Miss Ida M. Tarbell ^{mail her}

Knowing you to be an ^{excellent} authority on Lincoln's history I am sending you this clipping, that appeared in the "Pittsburgh Press", Pittsburgh Penna, Feb. 11th 38

In your research no doubt you know as much about Mr. H. Herodotus papers as Emanuel Hertz and Prof. Herricot do.

I will make no comments except does "Freedom of the Press" include reviewing a book for the enlightenment of the public especially when no price is mentioned in the announcing?

I do not want to trouble you, but should you have ready knowledge on these comments to the contrary would you send an article to the paper mentioned as your name means much?

Sincerely
Mrs. Chas. H. Beisel
