My dear Miss Tarbell:

I have just finished reading "All in the Day's Work", and I remain enthused and inspired! It is many a day since I have read anything quite so fine or so noteworthy - any story quite so exciting, so absorbing and so interesting! And all the while I was absorbing its fascinating details, you and your visit to Pittsburgh (many years ago) came to mind, and I am wondering if you recall addressing the Pittsburgh Section, National Council of Jewish Women, while I was its President, and whether you remember my escorting you through the Margaret Morrison

School of the Carnegie Institute of Technology at that time! To me, as your hostess for that day it has always remained a beautiful memory! I shall never forget your charming, forceful personality and your impressive address! Both were inspirational! And now may I ask if you would honor me, by giving me an autographed photograph of your very remarkable self, with a friendly salutation on it, that shall be a reminder of your never-to-be-forgotten visit to Pittsburgh at my behest. I would wish to place it in our library side by side with photographs of the late Dr. Henry C. Parker, Corinne Bageant Robinson, Anne Morgan, Felix Adler, Fanny Hurst, Mary Roberts Rinehart, Judith Anderson, Minnie Wadden Fiske and many other old acquaint-
