Very dear Miss Tarbell
 Is there any way in which
 you could suggest help in forming a
 branch of our Association in ~~Bridgeport~~ Redding?
 We have a splendid enrollment from the
 State as a whole, but we need 'backing'
 for the Representatives in some of the
 several towns. Do you know of any
 influential woman who is interested
 in our side of the question, and can you
 tell us how to approach her. I cannot tell

you how grateful we should be for any help
that you can give us. We find every-
where such ready support. Now the matter
is presented, that I feel we ought to make
every effort to reach all over the state with
our propaganda. We could easily arrange to
have Misses Lucy J. Price speak there, any time
after February 15th, or we could send a car-
-rider from house to house. Sometimes one
method goes better, and sometimes another.

May pardon this encroachment on your
time, and believe me,

Very sincerely yours,

Marion D. Terry

(Miss A.H.) Chairman for
Fairfield County.
