Dear Mr. McSpadden:

Thank you for your kindness in writing me that you like "All in the Day's Work." I would hardly expect you in your busy life to find time for it, but I am pleased that you have done so.

I guess I am in for that book about Life After Eighty. People are asking me when it is to be ready. I have it in mind, but little on paper. However, that will come if I hold out.

I have not seen "Mr. Smith goes to Washington" but your recommendation stirs my interest. I'll try to see it.

Thanking you again for your letter and your good wishes, believe me

Very sincerely yours

Mr. J. W. McSpadden
