de,

Dear Ida Tarbell,

In my file I am not
able to keep in touch with
all friends but a bulletin
from the City has just in-
formed me of your 80th
birth-day. I can't believe it but
I write to congratulate you on
the good health which every
day you enjoy. I wish I could
have been at your "party."
You and I have travelled along
parallel paths for a long time
and I like to think of you
sipping forward three generations
of me. I am uncommonly well and
Zola is better than she has been
for several years. She joins
me in best wishes. Happy
Good wishes. If you come to
California, let us know. —
Your faithful admirer,
Hauke Garland
