

July 25, 1930

Dear Elisabeth:

I have your note about Amelia Earhart's candidacy for the Pictorial Review award. I'm one of the judges and have been from the start, so of course I cannot write the letter that you ask. Do see that she sends in the fullest possible records of achievement. All of these things come eventually to the judges of course.

I hope you are well and that you have been having none of the fiendish heat that New York has had. However, after your experience two weeks ago in Texas, I suppose anything that happens here is a bagatelle to you. Take care of yourself.

Affectionately,

Miss Elisabeth Marbury,
R. F. D. 1,
Mt. Vernon, Me.
