Dear Mr. Conant:

Here are the proofs of
Number III.

I have the material that
I need for the present form of the
Security Bill. Mr. Graham of the
Equitable gave it to me. They have an
expert on Social Security and he has the
Bill up to date which is more than the
copy from Senator Wagner will be I
suspect.

If you will send me back
the copy of the article Number IV I will
revise the last pages according to this
latest information. Also if Mr. Mayes
wants the article cut as I very well think
he may let me know the number of words.
Should it be strictly two thousand?

Number V follows naturally
I think in the series Health - what we
have invested in it up to date in the way
of insurance, hospitals, reviewing of course
certain work by industries and then taking
up the government's schemes for health
insurance. Is this all right?

Very sincerely

Mr. Lawrence Conant
