My dear Miss Laubell:

I am one day late -
but the stenographers found it took
longer than they had supposed -
I am sending the tables of each set
also, since certain answers are
expressed in figures or short state-
ments and here seemed to be no
necessity for making extracts from
them -

You will notice I have not given
you much on dept. store workers -
but we have so little I think we
are skating on thin ice in mentioning

them as a group at all -
if I have not given you what
you wanted for please let me
know - I could send you the
questionnaire themselves if you
found it necessary & have the
whole thing -

The typewritten material
I have copies of - but please
have the charts returned to
me -

I am beginning to be of your
opinion that the Home Companion
is the better magazine for the
article of -

Sincerely yours
Henrietta Kelly -
