New York City.

Dear Miss Tarball:

No doubt you have by this time returned to New York and I sincerely hope that you have had a pleasant trip through Florida. We have had some delightful weather since you left and our trees and vines look nice. I am particularly interested in being able to ship to you blueberries and grapes as soon as they ripen so that if you will let me know your address around the middle of May, you can look for some of these products coming from our property.

Please feel free to call on Colonel White, 17 East 42nd St., who will be glad to keep you advised of our development.

Very truly yours,
