Albion Lyceum System,
Atlanta, Ga.

My dear Mr. Bridges:

I have wired you today that I cannot possibly fill the Montevallio engagement on the 19th and the Birmingham on the 22nd. It would take three extra days out of New York and I cannot spare that. The Birmingham people telegraphed me that the 22nd is their only possible day so I have wired them that I will be there according to our former arrangement and that I am cancelling the Montevallio engagement. I am sorry not to be able to oblige you in this matter, but my engagements are such that it is out of the question.

Very sincerely yours,

INT BAK.
