Governor Hanly is making a tour of the state in behalf of local option. He enjoys a well established reputation, not only as a prominent temperance orator, but also as one of the really able speakers of today on any subject.

Y. W. C. A. RECEPTION.

Wednesday evening the Y. W. C. A. gave a reception to the new girls. A clever stunt had been planned, which helped to get all the girls acquainted. Refreshments were served and a musical program was given. Miss Fraser, Dean of Women, lead the Wednesday evening meeting of the Y. M. C. A.

SEVERAL CHANGES.

Personnel of the Faculty for New Year
Slightly Different.

The opening of the new college year has been attended with the usual number of changes in the personnel of the faculty. The following may be enumerated:

Prof. William T. Dutton, vice-president of the college, is acting as president in the absence of President William H. Crawford, who is now enjoying his Sabbath year in Europe. Dr. Frank C. Lockwood, head of the department of English, is also enjoying a year abroad, and will study under Dr. Douden and others at Oxford. Prof. Lemuel Brown, instructor in English, during the summer accepted a position as instructor in rhetoric in the Cleveland Normal School, leaving another vacancy in the teaching force of the college. The chair of English will be occupied this year by Prof. E. S. Armstrong, a graduate of Dickinson College, and a post-graduate of the University of Pennsylvania. Prof. Armstrong comes with the highest recommendations as an English teacher and has done special work along the line of Elizabethan literature.

Prof. Clarence F. Ross was most cordially welcomed back to his classroom, after a year's study in Italy and Greece. Prof. Hyskell, who occupied his chair during his absence, has accepted a position as head of the department of Latin at Hedding College, Wheaton, Ill.

Coach Stewart succeeds Dr. H. C. Scheetz as coach and physical director and Dr. Guy. E. Snively is promoted from instructor in French to a full professorship.

Miss Emma Edson, formerly assistant in Biology, but who is now science teacher in the Meadville High School, is succeeded by Prof. Dexter.

FACULTY VACATIONS.

Where They Were and What They Did During the Summer.

As a rule, the members of the college faculty spend their vacations away from Meadville, but during the summer just past there has been more than the usual amount of traveling done by the Allegheny instructors.

President William H. Crawford sailed on July 13 for Europe, where he will spend a year in study and travel. At present he is in the northern part of England and Scotland. Meadville friends hear from him frequently.

Jonathan Hamnett, Professor Emeritus of Philosophy, spent the summer at his home in this city. He was present at the first chapel service of the year and visits the college frequently, thus proving that he is still interested in Allegheny. It is an interesting fact to note that he is just one year younger than the college, being ninety-four years of age.

Professor W. T. Dutton, who is Acting President while Dr. Crawford is away on Sabbatical leave, spent the summer at his home here. It is surmised that he considered himself bound to remain in this city as he is now a prominent member of the city council.

Professors Elliott, Ling, Akers and Snively have been at their homes in this city all summer. Dr. Snively has been busily engaged with the summer work of the college most of the time.

Professor Smith traveled through Ohio and New York during the hot months.

Professor Ross returned on August 1 from Europe, where he has been studying and traveling during the past year. Professor Ross visited many points of historic interest, including Italy and Greece.

Professor Lockwood left late in August for Europe where he expects to study and travel during the coming year. At the present time he is studying in Oxford and will be there for several months.

Professor Breed spent most of the summer in Boston where he was doing special research work in milk in the private laboratory of Prof. Prescott of the Massachusetts Institute of Technology.

Professor Mulfinger was in Chicago, Ill. for about half the summer, while the other half was spent here.

Professor Fraser, Dean of the Women, has been visiting her brother-in-law in Denver, Col.

Perhaps the greatest, most extensive and most beneficial trip was that taken by Professor Coburn. For many weeks he was traveling about Michigan, Minnesota, Iowa and other western states. He delivered many lectures and did much for the interests of Allegheny in the middle west.

Professor Lee has been doing chemical research work in New York University.

During the summer Prof. Brown, who is now in the English department of the Cleveland Normal Training School, was studying at the University of Chicago.

Miss Spalding, Instructor in Expression, spent most of the summer in this city.

Professor Hyskell left in August for Abingdon, Ill., where he has accepted a position as Professor of Greek and Latin in Hedding College.

Miss Rowley enjoyed a pleasant vacation in the Adirondacks.

Miss Edson, who has accepted a position as instructor in the science department in Meadville High School, has been at her home on North Main street during the summer.

Although Mr. Bave, of Cochran Hall, is not a member of the faculty it is interesting to note that he spent his summer at one of his favorite camping haunts on the St. John's River, N. Y.

NEW TERM SYSTEM AT ALDEN.

At a recent meeting of the Board of Trustees of Alden Academy, it was decided to abolish the term system there and let the semester system take its place. The main reason for this is to make the academy examinations correspond with those of the college. Hereafter a year's work in the Academy will be divided into two courses instead of three as was the case when the term system prevailed.

The latest report from the academy registrar shows that there are between 70 and 80 boys enrolled and no girls.

RALLY AT COCHRAN.

All of the college men eating at Cochran Commons assembled for an athletic rally Thursday evening after supper. W. A. Swick presided and after a brief explanation of the purpose of the meeting called for short talks. The responses were snappy and full of spirit to such a degree that the contagion was caught by all. Among those speaking were Firestone and Stockdale, of the 'varsity foot ball squad, as well as Hilborn, Litten, Hammon, Gould, Hillman and Chairman Swick, who closed the meeting with a call for a good "Alleghereu."

BLOCK "A" CLUB.

A meeting of the Block "A" Club is called for Tuesday at 1:30 P. M. All Block "A" men are requested to be present except those winning their "A's" in baseball or track last spring.

Miss Ethel Andrews, '08, is teaching English and History in Oil City.
