

July 13, 1920

Secretary of the
Historical Association of Indiana,
Indianapolis, Ind.

Dear Sir:

Will you kindly let me know what papers bearing directly on indirectly on the early life of Abraham Lincoln in Indiana have been published by your State Historical Association? I understand that there have been several. Could you let me have copies of the Reports containing these papers? I shall of course expect to pay for them.

I shall appreciate an early answer.

Very truly yours,
