March 5, 1936

Dear Mr. Mills:

I am returning herewith Dr. Tolley's letter.

I am sorry I cannot be at Meadville at the Board Meeting on March twenty third. I am going away in the morning and shall not be back until the twenty third or twenty fourth. That means I cannot get to Meadville and even if Dr. Tolley comes on I should not be here for a meeting of the Committee on Honorary Degrees. The list of candidates which he submits, suggested and approved by the faculty members seems to me very good. I am willing, of course, to abide by the majority decision.

We must have a tea as soon as the weather is a little more certain. March is not over with yet and if the cold thaw has anything in it we are in for another roaring time, so I think as you suggest in your note we better count on an April tea. Miss Yost will find out when Mr. Robertson is to be here, or will you do that?

Hoping you are going to have a satisfactory Board Meeting and regretting that I cannot be there, believe me

very sincerely

Lda M. Tarbell
