Mr. Nelson Greene's address is

5 West Street,
Fort Plain, New York.

The editor of the "Little Falls Times" is

Mr. John Crowley,
Little Falls, New York.

I spoke of the laying of the cornerstone in Van Hornesville on July 4, 1928. The following sentence is taken from a letter which Mr. Young wrote to his mother at that time. "I would like to get together all of my old teachers who are now living on the 4th in Van Hornesville." One of the articles placed in the cornerstone was a typewritten record of the correspondence from the time of the burning of the old schoolhouse. A copy of that record is in the apartment at 830 Park Avenue, in case you are interested in knowing more about that period.

Mr. A. M. Hollister of Corinth, New York, was the name which I tried to remember as being associated with the East Springfield Academy.

Last, and certainly not least, may I thank you for an extremely pleasant evening?

Miss Ida M. Tarbell,
120 East 19th Street,
New York City.

Sincerely yours,

Gertrude Chandler
