Dear Ma:

At the risk of seeming prolix
with postage for me day. But as
a matter of confirming an idle
thought. at the same ^{time} reason
of oscillating a little phenomenon
in my treatise on the tariff add
after "Wm 'Happy' Taft" the words
"and it did"! This literary
chunk of mine is ruining ^{me} I was
writing poetry on the street
car coming up. as a part of my
Chauncey Depew Stuart at the
Wall Paper dinner. Malden - 3/19.
Subject selected by myself (alone)
"On the Border". and I expect
to seeing "Progress" in them
if they don't swab me with
their pants pot. Love me
