My dear Miss Tarbell:

I have read with great interest your article in Collier's of September 15, entitled "Why Smith Gets My Vote". I think this is a splendid article. I would like very much to be allowed to use it for general distribution through Dade County and perhaps other counties in Florida. I have written Collier's and asked for their permission to do this and I trust it will be agreeable to both them and yourself for us to have eight or ten thousand of this article run off on the press for general distribution in Dade County and perhaps the rest of Florida. We are confronted with rather a serious situation down here. The Republicans are making a real effort to obtain control of affairs and it is going to require considerable hard work to keep Dade County Democratic.

Thanking you in advance for any courtesy you show us in regard to your article, I beg to remain

Cordially yours,

S. J. BARCO,
