Mr. Paul R. Reynolds
599 Fifth Avenue
New York City

Dear Mr. Reynolds:

I came back Friday and found on my desk a letter from Mr. Graeve about the Prohibition article which I had mailed him so that it might be in his hands by the first as was understood..

He seems to like it - wrote me that he thought it was splendid. He said that the check would go to you which of course is the proper procedure.

I think you ought to take out of that check your fee for examining Mr. Graves' articles. I think you are right about their not being publishable, but I wanted to get a professional opinion; and as you have given it and as I am able to pass it on my old friend, let me pay the fee.

I am at the Smith article and expect to have it in by the 15th.

Sincerely yours
