

Muscoli 1 - Wake Forest 3/8/28
In ^{the morning} talking to you informally as I
propose to do this Sunday M. 22.
I should say that it is a talk
not an argument - I bring
you a personal experience of
5 mos in sleep in 1926
ended by trying to find out
that was my life & why
with certain reflections of
these experiences analyzed.
I bring you no conclusions
no comparisons between
murders & dictators etc.
I went to sleep as a result
to fill an order for 5000
and selling down meat &
I am now interested in

I went with reluctance
 believe as I am in danger
 in spite of its discouraging
 syllable - I had little health-
 ful study in despatch.
 Also I was warned on every
 hand that services of informa-
 tion were so sealed in secrecy
 that suspicion of prying
 was so great that I would
 go on a fool's errand.
 However that ^{in direct} was a challenge

Work in Paris.

Paris has been since M. came to power in 1922. Admitted for German refugees opposed to Russian.

Remember that in Nov 1922 Willi March in Rome came Nov. 4 2 1/2 years war ended. Germany & that war had gone on between the Communist. Serial - partly determined to say the Govt - & establish its dictatorship of the proletariat. & the party known as the fascist form in March 1919 with the object of preventing the Communist to establish a semi-Govt in

the family did their best -
to bring an equal number
of communists - the family.
The King was on top
& threatened to march on Rome
to establish a gov. strong &
stable. Instead of a 6-
week-kneed affair much
is responsible for the result.
The King saw that at last
a real leader fully stated
in his feelings - Ceyez &
Cey had come called King
in name to establish a pit -
& the Parliament gave him
plenary power &
